

DEPARTMENT OF COMMERCE**International Trade Administration****[A-580-807]****Polyethylene Terephthalate Film from South Korea; Extension of Time Limit for Final Results of Sunset Review of Antidumping Duty Order**

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: May 26, 2005.

FOR FURTHER INFORMATION CONTACT: Martha Douthit at 202-482-5050, Hilary Sadler at 202-482-4340, Zev Primor at 202-482-4114, or Dana Mermelstein at 202-482-1391. Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230.

Extension of Time Limit for Final Results of Review

The Department of Commerce ("the Department") is extending the time limit for the final results of the sunset review of the antidumping duty order on polyethylene terephthalate (PET) film from South Korea (Korea). In accordance with section 751(c)(5)(B) of the Tariff Act of 1930, as amended ("the Act"), the Department may extend the period of time for making its determination by not more than 90 days, if it determines that the review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order. A transition order is defined as any antidumping or countervailing duty order which was in effect on January 1, 1995, the date on which the WTO Agreement entered into force with respect to the United States. See section 751(c)(6)(C) of the Act. The antidumping duty order subject to this sunset review was issued prior to January 1, 1995, and as such, is a transition order. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset review of the antidumping duty order on PET film from Korea is extraordinarily complicated and requires additional time for the Department to complete its analysis. The Department's final results of this sunset review were scheduled for June 2, 2005. The Department will extend the deadline in this proceeding and, as a result, intends to issue the final results of the sunset review of the antidumping duty order on PET film from Korea on

August 31, 2005, which is 90 days from the original deadline.

This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: May 19, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE**International Trade Administration****[A-412-822]****Stainless Steel Bar From the United Kingdom: Notice of Rescission of Antidumping Duty Administrative Review**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* May 26, 2005.

FOR FURTHER INFORMATION CONTACT: Kate Johnson or Rebecca Trainor, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4929 or (202) 482-4007, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On March 1, 2005, the Department published in the **Federal Register** (70 FR 9918) a notice of "Opportunity To Request Administrative Review" of the antidumping duty order on stainless steel bar from the United Kingdom for the period March 1, 2004, through February 28, 2005. On March 31, 2005, Corus Engineering Steels (CES) requested an administrative review of its sales for this period. On April 22, 2005, the Department published a notice of initiation of an administrative review of the antidumping duty order on stainless steel bar from the United Kingdom with respect to this company. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 70 FR 20862.

Rescission of Review

On May 3, 2005, CES timely withdrew its request for an administrative review of its sales during the above-referenced period. Section 351.213(d)(1) of the Department's regulations stipulates that the Secretary will rescind an administrative review if the party that requests a review withdraws the request

within 90 days of the date of publication of notice of initiation of the requested review. In this case, CES has withdrawn its request for review within the 90-day period. CES was the sole party to request the initiation of the review; therefore, we are rescinding this review of the antidumping duty order on stainless steel bar from the United Kingdom.

This notice is published in accordance with section 751 of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 20, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE**International Trade Administration****[A-588-702, A-580-813, A-583-816]****Stainless Steel Butt-Weld Pipe Fittings from Japan, Korea, and Taiwan; Extension of Time Limits for Final Results of Sunset Reviews of Antidumping Duty Orders**

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: May 26, 2005.

INFORMATION CONTACT: Martha Douthit at 202-482-5050, Hilary Sadler at 202-482-4340, Zev Primor at 202-482-4114, or Dana Mermelstein at 202-482-1391. Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:**Extension of Time Limit for Final Results of Reviews**

