## DEPARTMENT OF LABOR

### Office of the Secretary

#### Combating Exploitive Child Labor Through Education in Mozambique

**AGENCY:** Bureau of International Labor Affairs, Department of Labor.

*Announcement Type:* New. Notice of Availability of Funds and Solicitation for Cooperative Agreement Applications.

*Funding Opportunity Number:* SGA 05-04.

*Catalog of Federal Domestic Assistance (CFDA) Number:* Not applicable.

*Key Dates:* Deadline for Submission of Application is July 11, 2005.

**SUMMARY:** The U.S. Department of Labor, Bureau of International Labor Affairs, will award up to U.S. \$3 million through one or more cooperative agreements to an organization or organizations to improve access to and quality of education programs as a means to combat exploitive child labor in Mozambique. Projects funded under this solicitation will provide educational and training opportunities to children as a means of removing and/or preventing them from engaging in exploitive work or the worst forms of child labor. The activities funded will complement and expand upon existing projects and programs to improve basic

education in the country. Applications must respond to the entire Statement of Work outlined in this solicitation. In Mozambique, activities under these cooperative agreements will provide the direct delivery of quality basic education to working children and those at risk of entering work, and will result in their enrollment, persistence, and completion of an education or training program.

#### I. Funding Opportunity Description

The U.S. Department of Labor (USDOL), Bureau of International Labor Affairs (ILAB), announces the availability of funds to be awarded by cooperative agreement to one or more qualifying organizations for the purpose of expanding access to and quality of basic education and strengthening government and civil society's capacity to address the education needs of working children and those at risk of entering in work in Mozambique. The overall purpose of USDOL's Child Labor Education Initiative, as consistently enunciated in USDOL appropriations FY 2000 through FY 2005, is to work toward the elimination of the worst forms of child labor through the provision of basic education. Accordingly, entities applying under this solicitation must develop and implement strategies for the prevention and withdrawal of children from the worst forms of child labor, consistent with this purpose. ILAB is authorized to award and administer this program by the Consolidated Appropriations Act, 2005, Public Law 108-447, 118 Stat. 2809 (2004). The cooperative agreement or cooperative agreements awarded under this initiative will be managed by ILAB's International Child Labor Program (ICLP) to assure achievement of the stated goals. Applicants are encouraged to be creative in proposing cost-effective interventions that will have a demonstrable impact in promoting school attendance and completion in the geographical areas where children are engaged in or are most at risk of working in the worst forms of child labor.

#### 1. Background and Program Scope

##### A. USDOL Support of Global Elimination of Exploitive Child Labor

The International Labor Organization (ILO) estimated that 211 million children ages 5 to 14 were working around the world in 2000. Full-time child workers are generally unable to attend school, and part-time child laborers balance economic survival with schooling from an early age, often to the detriment of their education. Since
