

The recent discovery of many objects beyond Neptune in the Kuiper Belt has opened another dimension for this mission of exploration. KBOs, in stable and well-defined orbits that have never taken them close to the Sun, are likely to be remnants of solar system formation and may hold clues to the birth of the planets. Knowledge gained from close examination of objects in the Kuiper Belt would be of great value in developing theoretical models of the evolution and destiny of the solar system.

The Proposed Action consists of continuing preparations for and implementing the New Horizons mission. The New Horizons spacecraft would be launched on an Atlas V 551 from CCAFS in January–February 2006. This launch opportunity represents the best opportunity for achieving the time-critical science objectives at Pluto and Charon. A backup launch opportunity could occur in February 2007 with arrival at Pluto in 2019 or 2020 depending upon the exact date of launch. Accordingly, the only alternative that was evaluated is the No Action alternative.

For the New Horizons missions, the potentially affected environment for a normal launch includes the area at and in the vicinity of the launch site, CCAFS in Florida. The environmental impacts of a normal launch of the mission for the Proposed Action would be associated principally with the exhaust emissions from the Atlas V launch vehicle. These effects would include: (1) Short-term impacts on air quality within the exhaust cloud and near the launch pad, and (2) the potential for acidic deposition on the vegetation and surface water bodies at and near the launch complex, particularly if rain occurs shortly after launch.

Potential launch accidents could result in the release of some of the radioactive material on board the spacecraft. The spacecraft would have one RTG that uses plutonium dioxide to provide electrical power. The radioisotope inventory of the RTG would total up to approximately 124,000 curies of plutonium.

The U.S. Department of Energy (DOE), in cooperation with NASA, has performed a risk assessment of potential accidents for the New Horizons mission. This assessment used a methodology refined through applications to the Galileo, Ulysses, Cassini, and Mars Exploration Rover missions, and incorporates results of safety tests on the RTG and an evaluation of the January 17, 1997, Delta II accident at CCAFS. DOE's risk assessment for this mission indicates that in the event of a launch

accident the expected impacts of released radioactive material at and in the vicinity of the launch area, and on a global basis, would be small.

The FEIS may be examined at the following NASA locations by contacting the pertinent Freedom of Information Act Office:

(a) NASA, Ames Research Center, Moffett Field, CA 94035 (650–604–1181).

(b) NASA, Dryden Flight Research Center, PO Box 273, Edwards, CA 93523 (661–276–2704).

(c) NASA, Glenn Research Center at Lewis Field, 21000 Brookpark Road, Cleveland, OH 44135 (216–433–2755).

(d) NASA, Goddard Space Flight Center, Greenbelt Road, Greenbelt, MD 20771 (301–286–4721).

(e) NASA, Jet Propulsion Laboratory, Visitors Lobby, Building 249, 4800 Oak Grove Drive, Pasadena, CA 91109 (818–354–5179).

(f) NASA, Johnson Space Center, Houston, TX 77058 (281–483–8612).

(g) NASA, Kennedy Space Center, FL 32899 (321–867–9280).

(h) NASA, Langley Research Center, Hampton, VA 23681 (757–864–2497).

(i) NASA, Marshall Space Flight Center, Huntsville, AL 35812 (256–544–1837).

(j) NASA, Stennis Space Center, MS 39529 (228–688–2118).

NASA published a Notice of Availability (NOA) of the Draft EIS (DEIS) for the New Horizons mission in the **Federal Register** on February 25, 2005 (70 FR 9387), and made the DEIS available in electronic format on its Web site. The EPA published its NOA in the **Federal Register** on February 25, 2005 (70 FR 9306). In addition, NASA published its NOA in local newspapers in the Cape Canaveral, Florida regional area, and held public meetings in Cocoa, Florida on March 29 and 30, 2005, during which attendees were invited to present both oral and written comments on the DEIS. No comments relevant to the DEIS were presented at either meeting. NASA received 967 written comment submissions, both hardcopy and electronic, during the comment period ending April 11, 2005. The comments are addressed in the FEIS.

Jeffrey E. Sutton,

Assistant Administrator for Infrastructure and Administration.

BILLING CODE 7510–13–P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: NARA is giving public notice that the agency has submitted to OMB for approval the information collection described in this notice. The public is invited to comment on the proposed information collection pursuant to the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted to OMB at the address below on or before September 2, 2005, to be assured of consideration.

ADDRESSES: Send comments to Desk Officer for NARA, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202–395–5167.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the proposed information collection and supporting statement should be directed to Tamee Fechhelm at telephone number 301–837–1694 or fax number 301–837–3213.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104–13), NARA invites the general public and other Federal agencies to comment on proposed information collections. NARA published a notice of proposed collection for this information collection on May 23, 2005 (70 FR 29541). No comments were received. NARA has submitted the described information collection to OMB for approval.

In response to this notice, comments and suggestions should address one or more of the following points: (a) Whether the proposed information collection is necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of information technology; and (e) whether small businesses are affected by this collection. In this notice, NARA is soliciting comments concerning the following information collection:

Title: Request Pertaining to Military Records.

OMB number: 3095–0029.

