Centers for Disease Control and Prevention

Announcement of Meeting

Summary: The Centers for Disease Control and Prevention (CDC) is hosting a workshop on respiratory protection for airborne infectious agents.

Times and Dates: 8 a.m.–5:30 p.m., November 30, 2004. 8 a.m.–5:30 p.m., December 1, 2004.

Place: The Westin Buckhead, 3391 Peachtree Road, NE., Atlanta, Georgia 30326, Telephone (404) 365-0065, Fax (404) 365-8787.

Matters to be Discussed: The CDC is hosting a public meeting to exchange information and seek individual input from the participants regarding the following topics:

- The current state of scientific knowledge regarding transmission of certain infectious agents through the air, focusing on the scientific basis for respiratory protection of workers and patients;
- The current state of scientific knowledge regarding respiratory protection as related to droplet nuclei and certain aerosol-transmitted agents;
- Strategies for improving the quality and effectiveness of respiratory protection; and research needs to fill current knowledge gaps.

Agenda items are subject to changes as priorities dictate.

Supplementary Information: Rooms are reserved at the Westin Buckhead under a CDC room block for the evenings of Monday, November 29, 2004; Tuesday, November 30, 2004; and Wednesday, December 1, 2004; at the government rate of \$113 per night. The CDC meeting must be referenced to receive this special rate. Interested parties should make hotel reservations directly with The Westin Buckhead at 1-800-937-8461 or (404) 365-0065 before the cut-off date of November 12, 2004.

Interested parties should confirm their attendance to this meeting by

completing the on-line registration form: <http://www.cdc.gov/niosh/npptl/resources/pressrel/announcements/113004wkshp/> or save the form and forward it by e-mail (npptlevents@cdc.gov) or fax (304) 225-2003 to the NPPTL Events Management Office.

For Further Information Contact: National Personal Protective Technology Laboratory (NPPTL) Events Management, 3604 Collins Ferry Road, Suite 100, Morgantown, West Virginia 26505-2353, Telephone (304) 599-5941 x138, Fax (304) 225-2003, E-mail npptlevents@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: November 5, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

Breast and Cervical Cancer Early Detection and Control Advisory Committee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following committee meeting:

Name: Breast and Cervical Cancer Early Detection and Control Advisory Committee (BCCEDCAC).

Times and Dates: 8:30 a.m.–4 p.m., December 9, 2004, 8:30 a.m.–2:30 p.m., December 10, 2004.

Place: Hilton-Atlanta Airport, 1031 Virginia Avenue, Atlanta, Georgia 30354, Phone: (404) 767-9000.

Status: Open to the public, limited only by the space available.

Purpose: The committee is charged with advising the Secretary, Department of Health and Human Services, and the Director, CDC, regarding the early detection and control of breast and cervical cancer. The committee makes recommendations regarding national program goals and objectives; implementation strategies; and program priorities including surveillance, epidemiologic investigations, education and training, information dissemination,

professional interactions and collaborations, and policy.

Matters to be Discussed: The agenda will include discussion and review of the Division of Cancer Prevention and Control National Report; updates regarding integration between breast and cervical and comprehensive cancer control; status report on the Breast and Cervical Cancer expert panels; review of National Breast and Cervical Cancer Early Detection Program Strategic Planning Process. Agenda items are subject to change as priorities dictate.

For Further Information Contact: Debra Younginer, Executive Secretary, BCCEDCAC, Division of Cancer Prevention and Control, National Center for Chronic Disease Prevention and Health Promotion, CDC, 4770 Buford Highway, Mailstop K-57, Chamblee, Georgia 30316, Telephone: (770) 488-1074.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: November 5, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

National Center for Environmental Health/Agency for Toxic Substances and Disease Registry; Scientific Counselors Board; Notice of Meeting

The Program Peer Review Subcommittee of the Board of Scientific Counselors (BSC), National Center for Environmental Health (NCEH)/Agency for Toxic Substances and Disease Registry (ATSDR): Teleconference.

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), NCEH/ATSDR announces the following subcommittee meeting:

Name: Program Peer Review Subcommittee (PPRS).

Time and Date: 12:30 p.m.–3:30 p.m., November 29, 2004.

Place: The teleconference will originate at the National Center for Environmental Health/Agency for Toxic Substances and Disease Registry in Atlanta, Georgia. Please see **SUPPLEMENTARY INFORMATION** for details on accessing the teleconference.

Status: Open to the public, teleconference access limited only by availability of telephone ports.

Purpose: Under the charge of the Board of Scientific counselors (BSC), NCEH/ATSDR

the Program Peer Review Subcommittee establishes and monitors working groups of technical experts that perform program peer reviews of National Center for Environmental Health and the Agency for Toxic Substances and Disease Registry. The Subcommittee, working with the NCEH/ATSDR, Office of Sciences (OS), will establish schedule and process for program peer reviews, nominate working group members, reviews summary reports and recommendations, and report back to the BSC. The OS will establish agency policy for program peer review and directly support each working group by collating program documents, and organizing the working groups review and site visit. Each NCEH/ATSDR program eligible for review will be reviewed every 5 years according to CDC/ATSDR policy.

