

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50182; File No. SR-DTC-2004-05]

### Self-Regulatory Organizations; the Depository Trust Company; Order Granting Approval of Proposed Rule Change Relating to the Look-Ahead Process

August 11, 2004.

On May 7, 2004, the Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") proposed rule change File No. SR-DTC-2004-05 pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act").<sup>1</sup> Notice of the proposed rule change was published in the **Federal Register** on July 2, 2004.<sup>2</sup> No comment letters were received. For the reasons discussed below, the Commission is now granting approval of the proposed rule change.

#### I. Description

The purpose of this filing is to allow DTC to expand the application and extend the benefits of its Look-Ahead process to all equity transactions, all valued pledge transactions, and all valued release transactions.<sup>3</sup> DTC's Look-Ahead process is designed to reduce transaction settlement blockage. Currently, it is available only for municipal and corporate debt transactions.<sup>4</sup> The Look-Ahead processing system reduces transaction settlement blockage by identifying a receive transaction pending due to a net debit cap insufficiency and determines whether there is an offsetting delivery transaction in the same security that is pending because of a quantity deficiency. The system calculates the net effect of the offsetting transactions in the accounts of the three participants involved. If the net effect of the offsetting transactions is that each of the three accounts is in compliance with DTC's risk management systems controls, the transactions will be completed.

As a result of the Look-Ahead process reducing transaction settlement blockages in municipal and corporate debt transactions, DTC participants have experienced improved timeliness of completion of transactions in the system, increased trade certainty, and

improved straight-through processing. DTC intends to extend the benefits and to expand the application of its Look-Ahead process to all equity transactions, all valued pledge transactions, and all valued release in the third quarter of 2004.

#### II. Discussion

Section 17A(b)(3)(F)<sup>5</sup> of the Act requires that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions. By expanding the securities to which its Look-Ahead process will be applied, the proposed rule change should reduce the number of blocked transactions at DTC. As such, the proposed rule change is consistent with DTC's statutory obligation to promote the prompt and accurate clearance and settlement of securities transactions.

#### III. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular section 17A of the Act and the rules and regulations thereunder.

*It is therefore ordered*, pursuant to section 19(b)(2) of the Act,<sup>6</sup> that the proposed rule change (File No. SR-DTC-2004-05) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.<sup>7</sup>

*Deputy Secretary.*

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

Currently, no initial inclusion requirements relating to share price or market value of publicly held shares are applicable to non-Canadian foreign issuers seeking to list on the Nasdaq SmallCap Market. By contrast, domestic issuers must have a bid price of at least \$4 and a market value of publicly held shares of at least \$5,000,000 for initial listing. Nasdaq proposes to amend Rule 4320 to apply these same initial inclusion requirements to non-Canadian foreign issuers.

#### 2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,<sup>4</sup> in general, and with Section 15A(b)(6) of the Act,<sup>5</sup> in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, and to protect investors and the public interest. As previously mentioned, Nasdaq is proposing this rule change to apply the same, heightened quantitative initial inclusion standards upon non-Canadian foreign issuers that currently apply to domestic and Canadian issuers.

### B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.
