

and new companies remains unchanged from its preceding estimate.

Estimated labor costs: \$36,902,000 (rounded to the nearest thousand).

Using the burden hours estimated above, the total labor cost associated with the HSR Rules, based on a conservative estimated average of \$425/hour for executives' and attorneys' wages, would be approximately \$36.9 million (86,828 hours × \$425/hour).

Estimated annual non-labor cost burden: \$0 or minimal.

The applicable requirements impose minimal start-up costs, as businesses subject to the HSR Rules generally have or obtain necessary equipment for other business purposes. Staff believes that the above requirements necessitate ongoing, regular training so that covered entities stay current and have a clear understanding of federal mandates, but that this would be a small portion of and subsumed within the ordinary training that employees receive apart from that associated with the information collected under the HSR Rules.

John D. Graubert,

Acting General Counsel.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: OS-0990-New]

Agency Information Collection Activities: Proposed Collection; Comment Request

Agency: Office of the Secretary, HHS.
In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

#1 Type of Information Collection Request: New collection;

Title of Information Collection: Assessment Study of the Uses of HealthierUS and Healthy People 2010; *Form/OMB No.:* OS-0990-New;

Use: The goal of this assessment is to create a comprehensive picture of how and by whom, the Federal health promotion and disease prevention initiatives, HealthierUS and Healthy People 2010 contribute to state or local disease prevention and health promotion planning.

Frequency: Recordkeeping;

Affected Public: State, local, or tribal governments;

Annual Number of Respondents: 300;

Total Annual Responses: 300;

Average Burden Per Response: 15 minutes;

Total Annual Hours: 2,280.75.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access the HHS Web site address at <http://www.hhs.gov/oirm/infocollect/pending/> or e-mail your request, including your address, phone number, OMB number, and OS document identifier, to naomi.cook@hhs.gov, or call the Reports Clearance Office on (202) 690-6162.

Written comments and recommendations for the proposed

information collections must be mailed within 60 days of this notice directly to the OS Paperwork Clearance Officer designated at the following address: Department of Health and Human Services, Office of the Secretary, Assistant Secretary for Budget, Technology, and Finance, Office of Information and Resource Management, Attention: Naomi Cook (0990-New), Room 531-H, 200 Independence Avenue, SW., Washington DC 20201.

Dated: February 6, 2004.

Robert E. Polson,

Office of the Secretary, Paperwork Reduction Act Reports Clearance Officer.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 498-1210.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-E11, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project: Health Alert Network—National Survey of Public Health Agencies—New—Public Health

Practice Program Office (PHPPO), Centers for Disease Control and Prevention (CDC).

The National Survey of Public Health Agencies is a proposed assessment designed to collect data to address CDC objectives in several areas. The major area is the Health Alert Network, focus area E, Communications and Information Technology. This area of the Health Alert Network ensures effective communication connectivity among public health departments, healthcare organizations, law

enforcement organizations, public officials and others. The second area is the Office of Management and Budget (OMB) Program Assessment Rating Tool (PART), which requires CDC to evaluate its program achievements toward long-term health outcome goals, relative to current funding levels. The third area is the Government Performance and Results Act (GPRA), Public Law 103-62 which requires CDC to expand and enhance the Health Alert Network's ability to rapidly provide access to public health guidelines, best practices,

and information on the effectiveness of public health interventions.

The overall goal of objectives is to ensure that Federal, State, and local health agencies have the infrastructure to ensure effective communication among public health departments, healthcare organizations, law enforcement organizations, public officials and others who provide essential public health services effectively. This is an on-going annual survey. There is no cost to respondents.

Respondents	Number of respondents	Number of responses/respondent	Average burden/response (in hrs.)	Total burden (in hrs.)
State/Territorial Health Agencies	62	1	60	3,720
Total	3,720

Dated: February 6, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

[30Day-25-04]

Proposed Data Collections Submitted for Public Comment and Recommendations

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 498-1210. Send written comments to CDC, Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503 or by fax to (202)

395-6974. Written comments should be received within 30 days of this notice.

Proposed Project: Online Evaluation Of A GIS Map Server Project With The Migrant Clinicians Network—New—Agency for Toxic Substances and Disease Registry (ATSDR).

In 2001, ATSDR began working with the Migrant Clinicians Network (MCN) on a national project to use an Internet-based mapping service to help decrease disparities by improving health care services for migrant workers through a resource, information, consultation and reporting Geographic Information Systems (GIS) mapping application for the health care providers within the MCN. The GIS Web site will be available at <http://gis.cdc.gov/mcnarcims>.

As part of the implementation of the Web site, MCN and ATSDR are proposing to include an online evaluation survey to ensure that the mapping service is meeting the needs of the health care clinicians providing services to migrant populations. The survey will provide both MCN and ATSDR valuable immediate opportunities to configure the Web site to the practical needs of the physicians and other health care providers using the GIS Web site for clinical care to prevent, intervene, and treat

environmental exposures for migrant farm workers and their families.

The evaluation survey will be included on the main access page of the Web site, <http://gis.cdc.gov/mcnarcims>. The feedback survey will be completely voluntary and will assess the following: (1) Ease of navigating the Web site; (2) ease of locating information within the site; (3) content of the Web site; (4) technology issues (e.g., loading, links, printing); and, (5) utility of the Web site to health care practice and environmental health prevention, practice and intervention. An additional question will ascertain the respondent's job category to determine the type of person accessing the Web site which will help ATSDR and MCN update and modify the content of the Web site to better fit the actual site user.

It is anticipated that the feedback survey will provide critical information to enable ATSDR to provide ongoing continuing improvement of the site to meet the needs of the MCN clinician. This will also provide ATSDR and MCN with benchmarks to meet agency performance standards. The feedback survey will be at no financial cost to the participant and will be located on the ATSDR GIS map server Web site. The estimated annualized burden is 41 hours.

Respondents	Number of respondents	Responses per respondent	Average burden per response (in hours)
MCN Health Care Members	400	1	5/60
General public	100	1	5/60
