#### Fisheries Off West Coast States and in the Western Pacific; Western Pacific Pelagic Fisheries; Public Hearing on Draft Environmental Impact Statement

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public hearing.

**SUMMARY:** The Pacific Islands Regional Office of NMFS, in coordination with the Western Pacific Fishery Management Council, will hold a public hearing in Honolulu, HI, to receive comments on a draft environmental impact statement (DEIS) for management measures being considered for the domestic pelagic fisheries in the Pacific Ocean. The DEIS describes and assesses the likely environmental impacts of a range of alternatives for two fishery management actions. The first action is aimed at cost-effectively reducing the potentially harmful effects of fishing by Hawaii-based longline vessels on seabirds. The second is aimed at establishing an effective management framework for pelagic squid fisheries in the Pacific, including fishing activities within the exclusive economic zone of the U.S. and on the high seas. The first action would be taken through the Fishery Management Plan for the Pelagic Fisheries of the Western Pacific Region (FMP), under

the authority of the Magnuson-Stevens Fishery Conservation and Management Act. The second action would be taken both through the FMP and under the authority of the High Seas Fishing Compliance Act.

### Patent and Trademark Office

#### Submission for OMB Review; Comment Request

**AGENCY:** United States Patent and Trademark Office (USPTO).

The United States Patent and Trademark Office (USPTO) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

**Title:** Trademark Processing (proposed addition of seven new TEAS Forms).

**Form Number(s):** PTO Forms 2194, 2195, 2196, 2197, 2200, 2201, and 2202. These forms will be added to those that are currently approved for this collection: PTO Form 4.8, 4.9, 4.16, 1478, 1478(a), 1553, 1581, 1583, 1963, 2000, and PTO/TM/4.16 and 1583.

**Agency Approval Number:** 0651-0009.

**Type of Request:** Revision of a currently approved collection.

**Burden:** 154,483 hours.

**Number of Respondents:** 762,701 responses.

**Avg. Hours Per Response:**

Approximately 3 to 12 minutes, depending on the form. The USPTO estimates that it takes approximately 3 minutes (0.05 hours) to complete the requests for deletion of the § 1(b) basis from an intent to use application, the change of owner's address form, and the express abandonment of the application and submit them electronically through the Trademark Electronic Application System (TEAS). The USPTO estimates that it takes approximately 5 minutes (0.08 hours) to complete the petitions to revive and the revocation and appointment of attorneys, and 12 minutes (0.20 hours) to complete the withdrawals as the attorney of record and submit them electronically through TEAS. The USPTO estimates that it takes 6 minutes (0.10 hours) to complete the revocation and appointment of attorney, and 12 minutes (0.20 hours) to complete the petitions to revive and mail them to the USPTO. This includes the time to gather the necessary information, prepare the petitions, requests, and other associated forms, and submit them to the USPTO.

**Needs and Uses:** The USPTO is developing seven forms that will allow applicants to submit certain petitions, requests, revocations, and change of address forms electronically through TEAS. When the USPTO deploys these forms, applicants will be able to petition the USPTO to revive an abandoned application; to appoint or revoke a power of attorney; to request that the USPTO delete a § 1(b) filing basis from an intent to use application; to request permission to withdraw as the attorney of record; and to request the withdrawal of an application. Applicants and

registrants will also be able to change their address. The USPTO uses the information submitted electronically through these forms to revive abandoned applications, to process appointments, revocations, and withdrawals of attorneys and applications, to amend the filing basis for an intent to use application, and to change owners' addresses at their request. Use of these forms ensures that the USPTO receives all of the information needed to process the trademark applications electronically through TEAS. These forms will be added to those currently approved under OMB Control Number 0651-0009 Trademark Processing.

**Affected Public:** Business or other for-profit, individuals or households, not-for-profit institutions, farms, Federal Government, and State, local, or tribal government.

**Frequency:** On occasion.

**Respondent's Obligation:** Required to obtain or retain benefits.

**OMB Desk Officer:** David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by any of the following methods:

- **E-mail:** Susan.Brown@uspto.gov.

Include "0651-0009 Trademark Processing (Addition of Seven New TEAS Forms) copy request" in the subject line of the message.

**SUPPLEMENTARY INFORMATION:** Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. - Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

### Rules Relating to Security Futures Products, OMB Control Number 3038-0059—Extension

The Commission's Part 41 rules establish the regulatory framework governing the offer and sale of security futures. Section 5f of the Commodity Exchange Act mandates that the Commission set forth procedures that permits certain entities—specifically, national securities exchanges, national securities associations, and alternative trading systems—that would otherwise be regulated by the SEC, to become designated contract markets for the limited purpose of trading security futures products.

The Commission estimates the burden of this collection of information as follows:
