OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Generalized System of Preferences (GSP): Notice Regarding the Initiation of the 2005 Annual GSP Product and Country Eligibility Practices Review

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and solicitation for public petition.

SUMMARY: This notice announces that the Office of the United States Trade Representative (USTR) will receive petitions in 2005 to modify the list of products that are eligible for duty-free treatment under the GSP program, and to modify the GSP status of certain GSP beneficiary developing countries because of country practices. This notice further determines that the deadline for submissions of petitions for the 2005 Annual GSP Product and Country Eligibility Practices Review is 5 PM, June 15, 2005. The list of product petitions and country practice petitions accepted for review will be announced in the **Federal Register** at a later date.

FOR FURTHER INFORMATION CONTACT:

Contact the GSP Subcommittee of the Trade Policy Staff Committee, Office of the United States Trade Representative, 1724 F Street, NW, Room F-220, Washington, DC 20508. The telephone number is (202) 395-6971 and the facsimile number is (202) 395-9481.

2005 Annual GSP Review

The GSP regulations (15 CFR part 2007) provide the schedule of dates for conducting an annual review, unless otherwise specified by **Federal Register** notice. Notice is hereby given that, in order to be considered in the 2005 Annual GSP Product and Country Eligibility Practices Review, all petitions to modify the list of articles eligible for duty-free treatment under GSP or to review the GSP status of any beneficiary developing country must be received by the GSP Subcommittee of the Trade Policy Staff Committee no later than 5 p.m. on June 15, 2005. Petitions submitted after the deadline will not be considered for review.

Interested parties, including foreign governments, may submit petitions to:

- (1) Designate additional articles as eligible for GSP benefits, including to designate articles as eligible for GSP benefits only for countries designated as least-developed beneficiary developing countries, or only for countries designated as beneficiary sub-Saharan African countries under the African Growth and Opportunity Act (AGOA);
- (2) withdraw, suspend or limit the application of duty-free treatment accorded under the GSP with respect to any article, either for all beneficiary developing countries, least-developed beneficiary developing countries or beneficiary sub-Saharan African countries, or for any of these countries individually;
- (3) waive the "competitive need limitations" for individual beneficiary developing countries with respect to specific GSP-eligible articles (these limits do not apply to either least-developed beneficiary developing countries or beneficiary sub-Saharan African countries); and
- (4) otherwise modify GSP coverage.

As specified in 15 CFR 2007.1, all product petitions must include a detailed description of the product and the subheading of the Harmonized Tariff Schedule of the United States (HTSUS) under which the product is classified.

Any person may also submit petitions to review the designation of any beneficiary developing country, including any least-developed beneficiary developing country, with respect to any of the designation criteria listed in sections 502(b) or 502(c) of the Trade Act (19 U.S.C. 2462(b) and (c)) (petitions to review the designation of beneficiary Sub-Saharan African countries are considered in the Annual Review of the AGOA, a separate administrative process not governed by the GSP regulations). Such petitions must comply with the requirements of 15 CFR 2007.0(b).

Requirements for Submissions

All such submissions must conform to the GSP regulations set forth at 15 CFR part 2007, except as modified below. These regulations are reprinted in "A Guide to the U.S. Generalized System of Preferences (GSP)" (August 1991) ("GSP Guidebook"), available at <http://www.ustr.gov>.

Any person or party making a submission is strongly advised to review the GSP regulations. Submissions that do not provide the information required by §§ 2007.0 and 2007.1 of the GSP regulations will not be accepted for review, except upon a detailed showing in the submission that the petitioner made a good faith effort to obtain the

information required. Petitions with respect to waivers of the "competitive need limitations" must meet the information requirements for product addition requests in § 2007.1(c) of the GSP regulations. A model petition format is available from the GSP Subcommittee and is included in the GSP Guidebook. Petitioners are requested to use this model petition format so as to ensure that all information requirements are met. Furthermore, interested parties submitting petitions that request action with respect to specific products should list on the first page of the petition the following information after typing "2005 Annual GSP Review": (1) The requested action; (2) the HTSUS subheading in which the product is classified; and (3) if applicable, the beneficiary developing country. Petitions and requests must be submitted, in English, to the Chairman of the GSP Subcommittee, Trade Policy Staff Committee, and must be received no later than June 15, 2005.

Submissions in response to this notice will be available for public inspection by appointment with the staff of the USTR Public Reading Room, except for information granted "business confidential" status pursuant to 15 CFR 2003.6. If the submission contains business confidential information, a non-confidential version of the submission must also be submitted that indicates where confidential information was redacted by inserting asterisks where material was deleted. In addition, the confidential submission must be clearly marked "BUSINESS CONFIDENTIAL" in large, bold letters at the top and bottom of each and every page of the document. The public version that does not contain business confidential information must also be clearly marked in large, bold letters at the top and bottom of each and every page (either "PUBLIC VERSION" or "NON-CONFIDENTIAL"). Documents that are submitted without any marking might not be accepted or will be considered public documents.

