I. Television Construction Permits in Auction No. 64

A. Open Construction Permits

1. By the *Auction No. 64 Comment Public Notice*, the Wireless Telecommunications Bureau and the Media Bureau (collectively referred to as the Bureaus) announce that the ten construction permits listed in Attachment A of the *Auction No. 64 Comment Public Notice* as open are available to any interested party. Long-form applications (FCC Forms 301) were filed previously for some of these stations. The pending applications for these stations are listed in Attachment A of the *Auction No. 64 Comment Public Notice*. Any party filing for a station with a pending application should understand that it is likely that its application will be mutually exclusive with the previously-filed application. Even if there is no pending long-form application for a station listed in Attachment A of the *Auction No. 64 Comment Public Notice*, applicants specifying the same construction permit will be considered mutually exclusive for auction purposes. Once mutual exclusivity exists for auction purposes, even if only one applicant for the same construction permit in Auction No. 64 submits an upfront payment, that applicant is required to submit a bid in order to obtain the construction permit. Any applicant that submits a short-form application that is accepted for filing but fails to timely submit an upfront payment will retain its status as an applicant in Auction No. 64 and will remain subject to the Commission's anti-collusion rule, 47 CFR 1.2105(c), but, having purchased no bidding eligibility, will not be eligible to bid.

2. The Commission's competitive bidding rules will be used to select among mutually exclusive applicants for these 10 construction permits in Auction No. 64. Those wishing to participate in the auction, including those entities listed in Attachment A of the *Auction No. 64 Comment Public*
