Pursuant to 10 CFR 2.202(c)(2)(i), Transnuclear may, in addition to demanding a hearing, at the time the answer is filed or sooner, move the presiding officer to set aside the immediate effectiveness of the Order on the ground that the Order, including the need for immediate effectiveness, is not based on adequate evidence but on mere suspicion, unfounded allegations, or error. In the absence of any request for hearing, or written approval of an extension of time in which to request a hearing, the provisions specified in Section III above shall be final twenty

(20) days from the date of this Order without further order or proceedings. If an extension of time for requesting a hearing has been approved, the provisions specified in Section III shall be final when the extension expires if a hearing request has not been received. RAILROAD RETIREMENT BOARD

Proposed Data Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board will publish periodic summaries of proposed data collections.

Comments Are Invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of Information Collection: Statement Regarding Contributions and Support: OMB 3220-0099.

Under Section 2 of the Railroad Retirement Act, dependency on an employee for one-half support at the time of an employee's death can be a condition affecting entitlement to a survivor annuity and can affect the

amount of both spouse and survivor annuities. One-half support is also a condition which may negate the public service pension offset in Tier I for a spouse or widow(er). The Railroad Retirement Board (RRB) utilizes Form G-134, Statement Regarding Contributions and Support, to secure information needed to adequately determine if the applicant meets the

one-half support requirement. One form is completed by each respondent.

Non-burden impacting editorial and formatting changes are being proposed to Form G-134 for clarification purposes.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form No.	Annual responses	Estimated completion time (min)	Burden (hrs)
G-134:			
With assistance	75	147	184
Without assistance	25	180	75
Total	100	259

The following information collection is pending at the RRB and will be submitted to OMB 60 days from the date of this notice. Therefore, your comments should be received within 60 days of this notice.

Title and purpose of information collection: Student Beneficiary Monitoring; OMB 3220-0123-20CFR 219.54 and 219.55. Under provisions of the Railroad Retirement Act (RRA), there are two types of benefits whose payment is based upon the status of a child being in full-time elementary or secondary school attendance at age 18-19; a survivor child's annuity benefit under Section 2(d)(2)(iii) and an increase in the employee retirement annuity under the Special Guaranty computation as prescribed in section 3(f)(3).

The survivor student annuity is usually paid by direct deposit at a financial institution to the student's checking or savings account or a joint bank account with the parent. The requirements for eligibility as a student are prescribed in 20 CFR 216.74, and include students in independent study or home schooling.

The RRB requires evidence of full-time school attendance in order to determine that a child is entitled to student benefits. The RRB utilizes the following forms to conduct its student monitoring program. Form G-315, Student Questionnaire, obtains certification of a student's full-time school attendance. It also obtains information on a student's marital status, Social Security benefits, and employment which are needed to determine entitlement or continued entitlement to benefits under the RRA. Form G-315a, Statement of School Official, is used to obtain verification from a school that a student attends school full-time and provides their expected graduation date. Form G-315a.1, School Officials Notice of Cessation of Full-Time Attendance, is used by a school to notify the RRB that a student has ceased full-time school attendance.

Type of Request: Revision of an OMB approved information collection. Completion is required to obtain or retain a benefit.

Number of Respondents: 900—The RRB estimates that approximately 860 Form G-315's, 20 Form G-315a's and 20 Form G-315a.1's are received annually.

Frequency of Response: Once.

Average Burden Per Response: The completion time for the G-315 is estimated at 15 minutes per response. The completion time for the G-315a is estimated at 3 minutes per response and the G-315a.1 estimated completion time is 2 minutes.

Estimated Annual Burden: 217 hours.

Clearance Officer.
