SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50279; File No. SR-DTC-2004-08]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Investor's Voluntary Redemptions and Sales Service

August 27, 2004.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on August 2, 2004, The Depository Trust Company ("DTC") filed a proposed rule change with the Securities and Exchange Commission ("Commission") as described in Items I, II, and III below, which Items have been prepared primarily by DTC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change will enhance DTC's Investor's Voluntary Redemptions and Sales ("IVORS") service to allow for the communication and processing of unit investment trust ("UIT") rollover instructions.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.²

¹ 15 U.S.C. 78s(b)(1).

² The Commission has modified the text of the summaries prepared by DTC.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

Prior to this rule change, DTC participants holding expired UITs could only redeem such assets for cash or receive securities by book-entry and sell back to the UIT's sponsor in exchange for a cash payment.³ The flow of instructions and confirmations typically occurs outside DTC using faxes or e-mails between the participant and the sponsor or sponsor's agent. Settlement of the transaction was usually accomplished by the submission of deposit/withdrawal at custodian ("DWAC") instructions. This process was very manual and labor intensive and exposed participants, agents, and sponsors to risk and expense.

Under this proposed rule change, DTC will enhance its IVORS service to allow participants to rollover their current UIT into any of up to ten new UITs that the transfer agent or sponsor may have designated as being eligible for the rollover. Under the new procedures, the UIT transfer agent or sponsor will announce the details of an eligible UIT rollover using IVORS. Once announced, DTC will create a new communication code that will include the deadline for submitting rollover instructions thereby enabling participants to submit rollover instructions to their current UIT.

As with the current IVORS redemption function, prior to the transaction settlement date of the transaction, the transfer agent or sponsor enters the settlement details into IVORS. In the case of rollovers, these details will include the redemption price of the surrendered UIT, any accrued dividends that are payable, the purchase price of the new UIT, and any concession fee that may be payable. On settlement date, IVORS processes the necessary entries to debit the surrendered UITs and credit participants with the new UITs and any associated cash-in-lieu or other payments. All of this is accomplished within the IVORS system, eliminating the need to process faxed instructions and DWAC entries.

DTC's proposed rule is designed to eliminate unnecessary certificate movements, reduce and simplify cash movements, and synchronize the decisions of all parties involved in the rollover of UITs. The proposed rule

³ Upon maturity (and in some cases earlier), most UITs allow a shareholder to take the redemption value of their holding and roll it over into a new series of UITs. These instructions are submitted prior to the deadline established by the transfer agent or sponsor.

change is consistent with the requirements of Section 17A of the Act and the rules and the regulations thereunder applicable to DTC in that it promotes efficiencies in the prompt and accurate clearance and settlement of securities transactions.

B. Self-Regulatory Organization's Statement on Burden on Competition

DTC does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

DTC has not solicited nor received written comments on the proposed rule change. DTC will inform the Commission of any written comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)⁴ of the Act and Rule 19b-4(f)(4)⁵ thereunder because it effects a change in an existing service of DTC that does not adversely affect the safeguarding of securities or funds in DTC's control or for which DTC is responsible and does not significantly affect DTC's or its participants' respective rights or obligations. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

[Release No. 34-50294; File No. SR-MSRB-2004-02]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Order Approving Proposed Rule Change Relating to Amendments to the MSRB's Rule G-12(f) on Automated Comparison and G-14 on Transaction Reporting, and to the Implementation of a Facility for Real-Time Transaction Reporting and Price Dissemination

August 31, 2004.

On June 2, 2004, the Municipal Securities Rulemaking Board ("MSRB" or "Board"), filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change relating to the MSRB's implementation of real-time transaction reporting and price dissemination. The proposed rule change was published for comment in the **Federal Register** on June 29, 2004.³ The Commission received one comment letter on the proposal.⁴ This order approves the proposed rule change.

I. Description of the Proposed Rule Change

The MSRB's proposed rule change relates to Rule G-12(f), on automated comparison, Rule G-14, on transaction reporting, and the implementation of a facility for real-time transaction reporting and price dissemination (the "Real-Time Transaction Reporting System" or "RTRS"). The purpose of the proposed rule change is to increase transparency in the municipal securities market and to enhance the surveillance database and audit trail of transaction data used by enforcement agencies. The proposed rule change to Rule G-14 would require brokers, dealers, and municipal securities dealers ("dealers") to report transactions in municipal securities to RTRS within 15 minutes of the time of trade execution instead of by midnight on trade date, as is currently required. Upon receipt of this transaction data, RTRS would immediately perform automated error
