

administration of the merchant mariner credentialing program.

5. *Harmonization*—Organizations such as the International Maritime Organization (IMO) have undertaken comprehensive efforts concerning safety and security in the maritime arena. These efforts include the Standards of Training, Certification and Watchkeeping (STCW), and the International Ship and Port Facility Security Code (ISPS). Many of these initiatives have been spearheaded by the United States. The proposal seeks to harmonize the credentialing statutes with these efforts and improve our ability to implement both ongoing and future standards.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4922-N-08]

Privacy Act of 1974; Notice of a Computer Matching Program

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice of a computer matching program—HUD and the United States Department of Agriculture (USDA).

SUMMARY: In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988, as amended, (Pub. L. 100-503), and the Office of Management and Budget (OMB) Guidelines on the Conduct of Matching Programs (54 FR 25818; June 19, 1989), and OMB Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management (OMB), Congress and the Public," HUD is issuing a public notice of its intent to conduct a recurring

computer matching program with the USDA to utilize a computer information system of HUD, the Credit Alert Interactive Voice Response System (CAIVRS), with USDA's debtor files. In addition to HUD's data, the CAIVRS database includes delinquent debt information from the Departments of Education, Veterans Affairs, Justice and the Small Business Administration. This match will allow prescreening of applicants for debts owed or loans guaranteed by the Federal government to ascertain if the applicant is delinquent in paying a debt owed to or insured by the Federal government for HUD or USDA direct or guaranteed loans.

Before granting a loan, the lending agency and/or the authorized lending institution will be able to interrogate the CAIVRS debtor file which contains the Social Security Numbers (SSNs) of HUD's delinquent debtors and defaulters and defaulted debtor records of the USDA and verify that the loan applicant is not in default or delinquent on direct or guaranteed loans of participating Federal programs of either agency. As a result of the information produced by this match, the authorized users may not deny, terminate, or make a final decision of any loan assistance to an applicant or take other adverse action against such applicant, until an officer or employee of such agency has independently verified such information.

DATES: Effective Date: Computer matching is expected to begin on June 20, 2005, unless comments are received which will result in a contrary determination, or 40 days from the date a computer matching agreement is signed, whichever is later.

Comments Due Date: June 20, 2005.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410.

Communications should refer to the above docket number and title. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT:

From Recipient Agency: Jeanette Smith, Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 7th Street, SW., Room P8202, Washington, DC 20410, telephone number (202) 708-2374 or FAX (202) 708-3135. (These are not toll-free numbers.)

From Source Agency: Joyce Baumgartner, Debt/Credit Management Coordinator, Department of Agriculture, 14th and Independence Avenue, SW., Washington, DC 20250, telephone number (202) 720-1168. (This is not a toll-free number.)

Reporting of Matching Program: In accordance with Public Law 100-503, the Computer Matching and Privacy Protection Act of 1988, as amended, and Office of Management and Budget Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public," copies of this notice and report are being provided to the Committee on Government Reform of the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, and the Office of Management and Budget.

Authority: The matching program will be conducted pursuant to Public Law 100-503, "The Computer Matching and Privacy Protection Act of 1988," as amended, and Office of Management and Budget (OMB) Circular A-129 (Revised January 1993), Policies for Federal Credit Programs and Non-Tax Receivables. One of the purposes of all Executive departments and agencies—including HUD—is to implement efficient management practices for Federal credit programs. OMB Circular A-129 was issued under the authority of the Budget and Accounting Act of 1921, as amended; the Budget and Accounting Act of 1950, as amended; the Debt Collection Act of 1982, as amended; and, the Deficit Reduction Act of 1984, as amended.

Objectives To Be Met By The Matching Program: The matching program will allow USDA access to a system which permits prescreening of applicants for loans owed or guaranteed by the federal government to ascertain if the applicant is delinquent in paying a debt owed to or insured by the Government. In addition, HUD will be provided access to USDA debtor data for prescreening purposes.

