

certified its application with respect to the completeness of the KALW(FM) public inspection file and the effect thereof on its qualifications to be a Commission licensee.

2. To determine whether San Francisco Unified School District made misrepresentations of fact or was lacking in candor and/or violated Section 73.1015 of the Commission's Rules with regard to its certification in the subject license renewal application that it had placed in the KALW(FM) public inspection file at the appropriate times the documentation required by Section 73.3527, and the effect thereof on its qualifications to be a Commission licensee.

3. To determine, in light of the evidence adduced pursuant to the specified issues, if the captioned application for renewal of license for station KALW(FM) should be granted.

4. Additionally, Golden Gate Public Radio argued that the licensee SFUSD falsely certified that it complied with the Commission Equal Employment Opportunity requirements in effect at the time the renewal application was filed. The Commission Equal Employment Opportunity program requirements at issue in this case were declared unconstitutional by the Court of Appeals for the District of Columbia Circuit in 1998. Nevertheless, those requirements were in effect during the KALW(FM) license term here, as well as when the subject renewal application was filed, and applicants are not excused from accurately representing their compliance with those rules by their subsequent invalidation. The Commission found that there may have been minor deficiencies in the dissemination of San Francisco Unified School District's Equal Employment Opportunity program during the subject license term, and thus its representations in the KALW(FM) renewal application regarding the station's compliance with the Commission's Equal Employment Opportunity rules and policies appeared to be incorrect. The Commission finds, however, that the evidence presented by Golden Gate Public Radio and the record as a whole are insufficient to raise a substantial and material question as to whether San Francisco Unified School District intended to deceive the Commission by making a false certification regarding its compliance with the Commission's then-existing Equal Employment Opportunity rules. The Commission nevertheless cautioned the licensee that it should exercise more care in the future to ensure that the information it submits to the Commission is accurate, because a false

statement, even absent an intent to deceive, may constitute a violation of 47 CFR 1.17.

5. Copies of this Order, are to be sent by certified mail, return receipt requested, to the parties and counsel. To avail themselves of the opportunity to be heard, Golden Gate Public Radio and San Francisco Unified School District to 47 CFR 1.221, in person or by their respective attorneys, must within twenty (20) days of the mailing of the Order, file in triplicate a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this Order. San Francisco Unified School District pursuant to 47 CFR 73.3594, shall give notice of the hearing within the time and in the manner prescribed in 47 CFR 73.3594, and shall advise the Commission of the publication of such notice as required by 47 CFR 73.3594(g).
