BILLING CODE 4160-01-S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Evaluation for Ecstasy, Other Club Drugs, Methamphetamine, and Inhalants Prevention Initiative—NEW

SAMHSA's Center for Substance Abuse Prevention (CSAP) under the Substance Abuse and Mental Health Services Administration (SAMHSA) will request OMB approval for two new instruments: the Targeted Capacity Expansion and Process Measure Questionnaire (TCEPMQ), and the Direct Service Intervention Dosage Data Form (DSIDDF). These instruments will be used to conduct an evaluation of capacity building, process, and project level dosage for the Ecstasy, Other Club Drugs, Methamphetamine, and Inhalant Prevention Initiative (the Initiative). These instruments will permit the grantee sites to report data about their progress in conducting targeted capacity expansion and in delivering direct service interventions.

The TCEPMQ and the DSIDDF are instruments designed to capture project level information. The TCEPMQ captures information from the projects about their project implementation and whether the project is being implemented as planned; the types of needs assessments conducted and the findings of the needs assessments; measures of awareness of Ecstasy, other club drug, methamphetamine and inhalant problems and openness to prevention efforts; measures of the projects' relationship-building activities, such as who they collaborate with, how often, and the effectiveness of these relationships; measures of their work to improve organizational and community resources; measures of contextual factors that may affect their planned activities; and a description of the effect of their capacity building activities on

the community. The TECPMQ contains a total of 41 questions, 20 of which have closed-ended responses, and 21 of which require open-ended narrative responses.

The DSIDDF is designed to collect information about the projects' implementation of evidence-based prevention programs and any changes they made to the programs. The instrument also captures information about program dosage and fidelity to the model. The DSIDDF contains a total of 10 questions, 7 of which have closed-ended responses and 3 of which have open-ended, narrative responses. By collecting this information, CSAP will be able to assess the projects' progress in implementing targeted capacity expansion within the funded communities.

These electronic, standard instruments will facilitate accurate and appropriate data collection and will ensure that consistent data are collected from all projects. The practical utility of using such standard instruments is much higher than relying on narrative reports, allowing for immediate analysis and prompt technical assistance to sites experiencing program difficulties.

The estimated time needed to complete the TCEPMQ is 3.75 hours and 2 hours for the DSIDDF. After the projects have completed their first submission of these instruments, there data will be pre-filled, which will further reduce the time burden on the respondents for the next three quarterly submission. By providing pre-filled responses, respondents will only need to provide information for those questions in which their responses have changed. The annual burden estimates for this activity are shown below:

Instrument	Number of respondents		Estimated quarterly respondent burden (by hour)				Total annual hourly respondent burden (total number of burden hours for all respondents)
	Ecstasy and other club drugs	Methamphetamine and inhalants	Quarter 1	Quarter 2	Quarter 3	Quarter 4	
TCEPMQ	12	20	*3.75	2	2	2	9.75 (312)
DSIDDF	11	19	2	.5	.5	.5	3.5 (105)
Totals	12	20	5.75	2.4	2.5	2.5	13.25 (417)

* This includes one hour extra for projects to read the related Administration Guide the first time only.

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received by October 18, 2004.

Dated: August 6, 2004.

Anna Marsh,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-M

DEPARTMENT OF THE INTERIOR

Geological Survey

Scientific Earthquake Studies Advisory Committee

AGENCY: U.S. Geological Survey.

ACTION: Notice of meeting.

SUMMARY: Pursuant to Public Law 106–503, the Scientific Earthquake Studies Advisory Committee (SESAC) will hold its eighth meeting. The meeting location is the Teton Mountain Lodge, 3385 West Village Drive, Teton Village, Wyoming 83025. The Committee is comprised of members from academia, industry, and State government. The Committee shall advise the Director of the U.S. Geological Survey (USGS) on matters relating to the USGS's participation in the National Earthquake Hazards Reduction Program.

The Committee will review the overall direction of the U.S. Geological Survey's Earthquake Hazards Program with emphasis on activities in the U.S. Intermountain West region.

Meetings of the Scientific Earthquake Studies Advisory Committee are open to the public.

DATES: Session commencing at 8 a.m. on September 13, 2004, and adjourning at 5:00 p.m. on September 14, 2004.

FOR FURTHER INFORMATION CONTACT: Dr. David Applegate, U.S. Geological Survey, MS 905, 12201 Sunrise Valley Drive, Reston, Virginia 20192, (703) 648–6714.

Dated: August 5, 2004.

P. Patrick Leahy,

Associate Director for Geology.

BILLING CODE 4310–Y7–M

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[WY–957–04–1910–BJ–5BPA]

Notice of Filing of Plats of Survey, Nebraska

SUMMARY: The Bureau of Land Management (BLM) is scheduled to file the plats of surveys of the lands described below thirty (30) calendar days from the date of this publication in the BLM Wyoming State Office, Cheyenne, Wyoming.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, 5353 Yellowstone Road, PO Box 1828, Cheyenne, Wyoming 82003.

SUPPLEMENTARY INFORMATION: These surveys were executed at the request of the Bureau of Indian Affairs and are necessary for the management of these lands. The lands surveyed are: The plat and field notes representing the dependent resurvey of portions of the subdivisional lines and subdivision of section lines, and the survey of the subdivision of section 34, Township 26

North, Range 9 East, Sixth Principal Meridian, Nebraska, was accepted August 12, 2004.

Copies of the preceding described plat and field notes are available to the public at a cost of \$1.10 per page.

Dated: August 13, 2004.

John P. Lee,

Chief Cadastral Surveyor, Division of Support Services.

DEPARTMENT OF THE INTERIOR**Minerals Management Service****Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request**

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of two currently approved information

collections (OMB Control Numbers 1010–0018 and 1010–0039).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB for review and approval two information collection requests (ICRs) entitled “Form MMS–126, Well Potential Test Report (WPT)” and “Form MMS–127, Sensitive Reservoir Information Report (SRI).” This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements.

DATES: Submit written comments by September 20, 2004.

ADDRESSES: You may submit comments either by fax (202) 395–6566 or email (*OIRA_DOCKET@omb.eop.gov*) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010–0018 or 1010–0039). Mail or hand carry a copy of your comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170–4817. If you wish to email your comments to MMS, the address is: *rules.comments@mms.gov*. Reference Information Collection 1010–0018 or 1010–0039 in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT: Arlene Bajusz, Rules Processing Team, (703) 787–1600. You may also contact Arlene Bajusz to obtain a copy, at no cost, of forms MMS–126 and MMS–127.

SUPPLEMENTARY INFORMATION:

Titles and OMB Control Numbers: Form MMS–126, Well Potential Test Report (WPT), 1010–0039.

Form MMS–127, Sensitive Reservoir Information Report (SRI), 1010–0018.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and