Records To Be Matched: HUD will utilize its system of records entitled HUD/DEPT-2,

Accounting Records. The debtor files for HUD programs involved are included in this system of records. HUD's debtor files contain information on borrowers and co-borrowers who are currently in default) at least 90 days delinquent on their loans; or who have any outstanding claims paid during the last three years on Title II insured or guaranteed home mortgage loans; or individuals who have defaulted on Section 312 rehabilitation loans; or

individuals who have had a claim paid in the last three years on a Title I loan. For the CAIVRS match, HUD/DEPT-2, System of Records, receives its program inputs from HUD/DEPT-28, Property Improvement and Manufactured (Mobile) Home Loans—Default; HUD/DEPT-32, Delinquent/Default/Assigned Temporary Mortgage Assistance Payments (TMAP) Program; and HUD/CPD-1, Rehabilitation Loans—Delinquent/Default. The USDA will provide HUD with debtor files contained in its system of records entitled, Applicant/Borrower or Grantee File (USDA/FmHA-1). HUD is maintaining USDA's records only as a ministerial action on behalf of USDA, not as a part of HUD's HUD/DEPT-2 system of records. USDA's data contain information on individuals who have defaulted on their guaranteed loans. The USDA will retain ownership and responsibility for their system of records that they place with HUD. HUD serves only as a record location and routine use recipient for USDA's data.

Notice Procedures: HUD and the USDA will notify individuals at the time of application (ensuring that routine use appears on the application form) for guaranteed or direct loans that their records will be matched to determine whether they are delinquent or in default on a federal debt. HUD and the USDA will also publish notices concerning routine use disclosures in the **Federal Register** to inform individuals that a computer match may be performed to determine a loan applicant's credit status with the federal government.

Categories of Records/Individuals Involved: The debtor records include these data elements: SSN, claim number, program code, and indication of indebtedness. Categories of records include: Records of claims and defaults, repayment agreements, credit reports, financial statements, and records of foreclosures. Categories of individuals include: former mortgagors and purchasers of HUD-owned properties, manufactured (mobile) home and home improvement loan debtors who are delinquent or in default on their loans, and rehabilitation loan debtors who are delinquent or in default on their loans.

Period Of The Match: Matching is expected to begin at least 40 days from the date copies of the signed (by both Data Integrity Boards) computer matching agreements are sent to both Houses of Congress or at least 30 days from the date this notice is published in the **Federal Register**, whichever is later, providing no comments are received which would result in a contrary determination. The matching program

will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other in writing to terminate or modify the agreement.

Dated: May 11, 2005.

Lisa Schlosser,

Chief Information Officer.

The North American Waterfowl Management Plan (NAWMP), first signed in 1986, is a tripartite agreement among Canada, Mexico, and the United States to enhance, restore, and otherwise protect continental wetlands to benefit waterfowl and other wetlands-associated wildlife through partnerships between and among the private and public sectors. Because the 1986 NAWMP did not carry with it a mechanism to provide for broadly based and sustained financial support for wetland conservation activities, Congress passed and the President signed into law the NAWCA. The purpose of NAWCA, as amended, is to promote, through partnerships, long-term conservation of North American wetland ecosystems and the waterfowl and other migratory birds, fish, and wildlife that depend upon such habitat. Principal conservation actions supported by NAWCA are acquisition, enhancement, and restoration of wetlands and wetlands-associated habitat.

In addition to providing for a continuing and stable funding base, NAWCA establishes an administrative body, the North American Wetlands Conservation Council, made up of a State representative from each of the four flyways, three representatives from wetlands conservation organizations, the Secretary of the Board of the National Fish and Wildlife Foundation, and the Director of the Service. This Council is exempt from the requirements of the Federal Advisory Committee Act. The Council recommends funding of select wetlands conservation project proposals to the Migratory Bird Conservation Commission (MBCC). Competing for grant funds involves applications from partnerships that describe in substantial