The Department of Commerce ("the Department") is extending the time limits for the final results in the sunset reviews of the antidumping duty orders on stainless steel butt-weld pipe fittings from Japan, Korea, and Taiwan. In accordance with section 751(c)(5)(B) of the Tariff Act of 1930, as amended, ("the Act"), the Department may extend the period of time for making its determination by not more than 90 days, if it determines that the review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Act, the Department may treat a sunset review as extraordinarily complicated, if it is a review of a transition order. A transition order is defined as any antidumping or

countervailing duty order which was in effect on January 1, 1995, the date on which the WTO Agreement entered into force with respect to the United States. See section 751(c)(6)(C) of the Act. All of the orders subject to these sunset reviews were issued prior to January 1, 1995, and as such, are transition orders. Specifically, the antidumping duty orders on stainless steel butt-weld pipe fittings from Japan, Korea, and Taiwan were issued on March 15, 1988, February 23, 1993, and June 16, 1993, respectively. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the sunset reviews of the antidumping duty orders on stainless steel butt-weld pipe fittings from Japan, Korea, and Taiwan are extraordinarily complicated and require additional time for the Department to complete its analyses. The Department's final results of these sunset reviews were scheduled for June 2, 2005. The Department will extend the deadlines in these proceedings and, as a result, intends to issue the final results of the antidumping duty orders on stainless steel butt-weld pipe fittings from Japan, Korea, and Taiwan on August 31, 2005, which is 90 days from the original deadline.

This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: May 19, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

International Trade Administration

(C-351-829)

Continuation of Countervailing Duty Order; Certain Hot-Rolled Flat-Rolled Carbon-Quality Steel Products From Brazil

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that revocation of the countervailing duty order on certain hot-rolled flat-rolled carbon-quality steel products from Brazil, would likely lead to continuation or recurrence of countervailable subsidies, and material injury to an industry in the United States, the Department is publishing

notice of the continuation of this countervailing duty order.

EFFECTIVE DATE: May 12, 2005.

CONTACT INFORMATION: Martha V. Douthit, Office of Policy, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230; telephone: (202) 482-5050.

SUPPLEMENTARY INFORMATION:

Background

On May 3, 2004, the Department initiated and the ITC instituted a sunset review of the countervailing duty order on certain hot-rolled flat-rolled carbon-quality steel products from Brazil, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").¹ As a result of its review, the Department found that revocation of the countervailing duty order would likely lead to continuation or recurrence of subsidies and notified the ITC of the net countervailing subsidy rate likely to prevail were the order to be revoked.²

On May 5, 2005, the ITC determined pursuant to section 751(c) of the Act, that revocation of the countervailing duty order on certain hot-rolled flat-rolled carbon-quality steel products from Brazil would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Order

See Appendix 1

Determination

As a result of the determinations by the Department and the ITC that revocation of this countervailing duty order would likely lead to continuation or recurrence of subsidies and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the countervailing duty order on certain hot-rolled flat-rolled carbon-quality steel products from Brazil.

As provided in 19 CFR 351.218(f)(4), the Department normally will issue its determination to continue an order not later than seven days after the date of publication in the **Federal Register** of

the ITC's determination concluding the sunset review and, immediately thereafter, will publish notice of its determination in the **Federal Register**. In the instant case, however, the Department's publication of the Notice of Continuation was delayed. The Department has explicitly indicated that the effective date of continuation of this order is May 12, 2005, seven days after the date of publication in the **Federal Register** of the ITC's determination. As a result, pursuant to sections 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than April 2010.

This five-year (sunset) review and notice are in accordance with section 751(c) of the Act and 19 CR 351.218 (f)(4).

Dated: May 20, 2005.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

APPENDIX 1

Scope of the Order: Brazil (C-351-829)

The products covered under the countervailing duty order are certain hot-rolled flat-rolled carbon-quality steel products, meeting the physical parameters described below, regardless of application.

The hot-rolled flat-rolled carbon-quality steel products subject to this order are of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics of other non-metallic substances, in coils (whether or not in successively superimposed layers) regardless of thickness, and in straight lengths, of a thickness less than 4.75 mm and of a width measuring at least 10 times the thickness. Specifically included in this scope are vacuum degassed, fully stabilized (IF) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. Steel products to be included in the scope of this order, regardless of Harmonized Tariff Schedule of the United States ("HTSUS") definitions, are products in which: (1) iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements listed below exceeds certain specified quantities.

The merchandise subject to the order is currently classifiable under subheadings 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00,
