On June 25, 2004, CITA solicited public comments regarding this petition (69 FR), particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. On July 13, 2004, CITA and the Office of the U.S. Trade Representative offered to hold consultations with the relevant Congressional committees. We also requested the advice of the U.S. International Trade Commission and the relevant Industry Trade Advisory Committees.

Based on the information provided, including review of the petition, public comments and advice received, and our knowledge of the industry, CITA has determined that certain dyed, two way stretch twill woven fabric, described above, classified in HTSUS subheading 5515.11.0040, for use in apparel articles, can be supplied by the domestic industry in commercial quantities in a timely manner. Pressman-Gutman's request is denied.

Chairman, Committee for the Implementation of Textile Agreements.
