

WIC states that these tariff sheets are filed to revise references to marketing affiliates and electronic bulletin board (EBB) posting requirements in conformance with the Commission's Order No. 2004.

WIC states that copies of its filing have been sent to all firm customers, interruptible customers, and affected state commissions.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of § 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2100-119 California]

California Department of Water Resources; Notice of Availability of Final Environmental Assessment

August 19, 2004.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission or FERC) regulations (18 CFR Part 380), the Commission staff reviewed an application for amendment to the approved recreation plan for the Feather River Project (FERC Project No. 2100) and prepared a final environmental assessment (FEA) on the application. The project is located on the Feather River in Butte County, California, near the city of Oroville.

Specifically, the project licensee, the California Department of Water Resources, requested that the Commission amend the approved recreation plan for the project to allow shared use of certain recreational trails within the project boundaries. In the FEA, the Commission staff analyzes the probable environmental effects of the proposed amendment and concludes that the proposal should not be approved at this time.

The FEA is attached to a Commission order titled "Order Denying Request to Amend Recreation Plan," which was issued August 17, 2004, and is available for review in the Commission's Public Reference Room located at 888 First Street, NE., Room 2A, Washington, DC 20426. The FEA also may be viewed on the Commission's website (<http://www.ferc.gov>) using the "eLibrary" link. Additional information about the project is available from the Commission's Office of External Affairs, at (202) 502-8004. You may register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact

FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, (202) 502-8659.

Any comments on the FEA should be filed within 30 days of the date of this notice and should be addressed to Magalie Roman Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please reference "Feather River Project, FERC Project No. 2100-119" on all comments. Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the eFiling link.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2090-003]

Green Mountain Power Corporation; Notice of Availability of Environmental Assessment

August 20, 2004.

In accordance with the National Environmental Policy Act of 1969 and part 380 of the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380; FERC Order No. 486 and 52 FR 47,897, the Office of Energy Projects Staff (staff) reviewed the application for a new license for the Waterbury Hydroelectric Project, located on the Little River in the town of Waterbury in Washington County, Vermont, and prepared an environmental assessment (EA) for the project. The project does not use or occupy any federal facilities or lands.

In this EA, the staff analyzes the potential environmental effects of the existing project and concludes that licensing the project, with staff's recommended measures, would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link.
