In this mission, the WTB has a "help desk" that answers questions related to these systems as well as resetting and/or issuing user passwords for access to these systems. Currently, people call the WTB Support Center, submit requests for help via free-form emails, or submit requests via a form on the FCC Web site (<http://esupport.fcc.gov/request.htm>). This submission is a revision of this form to replace all free-form emails by collecting the information required by the WTB to answer and process these requests for support. Specifically, this collection is revised to increase the target audience to include inquiries received through the Bureau's call center and Web site email address. The form will collect contact information to follow up on the request if more information is needed and will facilitate processing requests. This form will also electronically categorize requests to allow for more efficient skill routing internally and continuing streamlining processes within the Commission. This will increase the speed of disposal of these requests.

Federal Communications Commission.

Secretary.
