Preliminary Results of Review

As a result of this review, we preliminarily find that the following weighted-average dumping margins exist:

Producer/Manufacturer/Exporter	Weighted-Average Margin
Dofasco Inc., Sorevco Inc., Do Sol Galva Ltd.	11.08 %
Stelco Inc.	De minimis

Cash Deposit Requirements

If the preliminary results are adopted in the final results of review, the following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided in section 751(a)(1) of the Act: (1) The cash deposit rate for Dofasco, Sorevco, and DSG will be that established in the final results of this review for Dofasco (and entities collapsed with Dofasco); (2) the cash deposit rate for Stelco will be that established in the final results of this review (currently *de minimis*); (3) for previously reviewed or investigated companies not covered in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (4) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (5) if neither the exporter nor the manufacturer is a firm covered in this or any previous proceeding conducted by the Department, the cash deposit rate will continue to be the "all others" rate established in the LTFV investigation, which is 18.71 percent. *See Amended Final and Order*. For shipments processed by DJG we will, (1) apply Dofasco's rate on merchandise supplied by Dofasco or DSG; (2) apply the company specific rate on merchandise supplied by other previously reviewed companies; and, (3) apply the "all others" rate for merchandise supplied by companies which have not been reviewed in the past. These cash deposit requirements, when imposed, shall

remain in effect until publication of the final results of the next administrative review.

Duty Assessment

Upon publication of the final results of review, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department will issue appraisement instructions directly to CBP on the 41st day after the date of publication of the final results of review. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties. For duty assessment purposes, we calculate an importer-specific assessment rate by dividing the total dumping margins calculated for the U.S. sales of each importer by the respective total entered value of these sales. If the preliminary results are adopted in the final results of review, this rate will be used for the assessment of antidumping duties on all entries of the subject merchandise by that importer during the POR.

The Department clarified its "automatic assessment" regulation on April 30, 2003. *See Notice of Policy Concerning Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the "all others" rate if there is no rate for the intermediate company(ies) involved in the transaction.

Public Comment

Pursuant to section 351.224(b) of the Department's regulations, the Department will disclose to any party to the proceeding the calculations performed in connection with these preliminary results, within five days after the date of publication of this notice. Pursuant to section 351.309 of the Department's regulations, interested parties may submit case briefs in response to these preliminary results no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in case briefs, may be filed no later than 5 days after the time limit for filing case briefs. Parties who submit arguments in this proceeding are requested to submit with the argument: (1) A statement of the issue, (2) a brief summary of the

argument, and (3) a table of authorities. Further, the Department requests that parties submitting briefs provide the Department with an additional copy of the public version of any such comments on a computer diskette. Case and rebuttal briefs must be served on interested parties in accordance with section 351.303(f) of the Department's regulations. Any interested party may request a hearing within 30 days of publication of this notice. Any hearing, if requested, will normally be held two days after the date for submission of rebuttal briefs. The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such written comments or at a hearing, within 120 days after the publication of this notice, unless extended. *See* section 351.213(h) of the Department's regulations.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of this administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 31, 2005.

Polyethylene Terephthalate Film from Korea; Five-year (Sunset) Reviews of Antidumping Duty Order; Final Results

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On February 2, 2005, the Department of Commerce (the Department) initiated a sunset review of the antidumping duty order on polyethylene terephthalate (PET) film

from Korea, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). On the basis of the notice of intent to participate and an adequate substantive response filed on behalf of domestic interested parties and no response from respondent interested parties, the Department conducted an expedited sunset review. As a result of this sunset review, the Department finds that revocation of the antidumping duty order on PET film from Korea would likely lead to continuation or recurrence of dumping at the levels listed below in the section entitled "Final Results of Review."

EFFECTIVE DATE: September 9, 2005.

FOR INFORMATION CONTACT: Dana Mermelstein or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230; telephone: (202) 482-1391 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2005, the Department initiated a sunset review of the antidumping duty order on PET film from Korea pursuant to section 751(c) of the Act. *See Initiation of Five-year ("Sunset") Reviews*, 70 FR 5415 (February 2, 2005). The Department received a notice of intent to participate from two domestic interested parties, DuPont Teijin Films (DTF) and Mitsubishi Polyester Film LLC (Mitsubishi), within the deadline specified in 19 C.F.R. § 351.218(d)(1)(i) of the Department's regulations. Domestic interested parties claimed interested party status under section 771(9)(C) of the Act as a U.S. producer of a domestic like product. We received a complete substantive response from domestic interested parties within the 30-day deadline specified in 19 C.F.R. § 351.218(d)(3)(i). However, we did not receive any response from respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 C.F.R. § 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited sunset review of the order.

On May 26, 2005, the Department extended the time limit for the final results of this sunset review to not later than August 31, 2005. *See Polyethylene Terephthalate Film from South Korea; Extension of Time Limit for Final Results of Sunset Review of Antidumping Duty Order*, 70 FR 30416 (May 26, 2005).

Scope of the Order

The antidumping duty order on PET film from Korea covers shipments of all gauges of raw, pre-treated, or primed polyethylene terephthalate film, sheet, and strip, whether extruded or co-extruded. The films excluded from this order are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer of more than 0.00001 inches (0.254 micrometers) thick. Roller transport cleaning film which has at least one of its surfaces modified by the application of 0.5 micrometers of SBR latex has also been ruled as not within the scope of the order. PET film is currently classifiable under Harmonized Tariff Schedule (HTS) subheading 3920.62.00.00.¹ While the HTS subheading is provided for convenience and for customs purposes, the written description remains dispositive as to the scope of the product coverage.

This sunset review covers imports from all producers and exporters of PET film from Korea, other than imports by Toray Saehan, Inc.² and Kolon Industries, for which the order was revoked.

Analysis of Comments Received

All issues raised in this case are addressed in the "Issues and Decision Memorandum" from Barbara E. Tillman, Acting Deputy Assistant Secretary for Import Administration, to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, dated August 30, 2005 (Decision Memorandum), which is hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margin likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in this sunset review

¹ Effective July 1, 2003, the HTS subheading 3920.62.00.00 was divided into 3920.62.00.10 (metallized PET film) and 3920.62.00.90 (non-metallized PET film).

² In a changed circumstances review, the Department determined that Toray Saehan, Inc. was the successor-in-interest to Saehan Industries, Inc. (Saehan). *See Polyethylene Terephthalate Film, Sheet and Strip from Korea, Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 65 FR 34661 (May 31, 2000). Prior to that, in another changed circumstances review, the Department determined that Saehan was the successor-in-interest to Cheil Synthetics, Inc. (Cheil). *See Polyethylene Terephthalate Film, Sheet and Strip From the Republic of Korea, Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 63 FR 3703 (January 26, 1998). The Department calculated margins for Cheil in the investigation of PET film from Korea and in subsequent reviews.

and the corresponding recommendation in this public memorandum, which is on file in room B-099 of the main Department building.

In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov>, under the heading "September 2005." The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

We determine that revocation of the antidumping duty order on PET Film from Korea would likely lead to continuation or recurrence of dumping at the following percentage weighted-average margins:

Manufacturers/Exporters/Producers	Weighted-Average Margin (Percent)
SKC Limited and SKC America, Inc.	13.92
All Others	21.50

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 C.F.R. § 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: August 30, 2005.
