

copies of the determination can be obtained by sending a written request to Paul Koprowski, EPA, Oregon Operations Office, 811 SW Sixth Ave., Portland, OR 97202.

#### IV. How Can I Get Copies of This Document and Other Related Information?

EPA's Oregon Operations Office has established an official public rulemaking file available for inspection. The official public file consists of the documents specifically referenced in this action; *i.e.*, copies of the State request and supporting documentation and any comments received. The official public rulemaking file is available for public viewing at the Oregon Operations Office, 811 SW Sixth Ave., Portland, OR 97204. EPA requests that, if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. EPA's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal Holidays.

You may access this **Federal Register** document electronically through the Regulations.gov Web site located at <http://www.regulations.gov> where you can find, review, and submit comments on Federal rules that have been published in the **Federal Register**, the Government's legal newspaper, and are open for comment.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or on paper, will be made available for public viewing in the official public rulemaking file, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in the official public rulemaking file. The entire printed comment, including the copyrighted material, will be available at the Regional Office for public inspection.

#### V. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate rulemaking identification number by including the text "Public comment on notice to reduce level of MOE in Oregon" in the subject line on the first page of your comment. Please ensure

that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked late and EPA is not required to consider these late comments.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

a. *E-mail.* You may send comments by electronic mail (e-mail) to [r10.aircom@epa.gov](mailto:r10.aircom@epa.gov), please include the text "Public comment on notice to reduce level of Maintenance of Effort in Oregon." EPA's e-mail system is not an anonymous access@ system. If you send an e-mail comment directly without going through Regulations.gov, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket.

b. *Regulations.gov.* You may use Regulations.gov as an alternative method to submit electronic comments to EPA. Go directly to Regulations.gov at <http://www.regulations.gov>, then select Environmental Protection Agency at the top of the page and use the "go" button. The list of current EPA actions available for comment will be listed. Please follow the online instructions for submitting comments. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

c. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Section 2, directly below. These electronic submissions will be accepted in WordPerfect, Word or ASCII

file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send your comments to: Paul Koprowski, EPA, Oregon Operations Office, 811 SW Sixth Ave., Portland, OR 97202. Please include the text "Public comment on notice to reduce level of Maintenance of Effort in Oregon" in the subject line on the first page of your comment.

3. *By Hand Delivery or Courier.* Deliver your comments to: Paul Koprowski, EPA, Oregon Operations Office, 811 SW Sixth Ave., Portland, OR 97202. Such deliveries are only accepted during the Operation Office's normal hours of operation. The Operations Offices official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m. excluding Federal holidays.
