**AGENCY:** Department of Defense.

**ACTION:** Notice of Advisory Committee Meetings.

**SUMMARY:** The Defense Science Board Task Force on Software Assurance will meet in closed session on May 16, 2006; at Science Applications International Corporation (SAIC), 4001 N, Fairfax Drive, Arlington, VA. This meeting is to continue charting the direction of the study and assessing the current capabilities and vulnerabilities of DoD software.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will: Assess the risk that DoD runs as a result of foreign influence on its software and to suggest technology and other measures to mitigate the risk.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Public Law No. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meetings will be closed to the public.

**SUMMARY:** The Defense Science Board Task Force on Technology Vectors will meet in closed session on May 15 and 16, 2006; at Strategic Analysis, Inc. (SAI), 3601 Wilson Boulevard, Suite 500, Arlington, VA. This meeting will be a plenary meeting used to map the study's direction and begin discussion on what will be the Technology Vectors DoD will need for the 21st century.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will: Review previous attempts by DoD to identify critical technologies in order to derive lessons that would help illuminate the current challenge; identify the National Security objectives for the 21st century and the operational missions that U.S. military will be called upon to support these objectives; identify new operational capabilities needed for the proposed missions; identify the critical science technology, and other related enablers of the desired capabilities; assess current S&T investment plans' relevance to the needed operational capabilities and enablers and recommend needed changes to the plans; identify mechanisms to accelerate and assure the transition of technology into U.S. military capabilities; and review and recommend changes as needed, the current processes by which national security objectives and needed operational capabilities are used to develop and prioritize science, technology, and other related enablers, and how those enablers are then developed.

**Privacy Act of 1974; Notice of a Computer Matching Program**

**AGENCY:** Defense Manpower Data Center, Defense Logistics Agency, DoD.

**ACTION:** Notice a computer matching program.

**SUMMARY:** Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The DoD, as the matching agency under the Privacy Act is hereby giving notice to the record subjects of a computer matching program between the Department of Veterans Affairs (VA) and DoD that their records are being matched by computer. The purpose of this agreement is to verify an individual's continuing eligibility for VA benefits by identifying VA disability benefit recipients who return to active duty and to ensure that benefits are terminated if appropriate.
