#### Discussion

On December 23, 2003, the CVCC  
wrote to Marion C. Blakey, FAA  
Administrator, and attached a Voluntary  
Best Practices Agreement Regarding the  
Potential for Electromagnetic  
Interference Upon FAA Facilities (Best  
Practices Agreement). The CVCC is a  
coalition of wireless carriers, tower  
companies, and trade associations that  
currently own or manage a majority of  
the radio towers throughout the United  
States. The FAA is reviewing the  
submitted Best Practices Agreement and  
will consider all submitted comments in  
determining whether any changes are  
warranted to current FAA notification  
policies with respect to co-location of  
antenna systems, for certain designated  
frequencies, that are within one nautical  
mile of FAA facilities.

Issued in Washington, DC, on January 29,  
2004.

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act \* \* \*; and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Texas program effective February 16, 1980. You can find background information on the Texas program, including the Secretary's findings, the disposition of comments, and the conditions of approval of the Texas program in the February 27, 1980, **Federal Register** (45 FR 12998).
