[Docket No. CP04-419-000]

Northern Natural Gas Company; Notice of Application

September 29, 2004.

Take notice that on September 22, 2004, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed in Docket No. CP04-419-000 an application pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations, for

permission and approval to abandon a natural gas pipeline suspension bridge (and its appurtenant facilities) spanning the Missouri River in Dakota County, Nebraska, and Woodbury County, Iowa, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link, select "Docket #" and follow the instructions (call (202) 502-8222 or for TTY, (202) 502-8659).

Northern proposes to abandon by removal a 2,640-foot cable suspension bridge which supports 3,170 feet of the B-Line's 16-inch diameter pipeline spanning the Missouri River in Dakota and Woodbury Counties. Northern estimates that it will spend \$550,000 of internally generated funds to abandon and remove the pipe, support cables, anchor structures, and concrete foundations that support the overall bridge structure. Northern states that the concrete foundations will be removed down to two feet below the existing grade.

Northern further states that it replaced the suspension bridge's B-Line pipeline segment with a 16-inch diameter pipeline via directional drilling under the Missouri River under Northern's blanket authority granted in Docket No. CP82-401-000¹ and will be reported in Northern's Annual Report to be filed on or before May 1, 2005. Northern also states that no firm service would be lost to its existing customers since Northern replaced the existing B-Line on the suspension bridge via directional drilling.

Any questions regarding this application should be directed to Michael T. Loeffler, Director, Certificates and Reporting for Northern, 1111 South 103rd Street, Omaha, Nebraska 68124, at (402) 398-7103 or Donna Martens, Senior Regulatory Analyst, at (402) 398-7138.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list
