#### **SUPPLEMENTARY INFORMATION:**

##### **A. Background**

Section 702 of Public Law 107-117, as amended by section 3003 of Public Law 107-206, provides that subcontracts awarded to Alaskan Native Corporations (ANC) that are considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C.

1626(e)(1), and any of its direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2), shall be counted towards the satisfaction of a contractor's goal for subcontracting with SB and SDB concerns. The law also provides that subcontracts awarded to Indian tribes may be counted towards the satisfaction of a contractor's goal for subcontracting with SB concerns. Such credit is taken even where the ANC or Indian tribe may be "other than small" under the Small Business Administration (SBA) regulations.

In addition, section 3003 provides that "where lower tier subcontracts exist, the ANC or Indian tribe shall designate the appropriate contractor or contractors to receive credit towards their small or small disadvantaged business subcontracting goals." Accordingly, the rule requires that, where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate contractor to count the subcontract towards its small business and/or small disadvantaged subcontracting goals. In most cases, the appropriate contractor is the contractor that awarded the subcontract to the ANC or Indian tribe. Therefore, the revision includes a requirement that the ANC or Indian tribe give a copy of the designation to the contracting officer, the prime contractor, and the subcontractors in between. The Councils invite industry to comment on the feasibility of this approach and any alternatives for complying with the law.

The law does not provide for such an ANC and any of its direct and indirect subsidiary corporations, joint ventures, and partnerships to be eligible for SDB or 8(a) certification unless the entity otherwise meets the requirements for certification under 15 U.S.C. 637. Similarly, the law does not provide for contractors to count subcontracts awarded to such an entity toward the evaluation of the extent of the participation of SDB concerns in the performance of certain North American Industry Classification System (NAICS) Industry codes unless the entity is certified as an SDB by SBA (FAR Subpart 19.12). The FAR is being amended to implement these changes to 43 U.S.C. 1626.

The specific changes are as follows:

- FAR 19.701 and the clause at 52.219-9 are amended to add definitions for ANC and Indian tribes consistent with 43 U.S.C. 1601, *et seq.*, and 25 U.S.C. 1452, respectively.

- FAR 19.703 is amended to add paragraph (c). Paragraph (1)(i) authorizes contractors to count awards to ANCs towards the satisfaction of the contractor's SB and SDB goals regardless of the size status of the ANC, and to provide for the ANC to designate which contractor is to receive the credit; and paragraph (c)(1)(ii) authorizes contractors to count awards to Indian tribes towards the satisfaction of the contractor's SB goals, regardless of the size status of the Indian tribe.

Paragraph (c)(1)(iii) is added to provide that where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate contractor to count the subcontract towards its small business and/or small disadvantaged subcontracting goals. In most cases, the appropriate contractor is the contractor that awarded the subcontract to the ANC or Indian tribe. Paragraph (d)(2) is added to provide that a contractor acting in good faith may rely on the written representation of an ANC or Indian tribe as to eligibility and incorporates the procedures at 26.103(b) through (e) in the event of a challenge of such a representation.

- FAR 19.704, the clause at 52.219–9, and the instructions for the SF 294, “Subcontracting Report for Individual Contracts,” and SF 295, “Summary Subcontract Report,” are amended to permit subcontracts awarded to certain ANCs to be counted towards the satisfaction of a contractor's goal for subcontracting with SB and SDB concerns, and to permit subcontracts awarded to Indian tribes to be counted towards the satisfaction of a contractor's goal for subcontracting with SB concerns.

- FAR 19.704 and the clause at 52.219–9 are amended to provide where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate which subcontractor(s) or prime contractor(s) will be able to count the subcontract towards its small business and small disadvantaged subcontracting goals.

- The clause at 52.219–9(j)(2) stipulates that awards to ANCs that are not certified SDBs may not be counted towards the evaluation of the extent of participation of SDB concerns in the performance of contracts in the NAICS Industry Subsectors.

- The instructions for the SF 294 and SF 295 are revised to include a cross-reference to the FAR 19.703 eligibility requirements for participation in the

small business subcontracting program; to incorporate administrative corrections to ensure consistency in reporting of goals and actual performance; and for technical edits.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

## B. Regulatory Flexibility Act

The changes may have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the law allows other than small business Federal contractors to receive SDB and/or SB subcontract credit for subcontracts awarded to Indian tribes and ANCs, regardless of whether they are SB, SBA-certified SDBs, or certified 8(a) firms. SBs and certified SDBs may be adversely impacted to the extent that there are Indian tribes or ANCs that are large businesses and may now be more likely to be used as subcontractors or suppliers on Federal contracts. It is estimated that there are 562 Indian tribes and ANCs. Information was not available on the number of these entities that were large business, SB, or SDB. An Initial Regulatory Flexibility Analysis (IRFA) has been prepared and will be provided to the Chief Counsel for Advocacy for the Small Business Administration. The analysis is summarized as follows:

This proposed rule revises the Federal Acquisition Regulation in order to comply with 43 U.S.C. 1626 which allows other than small business Federal contractors to receive small business (SB) subcontracting credit for subcontracts awarded to Indian tribes, regardless of whether they are small business. Additionally, the law allows other than small business Federal contractors to receive small business and small disadvantaged business (SDB) subcontracting credit for subcontracts awarded to Alaskan Native Corporations (ANCs) which are considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1) and any of its direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2), regardless of whether they are small businesses, SBA-certified SDBs, or certified 8(a) firms.

