AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, U.S. Department of Homeland Security.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed extension of information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the collection of State and local hazard mitigation plans required under Section 322 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5165.

SUPPLEMENTARY INFORMATION: This collection of information is in accordance with Section 322 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act or the Act), 42 U.S.C. 5165, enacted under Sec. 104 the Disaster Mitigation Act of 2000, (DMA 2000) Pub. L. 106-390. FEMA published regulations, 44 Code of Federal Regulations (CFR) part 201, that require each state, local and tribal government have in place a hazard mitigation plan in order to receive Stafford Act assistance, excluding assistance provided pursuant to emergency provisions. The plan shall include sections that describe the planning process, an assessment of the risks, a mitigation strategy, and identification of plan maintenance and updating process. The purpose of the plan requirements is to enable State, tribal and local governments to better understand the risks they face from natural hazards and to make decisions and take actions to reduce the risks from

those hazards. Several revisions were published since the February 26, 2002 Interim Final Rule, including (1) to extend the date by which approved State and local mitigation plans will be required from November 1, 2003 to November 1, 2004 (October 1, 2002, 67 FR 61512), (2) to clarify the date by which local mitigation plans would be required as a condition of receiving project grant funds under the Pre-Disaster Mitigation (PDM) program (October 28, 2003, 68 FR 61368); and (3) to provide State and Indian tribal governments with a mechanism to request an extension to the date by which they must develop State Mitigation Plans as a condition of grant assistance (September 13, 2004, 69 FR 55094).
