

SUPPLEMENTARY INFORMATION: The workshop will be held on Monday, October 25, 2004, from 1 p.m. to 5 p.m.; Tuesday October 26, 2004, through Thursday, October 28, 2004, from 8:30 a.m. to 5 p.m., and Friday, October 29, 2004, from 8:30 a.m. to 12 p.m.

The purpose of the workshop is for authors to announce and discuss the models they will use in the 2005 West Coast groundfish stock assessments. Specifically, the workshop will be convened to examine the performance of stock assessment models as well as discuss authors' progress using these models. Additional topics to be discussed during the workshop include analytical methods for preparing data for model input, calculating and reporting uncertainty in stock assessments, and species-specific modeling issues.

Although non-emergency issues not contained in the meeting agenda may come before the workshop participants for discussion, those issues may not be the subject of formal workshop action during this meeting. Workshop action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the workshop participants' intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Carolyn Porter at 503-820-2280 at least five days prior to the meeting date.

Entry to the NWFSC requires visitors to show a valid picture ID and register with security. A visitor's badge, which must be worn while at the NWFSC facility, will be issued to non-Federal employees participating in the meeting.

Dated: October 5, 2004.