This proposed rule implements section 702 of the 2002 Department of Defense Supplemental Appropriation, as amended by section 3003 of the 2002 Supplemental Appropriations for Further Recovery From and Response To Terrorist Attacks on the United States. The objective of the statute is to encourage large business contractors to

utilize ANCs and Indian tribes as subcontractors and suppliers on Federal contracts.

The changes may have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the law allows other than small business Federal contractors to receive small disadvantaged business and/or small business subcontract credit for subcontracts awarded to Indian tribes and ANCs. The rule will impose no new reporting or recordkeeping requirements on small entities.

A copy of the IRFA may be obtained from the FAR Secretariat. The Councils will consider comments from small entities concerning the affected FAR parts 19, 52, and 53 in accordance with 5 U.S.C. 610. Comments must be submitted separately and should cite 5 U.S.C. 601, *et seq.* (FAR case 2004–017), in correspondence.

## C. Paperwork Reduction Act

The Paperwork Reduction Act (Pub. L. 104–13) applies because the proposed rule contains information collection requirements. **GENERAL INSTRUCTIONS**

1. This report is not required from small businesses.

2. This report is not required for commercial items for which a commercial plan has been approved, nor from large businesses in the Department of Defense (DOD) Test Program for Negotiation of Comprehensive Subcontracting Plans. The Summary Subcontract Report (SF 295) is required for contractors operating under one of these two conditions and should be submitted to the Government in accordance with the instructions on that form.

3. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), HUBZone Small Business (HUBZone SB), Veteran-Owned Small Business (VOSB) and Service-Disabled Veteran-Owned Small Business concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).

4. This report is required for each contract containing a subcontracting plan and must be submitted to the administrative contracting officer (ACO) or contracting officer if no ACO is assigned, semi-annually during contract performance for the periods ended March 31st and September 30th. A separate report is required for each contract at contract completion. Reports are due 30 days after the close of each reporting period unless otherwise directed by the contracting officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or since the previous report.

5. Only subcontracts involving performance in the U.S. or its outlying areas should be included in this report.

6. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.

7. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.

8. FAR 19.703 sets forth the eligibility requirements for participation in the subcontracting program.

9. Actual achievements must be reported on the same basis as the goals set forth in the contract. For example, if goals in the plan do not include indirect and overhead items, the achievements shown on this report should not include them either.

**SPECIFIC INSTRUCTIONS**

**BLOCK 2:** For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and; (8) Company affiliation.

**BLOCK 4:** Check only one. Note that all subcontract award data reported on this form represents activity since the inception of the contract through the date indicated in this block.

**BLOCK 5:** Check whether this report is a "Regular," "Final," and/or "Revised" report. A "Final" report should be checked only if the contractor has completed the contract or subcontract reported in Block 7. A "Revised" report is a change to a report previously submitted for the same period.

**BLOCK 6:** Identify the department or agency administering the majority of subcontracting plans.

**BLOCK 7:** Indicate whether the reporting contractor is submitting this report as a prime contractor or subcontractor and the prime contract or subcontract number.

**BLOCK 8:** Enter the name and address of the Federal department or agency awarding the contract or the prime contractor awarding the subcontract.

**BLOCK 9:** Check the appropriate block to indicate whether indirect costs are included in the dollar amounts in blocks 10a through 14. To ensure comparability between the goal and actual columns, the contractor may include indirect costs in the actual column only if the subcontracting plan included indirect costs in the goal.

**BLOCKS 10a through 18:** Under "Current Goal," enter the dollar and percent goals in each category (SB, SDB, WOSB, VOSB, service-disabled VOSBs, and HUBZone SB) from the subcontracting plan approved for this contract. (If the original goals agreed upon at contract award have been revised as a result of contract modifications, enter the original goals in Block 19, Remarks. The amounts entered in Blocks 10a through 18 should reflect the revised goals.) Under "Actual Cumulative," enter actual subcontract achievements (dollar and percent) from the inception of the contract through the date of the report shown in Block 4. However, the dollar amounts reported under "Actual Cumulative" must always be for the same period of time as the dollar amounts shown under "Current Goal." For a contract with options, the current goal should represent the aggregate goal since the inception of the contract. For example, if the contractor is submitting the report during Option 2 of a multi-year contract, the current goal would be the cumulative goal for the base period plus the goal for Option 1 and the goal for Option 2. In cases where indirect costs are included, the amounts should include both direct awards and an appropriate prorated portion of indirect awards.

