POLICY JUSTIFICATION

Canada - Multifunctional Information Distribution System/Low Volume Terminals

The Government of Canada has requested a possible sale of 94 Link 16 Multifunctional Information Distribution System (MIDS)/Low Volume Terminals (LVT), 1,000 MIDS batteries, 12 battery tool kits, testing, integration, spare and repair parts, support equipment, personnel training and training equipment, contractor engineering and technical support, and other related elements of program support publications and technical data, U.S. Government and contractor technical assistance and other related elements of logistics support. The estimated cost is \$34 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by improving the military capabilities of Canada and further weapon system standardization and interoperability with U.S. forces.

Canada will use these MIDS to rapidly and efficiently receive and transmit digital and verbal tactical command and control information to greatly increase interoperability with the U.S. The MIDS terminals will increase pilot operational effectiveness by at-a-glance portrayal of targets, threats, and friendly forces on an easy-to-understand relative position display. This proposed system will increase Canadian F-18 combat effectiveness while reducing the threat of friendly fire. The Canadians will operate in bilateral or multilateral coalition networks that use classified information approved for release to Canada. The system will increase benefits of joint training exercises and foster interoperability with the U.S Navy and other countries.

The proposed sale of this equipment and support will not affect the basic military balance in the region. Canada is capable of absorbing and maintaining these additional MIDS terminals in its inventory.

The prime contractor will be Data Link Solutions of Wayne, New Jersey. Although generally the purchaser requires offsets, at this time, there are currently no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of 20 U.S. Government and contractor representatives for one-week intervals annually to participate in training, program management and technical review.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Student Assistance General Provisions, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, Federal Work-Study, Federal Perkins Loan, Federal Pell Grant, Leveraging Educational Assistance Partnership, and William D. Ford Federal Direct Loan Programs

ACTION: Notice of deadline dates for receipt of applications, reports, and other records for the 2005-2006 award year.

SUMMARY: The Secretary announces deadline dates for the receipt of documents and other information from institutions and applicants for the Federal student aid programs authorized under Title IV of the Higher Education Act of 1965, as amended, for the 2005-2006 award year. The Federal student aid programs include the Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, William D. Ford Federal Direct Loan, Federal Pell Grant, and Leveraging Educational Assistance Partnership programs.

These programs, administered by the U.S. Department of Education (Department), provide financial assistance to students attending eligible postsecondary educational institutions to help them pay their educational costs.

Deadline and Submission Dates: See Tables A and B at the end of this notice.

Table A—Deadline Dates for Application Processing and Receipt of Student Aid Reports (SARs) or Institutional Student Information Records (ISIRs) by Institutions

Table A provides deadline dates for application processing, including corrections and submission of signatures, submission of verification documents and, for purposes of the Federal Pell Grant Program, receipt by institutions of SARs or ISIRs. We are using only three deadline dates in Table A for the 2005-2006 award year. The single date for the submission of a Free Application for Federal Student Aid (FAFSA) is June 30, 2006, regardless of the method that the applicant uses to submit the FAFSA. September 15, 2006 is the deadline date for the submission and receipt of a signature page (if required), corrections, changes of addresses or schools, or requests for a duplicate SAR. September 22, 2006 is the deadline date for the submission and receipt of all other documents and materials that are specified in Table A.

Table B—Federal Pell Grant Program Submission Dates for Disbursement Information by Institutions

Table B provides the earliest submission and deadline dates for institutions to submit Federal Pell Grant disbursement records to the Department's Common Origination and Disbursement (COD) System.

In general, an institution must submit Federal Pell Grant disbursement records no later than 30 days after making a Federal Pell Grant disbursement or becoming aware of the need to adjust a student's previously reported Federal Pell Grant disbursement. In accordance with the regulations in 34 CFR 668.164, we consider that Federal Pell Grant funds are disbursed on the earlier of the date that the institution: (a) Credits those funds to a student's account in the institution's general ledger or any subledger of the general ledger, or (b) pays those funds to a student directly. We consider that Federal Pell Grant funds are disbursed even if an institution uses its own funds in advance of receiving program funds from the Department. An institution's failure to submit disbursement records within the required 30-day timeframe may result in an audit or program review finding. In addition, the Secretary may initiate an adverse action, such as a fine or other penalty for such failure.
