In addition, NASD is proposing to delete certain unnecessary rule text contained in footnote one relating to a Nasdaq pilot program expanding the operation of certain Nasdaq transaction and quotation reporting systems and facilities during the period from 4 p.m. to 6:30 p.m. eastern time. This Nasdaq pilot program became a permanent program in 2003 and this footnote text inadvertently was not deleted as part of the rule filing making the pilot permanent.⁸ Finally, NASD no longer refers to itself or its subsidiary, NASD Regulation, Inc., using its full corporate name, "the Association," "the NASD" or "NASD Regulation, Inc." Instead, NASD uses "NASD" unless otherwise appropriate for corporate or regulatory reasons. Accordingly, the proposed rule change replaces several references to "Association" in the text of the proposed rule change with "NASD."

2. Statutory Basis

NASD believes that the proposed rule change, as amended, is consistent with the provisions of section 15A(b)(6) of the Act,⁹ which requires, among other things, that NASD's rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. NASD believes that the proposed rule change, as amended, will improve treatment of customer limit orders and enhance the integrity of the market.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to

90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51233; File No. SR-NASD-2005-017]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto Regarding Modifications to the Nasdaq Opening Process For Nasdaq-Listed Stocks

February 18, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 25, 2005, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Nasdaq. On February 15, 2005, Nasdaq amended the proposed rule change ("Amendment No. 1").³ Nasdaq has designated the proposed rule change as "non-controversial" under Section 19(b)(3)(A) of the Act⁴ and Rule 19b-4(f)(6) thereunder,⁵ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq is filing the proposed rule change, as amended, to extend a current pilot program until April 30, 2005, during which time Nasdaq will continue

to reject the entry of Total Day Orders prior to 9:25 a.m. The pilot rule language under NASD Rule 4701(ss)(2) was established on November 3, 2004, and is effective through February 2, 2005.⁶ This proposal would extend the pilot language under Rule 4701(ss)(2) without change through April 30, 2005. Therefore, there is no proposed rule language contained in this proposal.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change, as amended, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is proposing to extend through April 30, 2005, a pilot designed to address a harmful unintended consequence of the Modified Nasdaq Opening. Specifically, upon implementing the improved pre-opening trading environment set forth in Rule 4704(b), Nasdaq identified a harmful unintended consequence of the Modified Opening Process ("MOP") by which Nasdaq establishes its opening order book and unlocks and uncrosses the market. As described in SR-NASD-2004-071, firms have three options for determining the price at which their carryover quotes are opened at 9:25: (1) The last quotation price entered during the previous day; (2) the last quotation price the firm enters after 7:30 and before 9:25 a.m.; or (3) the quote limits for Nasdaq, currently \$.01 (bid) and \$2,000 (ask).⁷ Many Nasdaq participants have programmed their quotation management systems to select the first option, carrying over the final quotation entered during the previous trading day. At the same time, a small number of firms have entered X Orders into Nasdaq's system that cross the market

by a significant amount, in some cases by as much as 20 dollars. When Nasdaq applies the MOP, which automatically executes orders that would cross the market, the system executes those X Orders that are significantly away from the market against the stale carryover quotations of other members resulting in inferior executions.

To address this situation quickly, Nasdaq changed the pre-opening trading environment for a pilot period ending February 2, 2005.⁸ Specifically, Nasdaq moved the beginning entry time for X Orders from 7:30 a.m. to 9:25 a.m. As a result, X Orders do not participate in the market opening process described in Rule 4704(b), which begins at 9:25 a.m., eliminating the risk of X Orders automatically executing against a stale quote during that process. Nasdaq believes that that change was necessary and sufficient to address quickly the harmful unintended consequence described above and to preserve a fair and orderly opening of trading in Nasdaq. It is important to note that participation in pre-opening trading is completely voluntary on firms' part, that the actual opening of the market and concomitant market maker obligations would continue to begin at 9:30 a.m. as is the case today.