**BLOCK 10a:** Report all subcontracts awarded to SBs including subcontracts to SDBs (including Alaska Native Corporations (ANC) and Indian tribes), WOSBs, VOSBs, service-disabled VOSBs, and HUBZone SBs. For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.

**BLOCK 10b:** Report all subcontracts awarded to large businesses (LBs).

**BLOCK 10c:** Report on this line the total of all subcontracts awarded under this contract (the sum of lines 10a and 10b).

**BLOCKS 11 through 18:** Each of these items is a subcategory of Block 10a. Note that in some cases the same dollars may be reported in more than one block (e. g., SDBs owned by women or veterans).

**BLOCK 11:** Report all subcontracts awarded to SDBs (including women-owned, veteran-owned, service-disabled VOSBs, and HUBZone SB SDBs) and Alaska Native Corporation (ANC) and Indian tribes. For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

**BLOCK 12:** Report all subcontracts awarded to Women-Owned firms (including SDBs, VOSB's, service-disabled VOSBs, and HUBZone SBs owned by women).

**BLOCK 13 (For contracts with DoD, NASA, and Coast Guard):** Report all subcontracts with HBCUs/MIs. Complete the column under "Current Goal" only when the subcontracting plan establishes a goal.

**BLOCK 14:** Report all subcontracts awarded to HUBZone SBs (including women-owned, veteran-owned, service-disabled VOSBs, SDB HUBZone SBs, and Alaska Native Corporations (ANC) and Indian tribes).

**BLOCK 15:** Report all subcontracts awarded to VOSBs including service-disabled VOSBs (include VOSBs that are also SDBs, WOSBs and HUBZone SBs.).

**BLOCK 16:** Report all subcontracts awarded to service-disabled veteran-owned SB concerns that are also SDBs, WOSBs, and HUBZone SBs.

**BLOCK 17:** Report all subcontracts awarded to Alaska Native Corporations (ANC) that are reported in Block 11, but have not been certified by SBA as SDBs.

**BLOCK 18:** Report all subcontracts awarded to Alaska Native Corporations (ANC) and Indian Tribes that are reported in Block 10a, but are not small businesses.

**BLOCK 19:** Enter a short narrative explanation if (a) SB, SDB, WOSB, VOSBs, Service-Disabled VOSBs, or HUBZone SB accomplishments fall below that which would be expected using a straight-line projection of goals through the period of contract performance; or (b) if this is a final report, any one of the six goals was not met.

**DEFINITIONS**

1. Direct Subcontract Awards are those that are identified with the performance of one or more specific Government contract(s).
2. Indirect costs are those which, because of incurrence for common or joint purposes, are not identified with specific Government contracts; these awards are related to Government contract performance but remain for allocation after direct awards have been determined and identified to specific Government contracts.

**DISTRIBUTION OF THIS REPORT****For the Awarding Agency or Contractor:**

The original copy of this report should be provided to the contracting officer at the agency or contractor identified in Block 8. For contracts with DOD, a copy should also be provided to the Defense Contract Management Agency (DCMA) at the cognizant Defense Contract Management Area Operations (DCMAO) office.

## GENERAL INSTRUCTIONS

1. This report is not required from small businesses.
2. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), Veteran-Owned Small Business (VOSB), Service-Disabled Veteran-Owned Small Business, and HUBZone Small Business (HUBZone SB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).
3. This report must be submitted semi-annually (for the six months ended March 31st and the twelve months ended September 30th) for contracts with the Department of Defense (DOD) and annually (for the twelve months ended September 30th) for contracts with civilian agencies, except for contracts covered by an approved Commercial Plan (see special instructions in right-hand column). Reports are due 30 days after the close of each reporting period.
4. This report may be submitted on a corporate, company, or subdivision (e.g., plant or division operating on a separate profit center) basis, unless otherwise directed by the agency awarding the contract.
5. If a prime contractor/subcontractor is performing work for more than one Federal agency, a separate report shall be submitted to each agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$500,000 (over \$1,000,000 for construction of a public facility) and contains a subcontracting plan. (Note that DOD is considered to be a single agency; see next instruction.)
6. For DOD, a consolidated report should be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DOD prime contractors. However, DOD contractors involved in construction and related maintenance and repair must submit a separate report for each DOD component.
7. Only subcontracts involving performance in the U.S. or its outlying areas should be included in this report.
8. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
9. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.
10. FAR 19.703 sets forth the eligibility requirements for participation in the subcontracting program.
11. See special instructions in right-hand column for Commercial Plans.

## SPECIFIC INSTRUCTIONS

**BLOCK 2:** For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and (8) Company affiliation.