Matters to be Discussed: The teleconference agenda will include discussions to develop screening methodology to prioritize program reviews using background information; to establish methodology to perform the NCEH/ATSDR program reviews; to establish workgroups to perform the program reviews; and to establish a schedule for program review.

Supplementary Information: This conference call is scheduled to begin at 12:30 p.m. Eastern Standard Time. To participate in the teleconference, please dial (877) 315-6535 and enter conference code 383520.

For Further Information Contact: Drue Barrett, PhD, Executive Secretary, PRRS, NCEH/ATSDR, M/S E-28, 1600 Clifton Road, NE., Atlanta, Georgia 30333, telephone (404) 498-0003.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: November 5, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-70-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Grants and Cooperative Agreements; Notice of Availability

Funding Opportunity Title: State Adolescent Substance Abuse Treatment Coordination (Short Title: Adolescent Treatment Coordination)

Announcement Type: Initial Announcement.

Funding Opportunity Number: TI 05-006.

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243.

Due Date for Applications: January 12, 2005.

[**Note:** Letters from State Single Point of Contact (SPOC) in response to E.O. 12372 are due March 12, 2005.]

Summary: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT), announces the availability of FY 2005 funds for State Adolescent Substance Abuse Treatment Coordination. A synopsis of this Notice of Funding Availability (NOFA), as well as many other Federal Government funding opportunities, are also available at the Internet site: <http://www.grants.gov>.

For complete instructions, potential applicants must obtain a copy of SAMHSA's standard Infrastructure Grants Program Announcement (INF-05 PA), and the PHS 5161-1 (Rev. 7/00) application form before preparing and submitting an application. The INF-05 PA describes the general program design and provides instructions for applying for all SAMHSA Infrastructure Grants, including the State Adolescent Substance Abuse Treatment Coordination program. SAMHSA's Infrastructure Grants provide funds to develop or enhance service system infrastructure in order to support effective substance abuse services. Additional instructions and specific requirements for this funding opportunity are described below.

I. Funding Opportunity Description

Authority: Section 509 of the Public Health Service Act, as amended and subject to the availability of funds.

The State Adolescent Substance Abuse Treatment Coordination grant program is one of SAMHSA's Infrastructure Grant programs. The purpose of State Adolescent Substance Abuse Treatment Coordination grants is to build capacity in States to provide effective, accessible, and affordable substance abuse treatment for youth and their families. Grants will provide funding to support a staff position (a State official whose sole responsibility is ensuring the effectiveness of adolescent substance abuse treatment State-wide) and a State process to assess, facilitate, and coordinate ongoing, self-sustaining cross-system planning for effective adolescent substance abuse treatment.

Grantees are required to hire and/or dedicate a full-time employee at the State level vested with the authority to convene and coordinate all of the State agencies that allocate public health resources that may provide funding and other support for adolescents and their

families needing early intervention and treatment services for substance use disorders. The State adolescent substance abuse treatment coordinator shall also form linkages with other service systems that provide mental health, education, health, child welfare, and juvenile justice services for youth and their families and identify opportunities to coordinate funding and treatment resources across these systems to the fullest extent possible. It is incumbent upon the grantee to create a position vested with the authority necessary to accomplish these tasks, and to hire/designate an individual who has the necessary skills and experience appropriate for the position, including an understanding of the correlation of co-occurring mental health and substance use disorders.

Background

Although there has been increased awareness around the need for accessible, effective substance abuse treatment for youth, there are problems within State structures that make providing funding and services for youth extremely difficult. Responsibility for adolescent treatment is located in a number of State agencies, and is frequently not in the office that oversees substance abuse treatment services. Only one State has best practices guidelines for adolescent substance abuse treatment. Only five States' substance abuse counselor licensure requirements include any knowledge of youth addiction, childhood development, or families. None has a specific licensure for clinicians working with youth addiction. Of the six States that have separate certification requirements for adolescent substance abuse treatment, four do not address required staffing levels; none addresses the issue of parental notification; only one addresses the use of discipline/restraint; only three require background checks for staff; and only three require any specialized training for staff. A major contributor to the aforementioned weaknesses in the adolescent substance abuse treatment system is that most States do not have a single locus of responsibility for ensuring an accessible, effective substance abuse treatment system for youth and their families.

Allowable Activities

Grants funds *may* be used to carry out all of the allowable activities listed in Section I-2.1 of the INF-05 PA except that grant funds *may not* be used for data infrastructure/MIS development. In addition, these are Category I—Small Infrastructure Grants; implementation
