Item I—Improvements in Contracting for Architect-Engineer Services (FAR Case 2004-001) (Interim)

This interim rule is of particular interest to contracting officers who acquire architect-engineer services. It clarifies to contracting officers that architect-engineer services offered under multiple award schedule contracts or under Federal governmentwide task and delivery order contracts must—

- Be performed under the supervision of a licensed professional architect or engineer; and
- Be awarded in accordance with the quality-based selection procedures in FAR Subpart 36.6.

In addition, the rule clarifies to contracting officers that task orders issued under an indefinite delivery contract must be issued using the procedures in FAR Subpart 36.6 if the services being acquired specify,

substantially or to a dominant extent, the performance of architect-engineer services. This rule implements section 1427 of the Services Acquisition Reform Act of 2003 (Pub. L. 108-136).

Item II—Increased Justification and Approval Threshold for DoD, NASA, and Coast Guard (FAR Case 2004-037) (Interim)

This interim rule amends the FAR by increasing the justification and approval thresholds for DoD, NASA, and the U.S. Coast Guard from \$50,000,000 to \$75,000,000. This change implements Section 815 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005, which amends 10 U.S.C. 2304(f)(1)(B) (Public Law 108-375). This reduces the administrative burden of approving a justification for other than full and open competition by allowing the head of the procuring activity in DoD, NASA, or the Coast

Guard to approve justifications up to \$75 million. In addition to this change, FAR 6.304(a)(3)(ii) is corrected to replace the outdated GS-16 reference with “a grade above GS-15.”

Item III—Extension of Authority for Use of Simplified Acquisition Procedures for Certain Commercial Items, Test Program (FAR Case 2004-034)

This final rule amends the Federal Acquisition Regulation (FAR) by extending until January 1, 2008, the timeframe in which an agency may use simplified procedures to purchase commercial items in amounts greater than the simplified acquisition threshold, but not exceeding \$5,000,000 (\$10,000,000 for acquisitions in support of a contingency operation or to facilitate the defense against or recovery from nuclear, biological, chemical, or radiological attack). This change

implements section 817 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005, which amended section 4202(e) of the Clinger-Cohen Act of 1996 (Public Law 104-106). The statute allows continued reduction of the burden on contracting officers and industry when acquiring commercial items or items treated as commercial items in accordance with 12.102(f)(1).

Item IV—Addition of Landscaping and Pest Control Services to the Small Business Competitiveness Demonstration Program (FAR Case 2004-036) (Interim)

This interim rule amends Federal Acquisition Regulation (FAR) Subpart 19.10, Small Business Competitiveness Demonstration Program, to add two North American Industry Classification System (NAICS) codes, landscaping (561730) and pest control services (561710) to this program. This amendment implements Section 821 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005, Public Law 108-375, which amends Section 717 of the Small Business Competitiveness Demonstration Program Act of 1988 (15 U.S.C. 644 note). This rule provides unrestricted competition in acquisitions of landscaping and pest control services.

Item V—Nonavailable Articles—Policy (FAR Case 2003-021)

This final rule addresses Congressional concerns regarding appropriate use of the list of domestically nonavailable items at FAR 25.104(a). This final rule primarily impacts contracting officers who purchase items that are on the list, or items that contain an item on the list as a significant component. The final rule clarifies that being on the list does not

mean that an item is completely nonavailable from U.S. sources, but that the item is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality. Therefore, the final rule emphasizes the need to conduct market research, appropriate to the circumstances, for potential domestic sources, when acquiring an article on the list.

Item VI—Cost Accounting Standards Administration (FAR Case 1999-025)

This final rule amends the FAR by revising Part 30, Cost Accounting Standards Administration, and the related contract clause at FAR 52.230-6, Administration of Cost Accounting Standards. In addition, a new contract clause is added at FAR 52.230-7, Proposal Disclosure—Cost Accounting Practice Changes. The rule describes the process for determining and resolving the cost impact on contract and subcontracts when a contractor makes a compliant change to a cost accounting practice or follows a noncompliant practice. The case was initiated by OUSD(AT&L)DPAP to address the CAS cost-impact process. The rule is of particular importance to contracting officers and contractors who negotiate and administer CAS-covered contracts and subcontracts in accordance with FAR Part 30.

Item VII—Elimination of Certain Subcontract Notification Requirements (FAR Case 2003-024) (Interim)

This interim rule affects contractors that have cost-reimbursement contracts with the Department of Defense, Coast Guard, or NASA. It amends FAR 44.201-2, Advance Notification Requirements, under cost-reimbursement contracts so that

contractors that maintain a purchasing system approved by the contracting officer for the contract do not have to notify the agency before the award of any—

- Cost-plus-fixed-fee subcontract; or
- Fixed-price subcontract that exceeds the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

This rule implements section 842 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108-136).

Item VIII—Use of FAR Clause 52.244-6, Subcontracts for Commercial Items (FAR Case 2002-021)

This final rule revises FAR 44.403 by requiring the use of the clause at 52.244-6, Subcontracts for Commercial Items, in solicitations and contracts other than those for commercial items. The revised clause prescription clarifies to contracting officers who acquire construction that the clause is required in all solicitations and contracts other than those for commercial items, thereby clearly including construction contracts that are not for the acquisition of commercial items. This rule does not make any changes to existing OFPP guidance addressing the applicability of FAR Part 12 to construction acquisitions.

Item IX—Technical Amendments

Editorial changes are made at FAR 28.203-3(d), 31.101, 42.203, and 52.225-13(b) in order to update references.

Dated: February 24, 2005.
