[Docket No. 011206293-3182-02; I.D. 020504A]

Pacific Halibut Fishery; Guideline Harvest Levels for the Guided Recreational Halibut Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of guideline harvest level.

SUMMARY: NMFS provides notice of the guideline harvest level (GHL) for the guided sport halibut fishery (charter fishery) in the International Pacific Halibut Commission (IPHC) regulatory area 2C of 1,432,000 pounds (649.5 mt), and a GHL in the IPHC regulatory area 3A of 3,650,000 pounds (1,655.6 mt).

DATES: The GHL is effective beginning 1200 hrs, Alaska local time (A.l.t.), February 1, 2004, and will close on 2359 hours, A.l.t., December 31, 2004. This period is specified by the IPHC as the sport fishing season in all waters of Alaska.

FOR FURTHER INFORMATION CONTACT: Glenn Merrill, 907-586-7228, or email at glenn.merrill@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS implemented a final rule to establish GHLs in IPHC regulatory areas 2C and 3A for the harvest of Pacific halibut (*Hippoglosses stenolepis*) by the charter fishery on August 8, 2003 (68 FR 47256). The GHL is intended to serve as a benchmark for participants in the charter fishery.

This announcement is consistent with § 300.65(i)(2), which requires that GHLs for IPHC regulatory areas 2C and 3A be specified by NMFS and announced by publication in the **Federal Register** no later than 30 days after receiving information from the IPHC which establishes the constant exploitation yield (CEY) for halibut in IPHC regulatory areas 2C and 3A for that year. Based on the regulations at § 300.65(i)(1), the CEY established by

the IPHC in 2004 in regulatory area 2C results in a GHL of 1,432,000 pounds (649.5 mt), and, in regulatory area 3A, results in a GHL of 3,650,000 pounds (1,655.6 mt).

This notice does not require any regulatory action by NMFS and is intended to serve as an announcement of the GHL in Areas 2C and 3A for 2004. If a GHL is exceeded in 2004, based on information received from the Alaska Department of Fish and Game, NMFS will notify the North Pacific Fishery Management Council (Council) in writing within 30 days pursuant to regulations at § 300.65(i)(3). The Council is not required to take action, but may recommend additional management measures after receiving notification that a GHL has been exceeded.

Classification

This action does not require any additional regulatory action by NMFS and does not impose any additional restrictions on harvests by the charter fishery. If the GHL is exceeded in any year, the Council would be notified, but no action would be required to be taken. This process of notification is intended to provide the Council an indication of the level of harvests by the charter fishery in a given year and could be used to prompt future action.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Submission for OMB Emergency Review

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), has submitted the following information collection request (ICR) utilizing emergency review procedures, to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. A copy of this ICR, with applicable supporting documentation, may be obtained by contacting the Corporation for National and Community Service, Ms. Shelly Ryan, (202) 606-5000, Ext. 549, or by e-mail at sryan@cns.gov.

Title: Peer Reviewer Application.

OMB Number: None.

Average Time Per Response: 45 minutes.

Total Burden Cost (operating/maintenance): None.

Description: The Corporation advertises grant competitions in AmeriCorps, Learn and Serve America, and Senior Corps. As part of its review process, the Corporation uses peer reviewers to determine the quality of the applications we receive.

The information collected will be used by the Corporation to select peer

reviewers for each grant competition. All individuals interested in applying as peer reviewers or facilitators of the peer review panels will be required to complete a short electronic survey. Those selected as a peer reviewer will be required to complete part two of the electronic application.

Because the recently enacted budget calls for a major increase in AmeriCorps funding, the Corporation must immediately find a large number of peer reviewers to assist in peer reviews beginning in March, 2004. Therefore, there was not enough time for an initial public comment period prior to submitting this request to OMB. However, if OMB approves the emergency request for six (6) months, the Corporation will issue another Notice that will afford the public 60-days to provide its comments.

Dated: February 6, 2004.

Summary of Information Collection

Respondents are LRAs that have executed no-cost EDC agreements with a Military Department that transferred property from a closed military installation. As provided by section 2821(a)(3)(B)(i) of the National Defense Authorization Act for Fiscal Year 2000 (Pub. L. 106-65), such agreements require that the LRA reinvest the proceeds from any sale, lease or equivalent use of EDC property (or any portion thereof) during at least the first seven years after the date of the initial transfer of the property to support the economic redevelopment of, or related to, the installation. The Secretary of Defense may recoup from the LRA such portion of these proceeds not used to support the economic redevelopment of, or related to, the installation. LRA's are subject to this same seven-year reinvestment requirement if their EDC agreement is modified to reduce the debt owed to the Federal Government. Military Departments monitor LRA compliance with this provision by requiring an annual financial statement certified by an independent Certified Public Accountant. No specific form is required.
