[Project No. 2984]

S.D. Warren Company; Notice of Filings

August 3, 2005.

S.D. Warren Company is the licensee for the Eel Weir Hydroelectric Project No. 2984 at Sebago Lake, Maine. The licensee maintains the level of the dam's reservoir pursuant to a Lake Level Management Plan (Plan).²

Commission staff received several telephone reports from local residents concerning high lake levels at the Eel Weir Project during April and May of 2005. Commission staff responded by sending a letter to the licensee on May 3, 2005. The letter directed the licensee to provide: (1) Information concerning project operations in late April and early May 2005, (2) schedules of releases from Sebago Lake for the same period, (3) precipitation data for the period in question, (4) a description of observed or reported adverse impacts and proposed actions to ensure future compliance; and (5) copies of any correspondence from Federal or State resource agencies. On May 31, 2005, the licensee filed a timely response.

The Commission has since received filings from several individuals or groups ³ reiterating concerns over high lake levels. Commission staff is already in the process of investigating these matters, and the recent filings, which are in the public record for this project, will be considered in any order resulting from staff's investigation.

[Docket No. RP05-522-000]

TransColorado Gas Transmission Company; Notice of Tariff Filing

August 2, 2005.

Take notice that on July 27, 2005, TransColorado Gas Transmission Company (TransColorado) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, First Revised Sheet No. 247B.01, to be effective August 27, 2005.

TransColorado states that it proposes to revise section 12.9(d) of its FERC Gas Tariff in order to add a receipt and delivery combination to the currently effective list of receipt and delivery point combinations which do not consume fuel and which are only to be assessed the lost or gained and unaccounted-for component of TransColorado's FGRP.

TransColorado states that a copy of this filing has been served upon TransColorado's customers and affected State commissions.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at http://www.ferc.gov, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.