In order to facilitate prompt consideration of submissions, USTR strongly urges and prefers electronic mail (e-mail) submissions in response to this notice. Hand-delivered submissions will not be accepted. E-mail submissions should be single copy transmissions in English with the total submission including attachments not to exceed 50 pages in 12-point type and 3 megabytes as a digital file attached to an e-mail transmission. E-mail submissions should use the following subject line: "2005 Annual GSP Review-

Petition." Documents must be submitted as either WordPerfect (".WPD"), MSWord (".DOC"), or text (".TXT") file. Documents cannot be submitted as electronic image files or contain imbedded images (for example, ".JPG", ".TIF", ".PDF", ".BMP", or ".GIF") as these type files are generally excessively large. E-mail submissions containing such files will not be accepted. Supporting documentation submitted as spreadsheets are acceptable as Quattro Pro or Excel, pre-formatted for printing on 8½ x 11 inch paper. To the extent possible, any data attachments to the submission should be included in the same file as the submission itself, and not as separate files. E-mail submissions should not include separate cover letters or messages in the message area of the e-mail; information that might appear in any cover letter should be included directly in the attached file containing the submission itself, including identifying information on the sender, including sender's e-mail address.

For any document containing business confidential information submitted as an electronic attached file to an e-mail transmission, in addition to the proper marking at the top and bottom of each page as previously specified, the file name of the business confidential version should begin with the characters "BC-", and the file name of the public version should begin with the characters "P-". The "P-" or "BC-" should be followed by the name of the person or party (government, company, union, association, etc.) submitting the petition. Submissions by e-mail should not include separate cover letters or messages in the message area of the e-mail; information that might appear in any cover letter should be included directly in the attached file containing the submission itself. The electronic mail address for these submissions is FR0441@USTR.GOV.

Documents not submitted in accordance with the GSP regulations as modified by these instructions might not be considered in this review.

Public versions of all documents relating to this review will be available for review approximately 30 days after the due date by appointment in the USTR Public Reading Room, 1724 F Street NW, Washington, DC. Availability of documents may be ascertained, and appointments may be made from 9:30 a.m. to noon and 1 p.m.

to 4 p.m., Monday through Friday, by calling (202) 395-6186.

H.J. Rosenbaum,

Acting Executive Director GSP; Acting Chairman, GSP Subcommittee of the Trade Policy Staff Committee.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket Number NHTSA-2004-19187]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: This notice solicits public comments on continuation of the requirements for the collection of information on safety standards. Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes a collection of information on seven Federal motor vehicle safety standards (FMVSSs) and one regulation, for which NHTSA intends to seek OMB approval. The information collection pertains to requirements that specify certain safety precautions regarding items of motor vehicle equipment must appear in the vehicle owner's manual.

DATES: Comments must be received on or before July 8, 2005.

ADDRESSES: Comments must refer to the docket notice number cited at the beginning of this notice and be submitted to Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested, but not required, that 2 copies of the comment be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m.

FOR FURTHER INFORMATION CONTACT:

Complete copies of each request for collection of information may be obtained at no charge from Mrs. Lori Summers, NHTSA 400 Seventh Street, SW., Room 5307, NVS-112,

Washington, DC 20590. Mrs. Summers' telephone number is (202) 366-4917. Please identify the relevant collection of information by referring to this Docket Number (Docket Number NHTSA-04-19187).

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before a proposed collection of information is submitted to OMB for approval, Federal agencies must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected; and

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: Consolidated Vehicle Owner's Manual Requirements for Motor Vehicles and Motor Vehicle Equipment.

OMB Control Number: 2127-0541.

Form Number: This collection of information uses no standard form.

Requested Expiration Date of Approval: Three years from the approval date.

Type of Request: Extension of a currently approved collection.

Affected Public: Individuals, households, business, other for-profit, not-for-profit, farms, Federal Government and state, local or tribal government.

Summary of the Collection of Information: 49 U.S.C. 30111 authorizes the issuance of Federal motor vehicle safety standards (FMVSS) and regulations. The agency, in prescribing

a FMVSS or regulation, considers available relevant motor vehicle safety data, and consults with other agencies, as it deems appropriate. Further, the statute mandates that in issuing any FMVSS or regulation, the agency considers whether the standard or regulation is "reasonable, practicable and appropriate for the particular type of motor vehicle or item of motor vehicle equipment for which it is prescribed," and whether such a standard will contribute to carrying out the purpose of the Act. The Secretary is authorized to invoke such rules and regulations as deemed necessary to carry out these requirements. Using this authority, the agency issued the following FMVSS and regulations, specifying that certain safety precautions regarding items of motor vehicle equipment appear in the vehicle owner's manual to aid the agency in achieving many of its safety goals: FMVSS No. 108, "Lamps, reflective devices, and associated equipment," FMVSS No. 110, "Tire selection and rims," FMVSS No. 202, "Head restraints," FMVSS No. 205, "Glazing materials," FMVSS No. 208, "Occupant crash protection," FMVSS No. 210, "Seat belt assembly anchorages," FMVSS No. 213, "Child restraint systems," Part 575 Section 103, "Camper loading," Part 575 Section 105, "Utility vehicles."

This notice requests comments on the information collections of these FMVSSs and regulations.

Description of the need for the information and proposed use of the information: In order to ensure that manufacturers are complying with the FMVSS and regulations, NHTSA requires a number of information collections in FMVSS Nos. 108, 110, 202, 205, 208, 210, and 213, and Part 575 Sections 103 and 105.

FMVSS No. 108, "Lamps, reflective devices, and associated equipment." This standard requires that certain lamps and reflective devices with certain performance levels be installed on motor vehicles to assure that the roadway is properly illuminated, that vehicles can be readily seen, and the signals can be transmitted to other drivers sharing the road, during day, night and inclement weather. Since the specific manner in which headlamp aim is to be performed is not regulated (only the performance of the device is), aiming devices manufactured or installed by different vehicle and headlamp manufacturers may work in significantly different ways. As a
