

ongoing integration and management efforts, the Department of Homeland Security (DHS) is removing a system of records currently being maintained by United States Citizenship and Immigration Services (USCIS) and formerly maintained by the Immigration and Naturalization Service (INS) when it was an agency of the Department of Justice. This legacy record system is entitled "Alien Status Verification Index (ASVI), JUSTICE/INS-009." ASVI was last published in the **Federal Register** on September 7, 2001 (66 FR 46815). The system became part of the DHS inventory of record systems upon creation of DHS and the merger with INS.

ASVI was originally established in order to verify an alien's immigrant, nonimmigrant, and/or eligibility status for any purpose consistent with DHS/USCIS statutory responsibilities. The record system became obsolete in July 2004, because a new modernized system with the same capabilities as ASVI was built and added to another USCIS system of records, the Verification Information System (VIS), JUSTICE/INS-036 (last published in the **Federal Register** on October 17, 2002 (67 FR 64134)). All data from ASVI currently resides in VIS. Therefore, JUSTICE/INS-009, the "Alien Status Verification Index (ASVI)" has been superseded and the Department of Homeland Security is removing this system from its inventory of Privacy Act systems.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4980-N-28]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Kathy Ezzell, room 7266, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to John Hicks, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free

number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: ENERGY: Mr. Andy Duran, Department of Energy, Office of Engineering & Construction Management, ME-90, 1000 Independence Ave., SW., Washington, DC 20585; (202) 586-4548; GSA: Mr. Brian K. AGENCY: U.S. Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability of the Final Comprehensive Conservation Plan and Environmental Impact Statement

for Maine Coastal Islands National Wildlife Refuge (NWR)(formerly Petit Manan National Wildlife Refuge Complex).

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that the Final Comprehensive Conservation Plan (CCP) and Environmental Impact Statement (EIS) for Maine Coastal Islands National Wildlife Refuge (NWR) are available for review. The Final CCP and EIS were prepared pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 6688dd *et seq.*), and the National Environmental Policy Act of 1969. The CCP describes how the Service intends to manage the refuge over the next 15 years.

DATES: A Record of Decision may be signed no sooner than 30 days after publication of this notice (40 CFR 1506.10(b)(2)).

ADDRESSES: Copies of the Final CCP or EIS, including Appendix I (Summary of Public Comments and Service Responses), are available by contacting Charles Blair, Refuge Manager, Maine Coastal Islands NWR, P.O. Box 279, Water Street, Milbridge, Maine 04658–0279, or by e-mailing petitmanan@fws.gov. The Final CCP and EIS are also available for viewing and downloading online at the following Web site: <http://library.fws.gov/ccps.htm>.

FOR FURTHER INFORMATION CONTACT: Charles Blair, Refuge Manager, at the above street and e-mail address, or via telephone at (207) 546–2124, or fax at (207) 546–7805.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a CCP for each refuge. The purpose of developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife science, natural resources conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and habitats, a CCP identifies wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. The CCP will be
