DATES: *Effective Date:* December 16, 2004.

FOR FURTHER INFORMATION CONTACT: Michael McCullough, Director, Office of Multifamily Development, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410-8000, (202) 708-1142 (this is not a toll-free number). SUPPLEMENTARY INFORMATION:

Introduction

On March 17, 2003 (68 FR 12792), HUD published a final rule on “Mortgage Insurance Premiums in Multifamily Housing Programs,” which adopted, without change, the interim

rule published on July 2, 2001 (66 FR 35072). The final and interim rule revised the regulatory system for establishing the MIP. Instead of setting the MIP at a specific rate, the Secretary is permitted to change an MIP within the full range of HUD’s statutory authority of one fourth of one percent to one percent through a notice, as provided in section 203(c)(1) of the National Housing Act (the Act) (12 U.S.C. 1709(c)(1)). The final rule states that HUD will provide a 30-day period for public comment on future notices changing MIPs in multifamily insured housing programs. These regulations are codified at 24 CFR 207.252, 207.252a, and 207.254.

Pursuant to these regulations, on August 23, 2004, HUD published a notice for public comment announcing a change in the MIP for programs authorized under sections 221(d)(4), 232, and 241(a)(for health care facilities) of the National Housing Act for FY 2005 (12 U.S.C. 1715l(d)(4), 1715w, and 1715z-6 respectively). No comments were received, and therefore this notice is made final without change.

Dated: November 4, 2004.

John C. Weicher,

Assistant Secretary for Housing—Federal Housing Commissioner.

BILLING CODE 4210-27-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4922-N-04]

Privacy Act of 1974; Establishment of a New System of Records

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notification of the establishment of a new system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), as amended, the Department of Housing and Urban Development (HUD) is giving notice that it proposes to establish a new system of records entitled “Compliance Investigation and Enforcement Files (CIEF)” that will be

used in performing compliance assistance and enforcement under the statutory jurisdiction of the Office of Healthy Homes and Lead Hazard Control (OHHLHC), and in supporting other administrative requirements related to the responsibilities of the Office.

CIEF facilitates more timely, accurate processing and use of this information to protect the health of children as well as to ensure compliance with applicable Federal statutes and regulations. CIEF contains: Residential property information; residential lease information; associated owner and/or agent information; documents related to lead-based paint and lead-based paint hazards, inspection reports, risk assessment reports, clearance tests, and associated disclosures and notifications; local housing code violation information; number of child lead-poisoning reports for a property; source of referral; and consent agreements and administrative settlements, and the associated monitoring of these agreements. CIEF also tracks the progress of the enforcement investigation.

System Security Measures: The integrity and availability of data in CIEF are important. Much of the data needs to be protected from unanticipated or unintentional modification. HUD restricts the access of this information to HUD approved officials and its agents. In addition, HUD has various system protocols in place to maintain data integrity, including: Virus protection software; daily data backups; and other documented procedures.

Vulnerabilities and corresponding security measures include: (1) Unauthorized access is reduced by restricting access to specified user identifications (User IDs) and passwords; and (2) during routine checking, or upon valid request, inaccurate and incomplete data are identified and corrected. Paper documents are stored in file cabinets and are handled in accordance with standard HUD procedures.

Data Quality: Residential property and owner/agent information is submitted to OHHLHC in electronic or paper format. CIEF will verify whether

or not the information already exists in CIEF. If the property information does exist in CIEF, but is actively associated with another owner/agent, an error message will appear stating that the property, or the property and owner/agent association currently exists in CIEF. Information will be archived electronically for the database and physically for paper records when an active case or consent decree is closed or after seven years, whichever is earlier.

DATES: *Effective Date:* This proposal shall become effective without further notice on December 16, 2004, unless comments are received on or before that date which would result in a contrary determination.

Comments Due Date: December 16, 2004.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410-0500. Communications should refer to the above docket number and title. Comments submitted will be available for public inspection and copying between 7:30 a.m. and 5:30 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: For Privacy Act Information: Jeanette Smith, Departmental Privacy Act Officer, telephone number (202) 708-2374. For OHHLHC, Compliance Investigation and Enforcement Files, Walter D. Wynn, telephone number (202) 755-1785, ext. 148. (These are not toll-free numbers.) A telecommunications device for hearing and speech-impaired persons (TTY) is available at 1-800-877-8339 (Federal Information Relay Services). (This is a toll-free number.)

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, notice is given that HUD proposes to establish a new system of records identified as HUD/OHHLHC-1, the Compliance Investigation and Enforcement Files ("CIEF") of the Office of Healthy Homes and Lead Hazard Control (OHHLHC).

