DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-55,175]

Levi Strauss and Company, Knoxville Area Office, Knoxville, TN; Notice of Negative Determination Regarding Application for Reconsideration

By application dated August 27, 2004, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA) and

Alternative Trade Adjustment Assistance (ATAA). The denial notice applicable to workers of Levi Strauss and Company, Knoxville Area Office, Knoxville, Tennessee was signed on July 27, 2004, and published in the **Federal Register** on August 10, 2004 (69 FR 48530).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) if in the opinion of the Certifying Officer, a mis-interpretation of facts or

of the law justified reconsideration of the decision.

The TAA/ATAA petition was denied because the petitioning workers did not produce an article within the meaning of Section 222 of the Act. The Department determined that the subject worker group process sales orders.

In the request for reconsideration, the petitioners contend that the Department erred in its interpretation of the work performed at the subject facility. The petitioners state that the subject worker group does not process sales orders, but instead work in the subject company's Product Integrity Raw Material Quality Division and the Technical Services portion of the Customer Fulfillment Division.

The petitioners also describe several functions performed by the subject worker group: processing and resolving
