

issuing a work order with an EPA contractor or entering into an Interagency Agreement with the Corps of Engineers. It is GLNPO's goal to work with the non-Federal sponsors, other Federal agencies, other EPA program offices, state and local governments, and the public to implement the Legacy Act in order to clean up contaminated sediment sites throughout the Great Lakes, and ultimately begin delisting AOCs, under provisions of the Great Lakes Water Quality Agreement. Project management and oversight will be performed by GLNPO, in consultation with the USEPA Office of Water. Each project will have a GLNPO project manager who will convene a project management team consisting of representatives from the non-Federal sponsor, the EPA contractor, and appropriate project personnel and other involved stakeholders. The project agreement will not relieve any third party from any liability that may arise under CERCLA, RCRA, TSCA, or other Federal environmental statutes.

#### VI. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to OMB review. Because this action is not subject to notice and comment requirements pursuant to 5 U.S.C. 553(a)(2) and 553(b)(A), it is not subject to the Regulatory Flexibility Act (5 U.S.C. section 601 *et seq.*) or sections 202 and 205 of the Unfunded Mandates Reform Act of 1999 (UMRA) (Pub. L. 104-4). In addition, this action does not significantly or uniquely affect small governments. This action does not have Tribal implications, as specified in Executive Order 13175 (63 FR 67249, November 9, 2000). This action will not have federalism implications, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action is not subject to Executive Order 13211, "Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001), because it is not a significant regulatory action under Executive Order 12866. This action does not involve technical standards; thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This action does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before certain

actions may take effect, the agency promulgating the action must submit a report, which includes a copy of the action, to each House of the Congress and to the Comptroller General of the United States. Since this final action contains legally binding requirements, it is subject to the Congressional Review Act, and EPA will submit this action in its report to Congress under the Act.

#### Attachment A—Great Lakes Legacy Act Scoring Sheet

Project #:

Project Title:

Score the project for each evaluation criterion listed below, with higher scores representing a more favorable rating. Provide narrative rationale (4–5 sentences) for total score in the space provided.

1. Measurable environmental results/risk reduction is expected upon project completion, potential for delisting Areas of Concern, soundness of approach, reasonableness of costs, and probability of success. (0 = Low, 35 = High)  
Score \_\_\_\_\_

2. Project identified in Remedial Action Plan (RAP). (0 = Low, 5 = High)  
Score \_\_\_\_\_

3. Project will use an innovative approach, technology, or technique that may provide equivalent environmental benefits at a reduced cost or greater environmental benefit. (0 = Low, 5 = High)  
Score \_\_\_\_\_

4. Probability (based on best professional judgment) that remediation will occur not later than 1 year after the date of the receipt of funds for the project. (0 = Low, 5 = High)  
Score \_\_\_\_\_

5. The non-Federal sponsor will exceed the minimum non-Federal cost-share requirements for its respective project category (exceeds category target

by 10% = 4 points, 20% = 8 points, 30% = 12 points, and greater than 40% = 15 points; EPA will interpolate between these values if percentages differ from the above numbers).

Score \_\_\_\_\_

6. Project category (Category 1 = 35 points, Category 2 = 25 points, Category 3 = 15 points, and Category 4 = 5 points). Points will be apportioned for multiple-category projects.

Score \_\_\_\_\_

TOTAL SCORE \_\_\_\_\_

Provide Narrative Discussion

Dated: April 25, 2006.

[FAC 2005-09; Corrections; Docket FAR-2006-0020]

#### Federal Acquisition Regulation; Corrections

**AGENCIES:** Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Corrections.

**SUMMARY:** The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council are issuing corrections to FAR Case 2004-031, Fast Payment Procedures (Item IX), which was published in the **Federal Register** at 71 FR 20308 and 20309, April 19, 2006.

**DATES:** *Effective Date:* May 19, 2006.

**FOR FURTHER INFORMATION CONTACT:** The FAR Secretariat, Room 4035, GS Building, Washington, DC 20405, (202) 501-4755, for information pertaining to

status or publication schedules. Please cite FAC 2005-09; Corrections.

### Corrections

In the final rule document appearing in the issue of April 19, 2006:

1. On page 20308, third column, first paragraph under "Background," revise the second sentence to read "No comments were submitted and the rule is being converted to a final rule without change from the proposed rule."

### 52.213-1 [Corrected]

■ 2a. On page 20309, first column, at 52.213-1 revise the date of the clause to read "(MAY 2006)";

■ 2b. In the second column, in paragraph (e) revise the paragraph heading to read "FAST PAY container identification."

Dated: April 25, 2006.

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[Docket No. 060216045-6045-01; I.D. 042606A]

#### Fisheries of the Economic Exclusive Zone Off Alaska; Pacific Cod in the Bering Sea and Aleutian Islands

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; modification of a closure.

**SUMMARY:** NMFS is opening directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 meters (m)) length overall (LOA) using pot or hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to fully use the 2006 total allowable catch (TAC) of Pacific cod specified for catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), May 1, 2006, through 2400 hrs, A.l.t., December 31, 2006.

**FOR FURTHER INFORMATION CONTACT:** Josh Keaton, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the BSAI exclusive economic zone

according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI under § 679.20(d)(1)(iii) on April 7, 2006 (71 FR 18684, April 12, 2006).

NMFS has determined that as of May 1, 2006, approximately 254 metric tons of Pacific cod remain in the 2006 Pacific cod TAC allocated to catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI. Therefore, in accordance with §§ 679.25(a)(2)(i)(C) and (a)(2)(iii)(D), and to fully use the 2006 TAC of Pacific cod specified for catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI, NMFS is terminating the previous closure and is opening directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI. The opening is effective 1200 hrs, A.l.t., May 1, 2006, through 2400 hrs, A.l.t., December 31, 2006.

#### Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the Pacific cod fishery by catcher vessels less than 60 feet (18.3 m) LOA using pot or hook-and-line gear in the BSAI. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery; allow the industry to plan for the fishing season and avoid potential disruption to the fishing fleet as well as processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 14, 2006.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.25 and is exempt from review under Executive Order 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 26, 2006.

#### Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; reallocation.

**SUMMARY:** NMFS is reallocating the projected unused amount of Pacific cod from vessels using jig gear to catcher vessels less than 60 feet (18.3 meters (m)) length overall (LOA) using pot or hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). These actions are necessary to allow the 2006 B season total allowable catch (TAC) of Pacific cod to be harvested.

**DATES:** Effective May 1, 2006, through 2400 hrs, Alaska local time (A.l.t.), December 31, 2006.
