#### **Foreign-Trade Zone 33—Pittsburgh, PA, Application for Subzone Status, Mitsubishi Electric Power Products, Inc. (Circuit Breakers), Warrendale and Freedom, PA; Amendment of Application: Additional Foreign Components**

Notice is hereby given that the application of Board (the Board) by the

Regional Industrial Development Corporation of Southwestern Pennsylvania, grantee of FTZ 33, requesting special-purpose subzone status for the circuit breaker manufacturing facilities of Mitsubishi Electric Power Products, Inc. (MEPPI) (a subsidiary of Mitsubishi Electric Corporation, of Japan), located in Warrendale and Freedom, Pennsylvania (68 FR 44281, 7-28-03), has been amended to revise the scope of sourcing authority to include additional foreign-origin components to be used in the manufacture of high-voltage circuit breakers under foreign-trade zone (FTZ) procedures. The additional components that would be purchased from abroad include: insulated wire, current transformers, capacitors, generators, monitors, circuit breakers, and sensors (2004 duty rate range: free—3.9%). FTZ procedures would exempt MEPPI from Customs duty payments on the foreign components noted above that are used in export production. On its domestic sales and exports to NAFTA markets, the company would be able to choose the duty rate that applies to finished circuit breakers (2.0%) for these foreign-sourced components.

Public comment on the application is invited from interested parties. The comment period is hereby reopened until March 25, 2004. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

However, since Chandan also made a timely request for an administrative review, we are including Chandan in the 2002-2003 administrative review of stainless steel wire rods from India.
