

definition set forth in 47 U.S.C. 397(6)(B). Specifically, the applicant must state that it is: (1) Proposing to construct and operate a noncommercial educational station; (2) it is a municipality, and (3) it intends to transmit only noncommercial programs for educational purposes. Applicants seeking designation as an NCE station applicant must submit this specified information to the Commission no later than May 13, 2005.

II. Dismissal of Engineering Proposals for Failure To Submit FRN

4. The *LPTV Revised Inventory Public Notice* lists the engineering proposals that will no longer be included in Auction No. 81 as a result of the applicant's failure to submit the requested FCC Registration Number (FRN). The engineering proposals listed in Attachment B were dismissed on April 13, 2005 for failure to submit an FRN pursuant to authority delegated in 47 CFR 0.283 and 0.331. A listing of the dismissed engineering proposals is provided in Attachment B to the *LPTV Revised Inventory Public Notice*.

III. Revised Inventory

5. The *LPTV Revised Inventory Public Notice* corrects and replaces the list of available construction permits released as Attachment A to the *Auction No. 81 Comment Public Notice*, 70 FR 11975,

March 10, 2005. Due to the dismissal of some engineering proposals for failure to submit an FRN, some engineering proposals became a singleton, an engineering proposal that is not mutually-exclusive with any other engineering proposal, and were removed from the auction inventory. The removal of engineering proposals in some cases resulted in the removal of entire mutually exclusive (MX) groups from the auction inventory. Upon reexamination, we also removed from the auction inventory some MX groups which consisted of "daisy chain" engineering proposals. In addition, we removed from the auction inventory some engineering proposals previously identified as singletons.

6. Participation in Auction No. 81 will be limited to those applicants and mutually-exclusive (MX) engineering proposals that are identified in the revised Attachment A. Qualified applicants will be eligible to bid only on those construction permits for which the applicant's engineering proposal is specified in the particular MX group as identified in the revised Attachment A to the *LPTV Revised Inventory Public Notice*.

IV. Retention of MX Group 56 in Auction

7. In response to the *Auction No. 81 Comment Public Notice*, a licensee

requested that MX group 56 be removed from the auction. For the reasons explained in the *LPTV Revised Inventory Public Notice*, the Commission declines to remove MX group 56 from Auction No. 81.
