

CFR 71.1. The Class E airspace designation listed in this document will be published in the Order.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) provides controlled Class E airspace extending upward from 700 feet above the surface for aircraft conducting IFR operations into Spitfire Aerodrome, Pedricktown, NJ.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

NASA Grant and Cooperative Agreement Handbook—Synopsis Requirements

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: This final rule amends the NASA Grant and Cooperative Agreement Handbook (Handbook) by requiring that all NASA announcements of grant and cooperative agreement funding opportunities be electronically posted to: <http://www.Fedgrants.gov>, using a standard set of data elements, no later than three business days after release of the full announcement. This change implements Office of Management and Budget (OMB) policy directive: "Use of Grants.Gov FIND."

EFFECTIVE DATE: February 3, 2004.

FOR FURTHER INFORMATION CONTACT:

Suzan P. Moody, NASA Headquarters, Code HK, Washington, DC, (202) 358–0503, e-mail: Suzan.P.Moody@nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

On October 8, 2003, the Office of Management and Budget (OMB) issued policy directive: "Use of Grants.Gov FIND", requiring Federal agencies to use the Grants.gov FIND module of the Grants.gov program to electronically post synopses of grant and cooperative agreement funding opportunities. This policy directive includes a government-wide standard set of data elements to be used by Federal agencies when posting synopses to <http://www.Grants.gov>. The purpose of the Grants.gov FIND module is to provide potential applicants with (1) enough information about any opportunity to decide whether they are interested in viewing the full announcement; (2) information on one or more ways to obtain the full announcements; and (3) one common Web site for all Federal grant opportunities searchable by key word, date, Catalog of Federal Domestic Assistance (CFDA) number or specific agency name. This final rule implements the synopses requirements of the OMB policy directive.

This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the changes do not impose requirements on these entities. The changes only apply to field personnel within NASA.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this final rule does not impose any new recordkeeping or information collection requirements, or collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

PART 1260—GRANTS AND COOPERATIVE AGREEMENTS

■ 1. The authority citation for 14 CFR part 1260 continues to read as follows:

Authority: 42 U.S.C. 2473(c)(1), and Pub. L. 97–258, 96 Stat. 1003 (31 U.S.C. 6301, *et seq.*).

■ 2. Add section 1260.9 to read as follows:

§ 1260.9 Synopses requirements.

(a) All announcements of grant and cooperative agreement funding opportunities shall be synopsized. Synopses shall be prepared in the NASA Acquisition Internet Service (NAIS), located at: <http://prod.nais.nasa.gov/cgi-bin/nais/index.cgi>; by using the Electronic Posting System (EPS), and transmitted to <http://www.Fedgrants.gov>. Synopses shall be electronically posted to: <http://www.Fedgrants.gov> no later than three business days after release of the full announcement. All synopses shall include instructions regarding where to obtain the full announcement for the opportunity.

(b) This requirement applies to all announcements of grant and cooperative agreement funding opportunities with the following exceptions:

(1) Announcements of opportunities for awards less than \$25,000 for which 100 percent of eligible applicants live outside of the United States.

(2) Single source announcements of opportunities that are specifically directed to a known recipient.

NASA Grant and Cooperative Agreement Handbook—Property Reporting

AGENCY: National Aeronautics and Space Administration.

ACTION: Interim rule.

SUMMARY: This interim rule amends the NASA Grant and Cooperative Agreement Handbook to require earlier submission of annual property inventory reports. This will allow NASA to meet the revised Agency financial statement completion date.

DATES: Effective Date: This interim rule is effective February 3, 2004.

Comment Date: Comments should be submitted to NASA at the address below on or before April 5, 2004.

ADDRESSES: Interested parties should submit written comments to Paul Brundage, NASA Headquarters, Office of Procurement, Contract Management Division (Code HK), Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Paul Brundage, Code HK, (202) 358–0481, e-mail: paul.d.brundage@nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

The Office of Management and Budget has required NASA to complete its annual financial statements sooner. Since recipients maintain NASA's official records for its assets in their possession, NASA uses the data contained in recipients' reports for annual financial statements and property management. As a result, NASA is changing the date for submission of annual Inventory Reports from October 31st to October 15th of each year.

B. Regulatory Flexibility Act

NASA certifies that this interim rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because it requires no additional work.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this interim rule does not impose any new recordkeeping or information collection requirements, or collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management (OMB) and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination to Issue an Interim Rule

In accordance with 41 U.S.C. 418(d), NASA has determined that urgent and compelling reasons exist to promulgate this interim rule. The basis for this determination is that this change incorporates into the Handbook NASA's class deviation issued on September 4, 2003, in NASA's Grant Information Circular (GIC) 03–01 for accelerated property reporting. Public comments received in response to this interim rule will be considered in the formation of the final rule.