Nasdaq proposes to extend the pilot through April 30, 2005, while the Commission considers Nasdaq's proposed permanent solution to this issue. On January 25, 2005, Nasdaq filed a proposal to make three changes to the opening process: (1) Applying the Market Opening Process at 8 a.m. rather than 9:25 as currently approved; (2) extending the availability of Total Day and Total Immediate or Cancel Orders to 8 a.m. from 9:25, and adding the availability of Total Good-till-Canceled Orders during the same period; and (3) establishing a system default that protects market participants from unexpected executions upon the opening of Nasdaq's execution functionality at 8 a.m.⁹ According to Nasdaq, these modifications would provide a more efficient long-term solution, but they would take longer to implement than simply rejecting X Orders until 9:25. Nasdaq believes it is imperative to address the situation quickly and to simultaneously pursue a long-term solution.

2. Statutory Basis

Nasdaq believes that the proposed rule change, as amended, is consistent with the provisions of Section 15A of

the Act,¹⁰ in general, and with Section 15A(b)(6) of the Act,¹¹ in particular, in that Section 15A(b)(6) requires, among other things, that a national securities association's rules be designed to protect investors and the public interest. Nasdaq believes that its current proposal is consistent with the NASD's obligations under these provisions of the Act because it would result in a more orderly opening for all Nasdaq stocks. The proposed rule change, as amended, would create a fair, orderly, and unified opening for Nasdaq stocks, prevent the occurrence of locked and crossed markets in halted securities, and preserve price discovery and transparency that is vital to an effective opening of trading.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change, as amended, would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Nasdaq neither solicited nor received written comments with respect to the proposed rule change, as amended.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change, as amended, does not:

(i) Significantly affect the protection of investors or the public interest;

(ii) Impose any significant burden on competition; and

(iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³ Nasdaq has requested that the Commission waive the five-day pre-filing notice requirement and the 30-day operative delay for "non-controversial" proposals, based upon a representation that the proposal is of the utmost importance to the fair and orderly operation of The Nasdaq Stock Market during the pre-opening trading period. The Commission believes that waiver of

the five-day pre-filing requirement and the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow Nasdaq to continue the pilot without interruption. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the National Association of Securities Dealers, Inc. To Modify Pricing for NASD Members Using the Nasdaq Market Center and Nasdaq's Brut Facility

February 17, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 1, 2004, the National Association of Securities Dealers, Inc. ("NASD"), through its subsidiary, The Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Nasdaq. Nasdaq has designated this proposal in part as one establishing or changing a due, fee or other charge imposed by the self-regulatory organization under Section 19(b)(3)(A)(ii)³ of the Act and Rule 19b-4(f)(2) thereunder,⁴ and in part as one concerned with the administration of a self-regulatory organization under Section 19(b)(3)(A)(iii)⁵ of the Act and

Rule 19b-4(f)(3) thereunder,⁶ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to modify the pricing for NASD members using the Nasdaq Market Center and Nasdaq's Brut Facility. Nasdaq states that it will implement the proposed rule change on February 1, 2005. The text of the proposed rule change is available on the NASD's Web site (<http://www.nasdaq.com>), at the NASD's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Consolidation of Fee Schedule for Nasdaq Market Center and Brut Facility. In November 2004, Nasdaq established a uniform fee schedule for transactions in Nasdaq-listed securities through the Nasdaq Market Center and Nasdaq's Brut Facility.⁷ Nasdaq is now proposing a uniform fee schedule for transactions in exchange-listed securities. Nasdaq states that, as is currently true for the Nasdaq Market Center, there will be no charge or credit associated with orders to buy or sell exchange-listed securities other than exchange-traded funds listed on the American Stock Exchange ("Amex-listed ETFs"), although Nasdaq is introducing a fee of \$0.004 per share executed for orders that are routed by Brut using an exchange's proprietary
