

public comment on the petition. See Request for Public Comment on Commercial Availability Petition under the United States - Caribbean Basin Trade Partnership Act (CBTPA), 70 FR 11622, (March 9, 2005). On March 25, 2005, CITA and the U.S. Trade Representative (USTR) sought the advice of the Industry Trade Advisory Committee for Textiles and Clothing and the Industry Trade Advisory Committee for Distribution Services. On March 25, 2005, CITA and USTR offered to hold consultations with the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate (collectively, the Congressional Committees). On April 14, 2005, the U.S. International Trade Commission provided advice on the petition.

Based on the information and advice received and its understanding of the industry, CITA determined that the fabrics set forth in the petition cannot be supplied by the domestic industry in commercial quantities in a timely manner. On May 2, 2005, CITA and USTR submitted a report to the Congressional Committees that set forth the action proposed, the reasons for such action, and the advice obtained. A period of 60 calendar days since this report was submitted has expired.

CITA hereby designates as eligible for preferential treatment under HTSUS subheading 9820.11.27, men's and boys' woven cotton shirts, that are both cut and sewn or otherwise assembled in one or more eligible CBTPA beneficiary countries, from certain 100 percent cotton, 4-thread twill weave, flannel fabrics, of yarn-dyed, combed, and ring spun single yarns, of the specifications detailed below, classified in HTSUS subheading 5208.43.0000, not formed in the United States. The referenced apparel articles are eligible provided that all other fabrics are wholly formed in the United States from yarns wholly formed in the United States, subject to the special rules for findings and trimmings, certain interlinings and de minimis fibers and yarns under section 211(b)(2)(A)(vii) of the CBTPA, and that such articles are imported directly into the customs territory of the United States from an eligible CBTPA beneficiary country.

Specifications:

Fiber Content:	100% Cotton
Weight:	136 - 140 g/m2
Width:	148 - 150 centimeters

Thread Count:	38 - 40 warp ends per centimeter; 28 - 30 filling picks per centimeter; total: 66 - 70 threads per square centimeter
Yarn Number:	48 - 52 metric warp and filling, ring spun, combed; average yarn number 48 - 50 metric
Weave:	4-thread twill
Finish:	Of two or more and up to eight yarns of different colors; napped on both sides

An "eligible CBTPA beneficiary country" means a country which the President has designated as a CBTPA beneficiary country under section 213(b)(5)(B) of the CBERA (19 U.S.C. 2703(b)(5)(B)) and which has been the subject of a finding, published in the Federal Register, that the country has satisfied the requirements of section 213(b)(4)(A)(ii) of the CBERA (19 U.S.C. 2703(b)(4)(A)(ii)) and resulting in the enumeration of such country in U.S. note 1 to subchapter XX of Chapter 98 of the HTSUS.

James C. Leonard III,
Chairman, Committee for the Implementation of Textile Agreements.

FOR FURTHER INFORMATION CONTACT: Jerry Zaffos, Contract Policy Division, GSA (202) 208-6091.

SUPPLEMENTARY INFORMATION:

A. Purpose

Incentive contracts are normally used when a firm fixed-price contract is not appropriate and the required supplies or services can be acquired at lower costs, and sometimes with improved delivery or technical performance, by relating the amount of profit or fee payable under the contract to the contractor's performance.

The information required periodically from the contractor, such as cost of work already performed, estimated costs of further performance necessary to complete all work, total contract price for supplies or services accepted by the Government for which final prices have been established, and estimated costs allocable to supplies or services accepted by the Government and for which final prices have not been established, is needed to negotiate the final prices of incentive-related items and services.

The contracting officer evaluates the information received to determine the contractor's performance in meeting the incentive target and the appropriate price revision, if any, for the items or services.
