Notice of Opportunity for Public Comment on Surplus Property Release at Monroe Regional Airport, Monroe, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: Under the provisions of Title 49, U.S.C. Section 47153(d), notice is being given that the FAA is considering a request from the City of Monroe to waive the requirement that a 8.7 acre parcel of surplus property, located at the Monroe Regional Airport, be used for aeronautical purposes.

DATES: Comments must be received on or before August 11, 2005.

ADDRESSES: Comments on this notice may be mailed or delivered in triplicate to the FAA at the following address: Atlanta Airports District Office, 1701 Columbia Ave., Campus Building, Suite 2-260, College Park, GA 30337.

In addition, one copy of any comments submitted to the FAA must

be mailed or delivered to Mr. Mark F. Donham, Assistant City Manager/Airport Director at the following address: P.O. Box 69, Monroe, NC 28111.

FOR FURTHER INFORMATION CONTACT:

Tracie D. Kleine, Program Manager, Atlanta Airports District Office, 1701 Columbus Ave., Campus Bldg., Suite 2-260, College Park, GA 30337, (404) 305-7148. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA is reviewing a request by the City of Monroe to release 8.7 acres of surplus property at the Monroe Regional Airport. The surplus property is needed for the expansion of Allvac and will be exchanged for private property that is currently owned by Allvac. The property fronts Teledyne Road and is adjacent to existing Allvac facilities. The City of Monroe will provide the 8.7 acres of surplus property in addition to \$55,000 in exchange for 15.92 acres of property owned by Allvac.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the City of Monroe's Offices.

Noise Compatibility Program Notice; Addison Airport; Addison, TX

AGENCY: Federal Aviation Administration.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces that it is reviewing a proposed noise compatibility program that was submitted for Addison Airport under the provisions of 49 U.S.C. 47501 *et seq.* (the Aviation Safety and Noise Abatement Act, hereinafter referred to as "the Act") and 14 CFR part 150 by the City of Addison. This program was submitted subsequent to a determination by FAA that associated noise exposure maps submitted under 14 CFR part 150 for the Addison Airport were in compliance with applicable requirements, effective September 22,

2004. The proposed noise compatibility program will be approved or disapproved on or before December 27, 2005.

DATES: The effective date of the start of FAA's review of the noise compatibility program is July 1, 2005. The public comment period ends August 30, 2005.

FOR FURTHER INFORMATION CONTACT: Mr. Paul Blackford, Environmental Specialist, Federal Aviation Administration, Texas Airports Development Office, ASW-650, 2601 Meacham Boulevard, Fort Worth, Texas 76193-0650. Telephone (817) 222-5607. Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed noise compatibility program for Addison Airport, which will be approved or disapproved on or before December 27, 2005. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) Part 150, promulgated pursuant to that Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has formally received the noise compatibility program for Addison Airport, effective on July 1, 2005. The airport operator has requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 47504 of the Act. Preliminary review of the submitted material indicates that it conforms to FAR Part 150 requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before December 27, 2007.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety or create an undue burden on interstate or foreign

commerce, and whether they are reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments relating to these factors, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps and the proposed noise compatibility program are available for examination at the following locations: Federal Aviation Administration, 2601 Meacham Boulevard, Fort Worth, Texas 76193-0650; City of Addison, PO Box 9010, Addison, Texas 75001. Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Fort Worth, Texas, July 1, 2005.
Kelvin L. Solco,
Manager, Airports Division.
