AGENCY: Bureau of the Public Debt, Fiscal Service, Department of the Treasury.

ACTION: Notice.

SUMMARY: The Department of the Treasury is announcing a new fee schedule for the transfer of book-entry securities maintained on the National Book-Entry System (NBES). This fee schedule will take effect on January 3, 2005. The basic fee for the transfer of a Treasury book-entry security will be \$.21, unchanged from fees in effect since July 1, 2003. The Federal Reserve funds movement fee will be \$.04, unchanged from the funds movement fee in effect since January 2, 2004, resulting in a combined fee of \$.25 for each Treasury securities transfer.

In addition to the basic fee, off-line transfers have a surcharge. The surcharge for an off-line Treasury book-entry transfer in CY 2005 will be increasing from \$28.00 to \$33.00.

EFFECTIVE DATE: January 3, 2005.

SUPPLEMENTARY INFORMATION. On October 1, 1985, the Department of the Treasury established a fee structure for the transfer of Treasury book-entry securities maintained on NBES.

Effective January 3, 2005, the basic fee will be \$.21 for each Treasury securities transfer and reversal sent and received, unchanged from fees in effect since July 1, 2003. The surcharge for an off-line Treasury book-entry transfer will increase from \$28.00 to \$33.00.

The basic transfer fee assessed to both sends and receives is reflective of costs associated with the processing of a security transfer. The off-line surcharge reflects the additional processing costs associated with the manual processing of off-line securities transfers.

The Treasury does not charge a fee for account maintenance, the stripping and reconstitution of Treasury securities, or the wires associated with original issues, or interest and redemption payments. The Treasury currently absorbs these costs and will continue to do so.

The fees described in this notice apply only to the transfer of Treasury book-entry securities held on NBES. Information concerning book-entry transfers of government Agency securities, which are priced by the Federal Reserve System, is set out in a separate **Federal Register** notice published by the Board of Governors of the Federal Reserve System on November 9, 2004, docket number OP-1216.