Agency form number: SF 180.

Type of review: Regular.

Affected public: Veterans, their authorized representatives, State and local governments, and businesses.

Estimated number of respondents: 889,065.

Estimated time per response: 5 minutes.

Frequency of response: On occasion (when respondent wishes to request information from a military personnel record).

Estimated total annual burden hours: 74,089 hours.

Abstract: The authority for this information collection is contained in 36 CFR 1228.168(b). In accordance with rules issued by the Department of Defense (DOD) and Department of Homeland Security (DHS, U.S. Coast Guard), the National Personnel Records Center (NPRC) of the National Archives and Records Administration (NARA) administers military service records of veterans after discharge, retirement, and death. When veterans and other authorized individuals request information from or copies of documents in military service records, they must provide in forms or in letters certain information about the veteran and the nature of the request. Federal agencies, military departments, veterans, veterans' organizations, and the general public use Standard Forms (SF) 180, Request Pertaining to Military Records, in order to obtain information from military service records stored at NPRC. Veterans and next-of-kin of deceased veterans can also use eVetRecs (http://www.archives.gov/research_room/vetrecs/) to order copies.

Dated: July 28, 2005.

L. Reynolds Cahoon,

Assistant Archivist for Human Resources and Information Services.

BILLING CODE 7515-01-P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Meetings of Humanities Panel

AGENCY: The National Endowment for the Humanities.

ACTION: Cancellation of panel meeting.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92-463, as amended), notice is hereby given that the following meeting of the Humanities Panel at the Old Post Office, 1100 Pennsylvania Avenue, NW., Washington, DC 20506, has been cancelled.

FOR FURTHER INFORMATION CONTACT: Michael McDonald at (202) 606-8322.

Cancellation

Date: August 26, 2005.

Time: 8:30 a.m. to 5 p.m.

Room: 315.

Program: This meeting will review applications for EDISTEment in Peer Review, submitted to the Division of Education at the July 30, 2005, deadline.

Dated: July 28, 2005.

Michael McDonald,

Acting Advisory Committee Management Officer.

BILLING CODE 7536-01-P

OFFICE OF PERSONNEL MANAGEMENT

Submission for OMB Review; Comment Request for the Elimination of OPM Optional Form 510, Applying for a Federal Job; the Revision of OPM Optional Form 612, Optional Application for Federal Employment; the Resume Builder in the USAJOBS Web Site; and the USAJOBS Web Site

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) has submitted to the Office of Management and Budget (OMB) a request for the elimination of the optional form (OF) called Applying for a Federal Job (OF 510), the revision of the optional form called Optional Application for Federal Employment (OF 612), the specifications of the improved resume builder in the USAJOBS Web site (<http://www.USAJOBS.gov>), and screen shots of the web pages within the USAJOBS Web site.

OPM proposes eliminating the OF 510. The OF 510 is a brochure that has been used to provide guidance to the general public on how to apply for Federal jobs and how to construct a Federal resume (i.e., what necessary work, education, and other information applicants should include in their resumes or other applications). However, the same instructions contained in the OF 510 have been incorporated into the revised OF 612 and the USAJOBS resume builder. The instructions are also available through numerous other sources, including the USAJOBS Web site, that were not available at the time this brochure was

originally created. This proposed action will eliminate the need to print, maintain, and distribute an instructional guide in hard copy format now that the information can be readily updated and delivered by leveraging current web and other automated technology.

The OF 612 is a form used to collect applicant qualifications information associated with vacancy announcements. The form provides necessary guidance to applicants so that they can be considered for employment when applying for Federal jobs. Presently the OF 612 is downloadable from OPM's electronic forms page on the USAJOBS Web site (<http://www.opm.gov/forms>) in fillable pdf format. The data collected are necessary for Federal agencies to evaluate applicants for Federal jobs under the authority of sections 1104, 1302, 3301, 3304, 3320, 3361, 3393, and 3394 of title 5, United States Code.

OPM has reconstructed the resume builder in the USAJOBS Web site to be in line with the data elements collected in the revised OF 612. The resume builder contains the critical elements applied across the Federal government to assess an applicant's qualifications as required under the aforementioned sections of 5 United States Code.

The OF 612 and the resume builder in the USAJOBS Web site contain questions regarding the applicant's education history, including dates of attendance, name, type and place of institution, and degrees earned. Due to the increasing number of claimed degrees earned from non-accredited or bogus institutions, commonly referred to as "diploma mills," the revised OF 612 and the USAJOBS resume ask applicants to list only degrees from schools that were accredited by accrediting institutions recognized by the U.S. Department of Education or other education that meets the provisions of OPM's Operating Manual at www.opm.gov/qualifications/SEC-II/s2-e4.htm. The revised OF 612 and resume builder also advise applicants not to list education from degrees based solely on life experiences, or obtained from schools with little or no academic standards.

The USAJOBS Web site is the Federal Government's official one-stop source for Federal jobs and employment information. USAJOBS is operated by OPM and provides job vacancy information, employment fact sheets, job applications/forms, and on-line resume development. Job seekers may create a "My USAJOBS" account where they can create up to five resumes. These resumes are stored in one
