Draft Federal Guide for Green Construction Specs; Reopening of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In the *Federal Register* of July 28, 2004, EPA published a notice of availability of a draft *Federal Guide for Green Construction Specifications* for public comment. The notice stated that comments on the draft Guide would be accepted until September 27, 2004. EPA has received several requests for an extension of time to comment on the draft Guide on the grounds that several issues that the Guide covers, require additional time for analysis. The Agency has determined that reopening the comment period is in the public interest. Consequently, the period for receipt of comments on the draft Guide is extended until January 14, 2005. It should be noted that the reopening of the comment period does not represent any modification of the draft Guide. The reopening of the comment period simply provides those interested parties additional time to provide comments to the Agency on the draft Guide. All other requirements stipulated in the initial notice for receipt of comments still apply. The draft Guide is available on the whole Building Design Guide at <http://fedgreenspecs.wbdg.org>.

DATES: Comments must be received by January 14, 2005.