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be afforded a 30-day period in which to comment on the new record systems. The new system report was submitted to the Office of Management and Budget (OMB), the Senate Committee on Government Reform and Oversight and the House of Representatives Committee on Governmental Affairs pursuant to paragraph 4c of Appendix 1 to OMB

Circular No. A-130, "Federal Responsibilities for Maintaining Records About Individuals," July 25, 1994, 59 FR 37914.

Accordingly, this notice establishes a new system of records and accompanying routine uses to be created during the compliance assistance and enforcement process in HUD's Office of Healthy Homes and Lead Hazard Control.

Authority: 5 U.S.C. 552a; 88 Stat. 1896; 42 U.S.C. 3535(d).

Dated: November 8, 2004.

Carolyn Cockrell,

Acting Chief Technology Officer.

HUD/OHHLHC-1

SYSTEM NAME:

Compliance Investigation and Enforcement Files of the Office of Healthy Homes and Lead Hazard Control ("CIEF").

SYSTEM LOCATION:

Headquarters.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Categories of individuals included in the system with respect to residential properties include: Owners, managers, agents, and landlords; potential purchasers; and prospective and actual tenants. Categories of individuals included in the system with respect to referrals of concerns include: tips or complaints that are not anonymous, EPA, local government agencies (e.g., health departments and building code enforcement agencies), not for profit organizations interested in protecting the rights and health of tenants, and the HUD Inspector General. Categories of individuals included in the system with respect to investigation of properties include: HUD employees.

CATEGORIES OF RECORDS IN THE SYSTEM:

Records consist of the following information pertaining to the owner, manager and agent: Name, title, address, telephone number, fax number, e-mail address, company name, corporate registration number, and corporate registered agent name. Records also include: Property information, residential lease information, documents related to lead-based paint and lead-based paint hazards, inspection reports, risk assessment reports, clearance tests, and associated disclosures and notifications, local housing code violation information, number of child lead-poisoning reports for a property, source of referral, consent agreements and administrative settlements, and the associated monitoring of these agreements.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

HUD is charged with ensuring proper disclosure of information concerning lead upon transfer of residential property, whether by sale or lease, under 42 U.S.C. 4852(d). HUD has authority to promulgate regulations to enforce the statutory requirements under 42 U.S.C. 4852d(a)(1) and (2). HUD's statutory authority to enforce its regulations are found at 42 U.S.C. 4852d(a)(5) and (b). Additionally, HUD is charged with establishing procedures to eliminate the hazards of lead-based paint in any housing receiving Federal assistance under 42 U.S.C. 4822(a). 24 CFR part 35 contains the implementing regulations promulgated pursuant to the statutes.

PURPOSES:

The primary purpose of CIEF is to enable OHHLHC to complete its statutory responsibility to ensure compliance with the Lead Disclosure Rule 24 CFR 35, subpart A, and the Lead Safe Housing Rule 24 CFR part 35, subparts B-R. The lead disclosure is to occur before a lessee or buyer is obligated under a lease or sale agreement. The only way to verify disclosure is to evaluate the documentation that memorializes these transactions and the parties involved. Since knowledge is an integral aspect of disclosure, any documentation regarding knowledge of lead (e.g., lead-based paint inspections, lead-based paint inspections risk assessments, hazard reduction activities, local abatement orders or notices of code violations, etc.) is necessary for verifying what and when the owner or his agent knew or should have known.

In the case of federally assisted housing, the owner or designated party is required to perform some type of inspection and attendant abatement action. The regulations require ongoing activities until all lead-based paint is removed, including use of lead safe work practices and notification of tenants regarding all of these activities.

If an OHHLHC investigation indicates a violation or potential violation of the lead disclosure rule, relevant documents may be disclosed to the appropriate Federal, state or local authority for investigation or enforcement of the applicable laws and regulations. If an OHHLHC investigation indicates a violation or potential violation of the lead safe housing rule, relevant documents may be disclosed to the appropriate program office or Enforcement Center for investigation or enforcement of the applicable laws and regulations.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under subsection (b) of the Privacy Act of 1974, 5 U.S.C. 552a(b), records may also be disclosed routinely to other users under the following circumstances:

1. Records may be disclosed to individuals under contract, cooperative agreement, or working agreement with HUD to assist the Department in fulfilling its statutory lead disclosure responsibilities.

2. Records may be disclosed during the course of an administrative proceeding where HUD or other federal agency is a party, to the Administrative Law Judge and the interested parties to the extent necessary for conducting the proceeding.

3. Records may be disclosed to the Department of Justice for litigation purposes associated with the representation of HUD or other Federal agency before the courts.

4. Records may be disclosed to a confidential source to the extent necessary to assist the Office of Inspector General in an investigation.

Records will be retained and disposed of in accordance with the General Records Schedule included in HUD Handbook 2228.2, appendix 14, items 21–26.
