Notice of Proposed Requirement To Establish Government-wide Standard Data Elements for Use by All Federal Grant Making Agencies

AGENCY: Office of the Secretary, Grants.gov Program Management Office.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden. Emergency Clearance for the data set was published in the **Federal Register** on September 3, 2004 [Vol. 69, No. 171]. Public comments from the Emergency Clearance were incorporated into the proposed information collection.

#1 Type of Information Collection Request: Regular, Extension of a currently approved collection;

Title of Information Collection: SF–424 Research & Related (R&R);

Form/OMB No.: OS–4040–0001.

Use: The SF–424 (R&R) will become the government-wide data set for research grant applications. Federal agencies and grant applicants will use the standard data set and definitions for paper and electronic research grants applications. The standard data set will become the common Federal data set for research grant applications, replacing numerous agency data sets and reducing the administrative burden placed on the research grants community. The data set provides information to assist Federal

program staff and grants officials in assessing the adequacy of applicant's proposals to accomplish project objectives and determine whether the business aspects of grants applications reflect program needs and grants policies. Federal agencies will not be required to collect all of the information included in the proposed data set. The agency will identify the data that must be provided by applicants through instructions that will accompany the application forms.

Determination and Declaration Regarding Emergency Use of Anthrax Vaccine Adsorbed for Prevention of Inhalation Anthrax

AGENCY: Office of the Secretary (OS), HHS.

ACTION: Notice.

SUMMARY: The Secretary of the Department of Health and Human Services is issuing this notice pursuant to section 564(b)(4) of the Federal Food, Drug, and Cosmetic Act to justify the emergency use of Anthrax Vaccine Adsorbed (AVA) for prevention of inhalation anthrax. The Secretary provides notice of the determination of the Department of Defense that there is a significant potential for a military emergency involving a heightened risk to United States military forces of attack with anthrax. The determination of the Department of Defense was effective as of December 10, 2004. The Secretary also provides notice that, on the basis of such determination, he has declared an emergency justifying the authorization of the emergency use of AVA.

DATES: This Notice and the referenced declaration are effective as of January 14, 2005.

FOR FURTHER INFORMATION CONTACT: Stewart Simonson, Assistant Secretary for Public Health Emergency Preparedness, (202) 205–2882.

SUPPLEMENTARY INFORMATION:

I. Background

AVA was first licensed by the National Institutes of Health in November 1970. Upon the delegation of vaccine regulation to FDA in 1972, FDA undertook a comprehensive review of the safety, effectiveness, and labeling of all vaccines. *See* 21 CFR 601.25. Under this review, independent advisory panels evaluated the safety and effectiveness data of vaccines to assure that they met appropriate standards. The advisory panel that reviewed AVA concluded that it is safe, effective, and not misbranded, and FDA issued a proposal to adopt the panel's recommendation (the Bacterial Vaccines
