## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52260; File No. SR-Amex-2005-082]

### Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Extension of a Pilot Program That Increases Position and Exercise Limits for Equity Options and Options on the Nasdaq-100 Tracking Stock

August 15, 2005.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on August 11, 2005, the American Stock Exchange LLC (“Amex” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Amex. The Exchange has filed the proposal as a “non-controversial” rule change pursuant to section 19(b)(3)(A) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder,<sup>4</sup> which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange seeks a six month extension of its pilot program increasing the standard position and exercise limits for options on the QQQQ and equity option classes traded on the Exchange (“Pilot Program”). The text of the proposed rule change is available on the Amex's Web site (<http://www.amex.com>), at the Amex's principal office, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange is requesting to extend its current Pilot Program increasing the standard position and exercise limits for options on the QQQQ and equity option classes traded on the Exchange for six months, from August 24, 2005, through and including February 23, 2006.

The Exchange previously filed a proposed rule change, which was

effective upon filing with the Commission, that increased standard position and exercise limits for options on the QQQQ and for equity option classes traded on the exchange on a pilot basis for a six month period.<sup>5</sup> Under the Pilot Program, position and exercise limits for options on the QQQQ and equity options classes traded on the Exchange were increased to the following levels:<sup>6</sup>

Current equity option contract limit	Pilot Program equity option contract limit
13,500 contracts .....	25,000 contracts.
22,500 contracts .....	50,000 contracts.
31,500 contracts .....	75,000 contracts.
60,000 contracts .....	200,000 contracts.
75,000 contracts .....	250,000 contracts.
Current QQQQ Option Contract Limit.	Pilot Program QQQQ Option Contract Limit
300,000 contracts .....	900,000 contracts.

The standard position limits were last increased on December 31, 1998.<sup>7</sup> Since that time there has been a steady increase in the number of accounts that: (a) Approach the position limit; (b) exceed the position limit; and (c) are granted an exemption to the standard limit. Several member firms have petitioned the options exchanges to either eliminate position limits, or in lieu of total elimination, increase the current levels and expand the available hedge exemptions. A review of available data indicates that the majority of accounts that maintain sizable positions are in those option classes subject to the 60,000 and 75,000 tier limits. There also has been an increase in the number of accounts that maintain sizable positions in the lower three (3) tiers. In addition, overall volume in the options market has continually increased over the past five (5) years. The Exchange believes that the increase in options volume and lack of evidence of market manipulation occurrences over the past twenty years justifies the proposed increases in the position and exercise limits.

The Exchange has not encountered any problems or difficulties relating to the Pilot Program since its inception. The instant proposed rule change makes no substantive change to the Pilot

<sup>5</sup> The Pilot Program is set to expire on August 23, 2005. See Securities Exchange Act Release No. 51316 (March 3, 2005), 70 FR 12251 (March 11, 2005) (notice of filing and immediate effectiveness of File No. SR-Amex-2005-029).

<sup>6</sup> Except when the Pilot Program is in effect.

<sup>7</sup> See Securities Exchange Act Release No. 40875 (December 31, 1998), 64 FR 1842 (January 12, 1999) (SR-Amex-98-22) (approval of increase in position limits and exercise limits).
