

paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning the proposed collection: Request for Examination and/or Treatment (LS-1). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before May 2, 2005.

ADDRESSES: Ms. Hazel M. Bell, U.S. Department of Labor, 200 Constitution Ave., NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0418, fax (202) 693-1451, e-mail bell.hazel@dol.gov. Please use only one method of transmission for comments (mail, fax, or e-mail).

SUPPLEMENTARY INFORMATION:

I. *Background:* The Office of Workers' Compensation Programs (OWCP) administers the Longshore and Harbor Workers' Compensation Act (LHWCA). The Act provides benefits to workers injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employee in loading, unloading, repairing or building a vessel. Under Section 7 (33 U.S.C., Chapter 18, Section 907) of the Longshore Act the employer/insurance carrier is responsible for furnishing medical care for the injured employee for such period of time as the injury or recovery period may require. Form LS-1 serves two purposes: (1) It authorizes the medical care and (2) provides a vehicle for the treating physician to report the findings, treatment given and anticipated physical condition of the employee. This information collection is currently approved for use through November 30, 2005.

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* The Department of Labor seeks the approval of the extension of this information collection in order to carry out its responsibility to verify that proper medical treatment has been authorized and to determine the severity of a claimant's injuries for purposes of compensation benefits.

Type of Review: Extension.

Agency: Employment Standards Administration.

Titles: Requests for Examination and/or Treatment.

OMB Number: 1215-0066.

Agency Numbers: LS-1.

Affected Public: Individual or households; Business or other for-profit.

Total Respondents: 16,200.

Total Annual responses: 101,250.

Estimated Total Burden Hours: 109,350.

Estimated Time Per Response: 1.08 Hours.

Frequency: On Occasion.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$43,740.00.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: February 25, 2005.

Sue Blumenthal,

Acting Chief, Branch of Management Review and Internal Control, Division of Financial Management, Office of Management, Administration and Planning, Employment Standards Administration.

NATIONAL FOUNDATION FOR THE ARTS AND THE HUMANITIES

National Endowment for the Arts; National Council on the Arts 154th Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), as amended, notice is hereby given that a meeting of the National Council on the Arts will be held on March 24, 2005 from 9 a.m.-12 p.m. (ending time is tentative) in Room M-09 at the Nancy Hanks Center, 1100 Pennsylvania Avenue, NW., Washington, DC 20506.

This meeting will be open to the public on a space available basis. After opening remarks by Chairman Gioia, there will be an update on National Leadership Initiatives and on Congressional/White House activities. A presentation on the NEA Arts Journalism Institutes will be followed by swearing-in of new Council members. There will then be a presentation on the NEA Jazz Masters Initiative, including information on both NEA Jazz Masters and NEA Jazz in the Schools. This will be followed by review and voting on applications and guidelines. The meeting will conclude with general discussion.

If, in the course of the open session discussion, it becomes necessary for the Council to discuss non-public commercial or financial information of intrinsic value, the Council will go into closed session pursuant to subsection (c)(4) of the Government in the Sunshine Act, 5 U.S.C. 552b. Additionally, discussion concerning purely personal information about individuals, submitted with grant applications, such as personal biographical and salary data or medical information, may be conducted by the Council in closed session in accordance with subsection (c)(6) of 5 U.S.C. 552b.

Any interested persons may attend, as observers, Council discussions and reviews that are open to the public. If you need special accommodations due to a disability, please contact the Office of AccessAbility, National Endowment for the Arts, 1100 Pennsylvania Avenue, NW., Washington, DC 20506, 202/682-5532, TTY-TDD 202/682-5429, at least seven (7) days prior to the meeting.

Further information with reference to this meeting can be obtained from the Office of Communications, National Endowment for the Arts, Washington, DC 20506, at 202/682-5570.

Dated: February 25, 2005.

Kathy Plowitz-Worden,

Panel Coordinator, Office of Guidelines and Panel Operations.

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Seek Approval To Extend and Revise a Current Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request renewal of this collection. In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by May 2, 2005 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

FOR ADDITIONAL INFORMATION OR

COMMENTS: Contact Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230; telephone 703-292-7556; or send e-mail to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., eastern time, Monday through Friday. You also may obtain a copy of the data collection instrument and instructions from Ms. Plimpton.

SUPPLEMENTARY INFORMATION:

Title of Collection: Survey of Graduate Students and Postdoctorates in Science and Engineering.

OMB Approval Number: 3145-0062.

Expiration Date of Approval: May 31, 2005.

Type of Request: Intent to seek approval to extend with revision an information collection for three years.

Proposed Project: Graduation students in science, engineering, and health fields in U.S. colleges and universities, by source and mechanism of support and by demographic characteristics. An electronic/mail survey, the Survey of Graduate Students and Postdoctorates in

Science and Engineering originated in 1966 and has been conducted annually since 1972. The survey is the academic graduate enrollment component of the NSF statistical program that seeks to "provide a central clearinghouse for the collection, interpretation, and analysis of data on the availability of, and the current and projected need for, scientific and technical resources in the United States, and to provide a source of information for policy formulation by other agencies of the Federal government" as mandated in the National Science Foundation Act of 1950.

The proposed project will continue the current survey cycle for three years. The annual Fall surveys for 2005 through 2007 will survey the universe of 712 reporting units (schools) at 592 graduate degree-granting institutions. There are 12,262 departments at these schools that offer accredited graduate programs in science, engineering or health. The survey has provided continuity of statistics on graduate school enrollment and support for graduate students in all science & engineering (S&E) and health fields, with separate data requested on demographic characteristics (race/ethnicity and gender by full-time and part-time enrollment status). Statistics from the survey are published in NSF's annual publication series Graduate Students and Postdoctorates in Science and Engineering, in NSF publications Science and Engineering Indicators, Women, Minorities, and Persons with Disabilities in Science and Engineering, and are available electronically on the World Wide Web.

The survey will be sent primarily to the administrators at the Institutional Research Offices. To minimize burden, NSF instituted a Web-based survey in 1998 through which institutions can enter data directly or upload preformatted files. The Web-based survey includes a complete program for editing and trend checking and allows institutions to receive their previous year's data for comparison. Respondents will be encouraged to participate in this Web-based survey should they so wish. Traditional paper questionnaires will also be available, with editing and trend checking performed as part of the survey processing. In the currently ongoing Fall 2004 GSS survey, preliminary data indicate that 95% of the institutions are submitting the data on the Web-based data collection system. During the 2003 GSS survey cycle, 87% of the institutions used the Web-based data collection system.

The Fall 2003 GSS achieved a total response rate of 99.4% for institutions

and 99.0% for departments. Response rates are not yet available for the currently ongoing Fall 2004 survey.

Estimate of Burden:

Respondents: Individuals.

Estimated Number of Responses: 12,262.

Estimated Total Annual Burden on Respondents: 35,443 hours.

Frequency of Responses: Annually.

Comments: Comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: February 27, 2005.

Reports Clearance Officer, National Science Foundation.
