

simplify the application and process for the second and third year grant continuations?

*Definitions:* How should we define "community needs?" How should we define a Learn and Serve America "participant" for elementary/secondary education and for higher education programs? How should we define a "service hour?" How should we clarify the definition of "youth and adult volunteers" who provide service along with Learn and Serve America program participants? How should we define a "subgrantee?" Should Grant Making Entities (grantees that must serve multiple states in order to be eligible for funding) be defined as providing service in two or more states from the beginning of the grant, or prospectively at any point during the grant period? Should this definition be the same for School-based and Community-based grantee organizations?

*Teacher Education Grants:* Should we require that Learn and Serve America grantee teacher education programs prepare prospective teachers to use service-learning in their classroom/teaching practices?

*Intergenerational Activities:* How should the Corporation promote the use of service-learning practices and models that utilize multiple generations? For example, should we require that Learn and Serve America higher education programs serving children include a component in which children serve with higher education student participants?

*Adult and Youth Volunteers:* How should the Corporation promote the recruitment of adult and youth volunteers who work with Learn and Serve America participant students in meeting community needs? How should we encourage the participation of adult volunteers who have particular expertise in meeting the community needs focused on by the Learn and Serve America projects? How should we encourage the participation of elementary/secondary student participants' family members?

#### *Community Organization*

*Partnerships:* What steps should the Corporation take to strengthen the role of community organizations as partners in Learn and Serve America projects? What steps should we take to promote greater participation of faith-based and small community organizations?

*Project Expenditures:* Should Learn and Serve America grantees be required to include evaluation funding in their project budgets, along with stipulation of the scope and method of evaluations? Should we require that web

conferencing capabilities be included in the grant budget?

*Performance measures and evaluation:* How can the Corporation and its Learn and Serve America grantees ensure that all Learn and Serve America programs are setting and achieving appropriate, measurable performance outcome goals? Should we require that Learn and Serve America grantees and subgrantees establish and meet a common set of outcome measures? How can the Corporation ensure that its grantees regularly and effectively evaluate their service-learning programs?

*Unified State Plans:* What role, if any, should Learn and Serve America grantees and subgrantees play within the Corporation's Unified State Plans? How should Learn and Serve America grantees and subgrantees be encouraged to participate in Unified State Plans and state-wide service conferences?

#### Endangered and Threatened Wildlife and Plants; 90-Day Finding on a Petition To Delist the Ute Ladies'-Tresses Orchid and Initiation of a 5-Year Review

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Proposed rule.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce a 90-day finding on a petition to remove the Ute ladies'-tresses orchid (*Spiranthes diluvialis*) from the Federal List of Endangered and Threatened Wildlife and Plants pursuant to the Endangered Species Act of 1973, as amended (Act). We find that the petition presents substantial information and are initiating a status review to determine if delisting this species is warranted. We are requesting submission of any new information (best scientific and commercial data) on the Ute ladies'-tresses orchid since its original listing as a threatened species in 1992.

Following this status review, we will issue a 12-month finding on the petition to delist. Because a status review is also required for the 5-year review of listed species under section 4(c)(2)(A) of the Act, we are electing to prepare these reviews simultaneously. At the conclusion of these simultaneous reviews, we will issue the 12-month finding on the petition, as provided in section 4(b)(3)(B) of the Act, and make the requisite finding under section 4(c)(2)(B) of the Act based on the results of the 5-year review.
