

is to teach graduate-level instructor courses, which provide advanced training in weapons and tactics employment to officers of the combat air forces. The beddown would occur in phases between the years 2009 and 2028. The proposed action would also include facility construction on Nellis

AFB to be accomplished over a 3-year period, beginning in fiscal year 2007. The Air Force will consider all environmental issues supporting the beddown, however, the Air Force has currently identified air quality and noise as issues requiring detailed analysis.

The Air Force will host a series of scoping meetings to receive public input on alternatives, concerns, and issues to be addressed in the EIS. The schedule and locations of the scoping meetings are as follows:

Monday, September 13, 2004	Carson City Plaza Hotel, 801 S. Carson Street.
Tuesday, September 14, 2004	Alamo, Lincoln County Annex, 100 South First West Street.
Wednesday, September 15, 2004	Pioche, Pioche Town Hall, Hinman and Main Streets.
Thursday, September 16, 2004	Pahrump Bob Ruud Community Center, 150 N. Highway 160—Room B.
Friday, September 17, 2004	Las Vegas, Hollywood Recreation Center 1650, S. Hollywood.

The Air Force will accept comments at any time during the environmental analysis process. However, to ensure the Air Force has sufficient time to consider public input in the preparation of the Draft EIS, comments should be submitted to the address below by October 1, 2004.
