

health IT and will be used to achieve the goal of developing seamless and secure electronic health records nationwide.

#### Methods of Collection

Participation in the Assessment will be fully voluntary and non-participation will have no affect on eligibility for, or receipt of, future AHRQ health services research support or on future opportunities to participate in research

or to obtain informative research results. In each of the 33 States and Puerto Rico, 15 meetings will be held with stakeholder groups. Each group will have approximately 25 participants who will represent providers of health services, entities supporting health delivery systems, public health agencies, patients, individual consumers, and consumer groups. During these stakeholder meetings, participants will discuss different

“scenarios” describing practical examples of health information exchanges (e.g., patient care, emergency/disaster response, payments, research, compliance with mandatory statutory reporting, law enforcement requests for information, etc.). The objective of these meetings is to identify and assess the affect of organization-level business policies and practices that promote or pose challenges to health information exchange.

#### ESTIMATED ANNUAL RESPONDENT BURDEN

Type of research activity	Number of respondents	Estimated time per respondent (hours)	Total burden hours
Stakeholder Meetings .....	12,750	3	38,250
Total .....	12,750	3	38,250

#### Estimated Costs to the Federal Government

Expenses (equipment, overhead, printing and support staff) will be incurred by AHRQ components as part of their normal operating budgets. No additional cost to the Federal Government is anticipated.

#### Request for Comments

In accordance with the above-cited Paperwork Reduction Act, comments on the AHRQ information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of functions of AHRQ, including whether the information will have practical utility; (b) the accuracy of the AHRQ's estimate of burden (including hours and cost) of the proposed collection of information; and (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Dated: June 2, 2006.

### Administration for Children and Families

#### Submission for OMB Review; Comment Request

*Title:* Relationship Quality Instrument  
for Mentoring Children of Prisoners  
Program.

*OMB No.:* New Collection.

*Description:* The Promoting Safe and  
Stable Families Amendments of 2001  
(Pub. L. 107-133) amended Title IV-B  
of the Social Security Act (42 U.S.C.  
629-629e) to provide funding for  
nonprofit agencies that recruit, screen,  
train, and support mentors for children

with an incarcerated parent or parents.  
The Family and Youth Services Bureau  
(FYSB) of the Administration for  
Children and Families, United States  
Department of Health and Human  
Services, administers the Monitoring  
Children of Prisoners (MCP) program.  
The MCP program creates lasting, high-  
quality one-to-one mentoring  
relationships that provide young people  
with caring adult role models. The  
quality of these relationships is an  
important indicator of success in  
mentoring programs. Previous research  
has shown an association between high-  
quality mentoring relationships and  
positive changes in youth behavior  
associated with positive youth benefits,  
such as improved school attendance,  
reductions in risk behavior, and other  
benefits.

The Relationship Quality Instrument  
consists of 15 rigorously field-tested  
questions<sup>1</sup> about the relationship, plus  
several questions that establish context  
(age, gender, duration of relationship  
and frequency of contacts, etc.). The  
answers to the questions help assess

how satisfied the youth (mentee) is with  
the relationship; whether the mentee is  
happy in the relationship; whether the  
mentee trusts the mentor; and whether  
the mentor has helped the mentee to  
cope with problems. Researchers in the  
field of mentoring have tested and  
validated the questions.

FYSB requires grantees receiving  
funding to provide information that can  
be used to evaluate outcomes for  
participating children. FYSB will use  
the information provided by the  
instrument to assure effective service  
delivery and program management and  
to guide the development of national  
monitoring and technical assistance  
systems. Finally, FYSB will use data  
from this collection for reporting  
program outcomes to Congress in the FY  
2006 Performance Report during the  
budget process and as the basis for  
outcome evaluation of the program over  
the long term.

*Respondents:* Public, community- and  
faith-based organizations receiving  
funding to implement the MCP program.

#### ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Relationship Quality Instrument for Men- toring Children of Prisoners Program.	215 MCP grantees serving a total of ap- proximately 25,000 children in the active annual caseload.	1	116 (average caseload for MCP grantee).	24,940.

*Estimated Total Annual Burden  
Hours:* 24,940.

*Additional Information:* Copies of the  
proposed collection may be obtained by  
writing to the Administration for  
Children and Families, Office of  
Administration, Office of Information  
Services, 370 L'Enfant Promenade, SW.,

*OMB Comment:* OMB is required to  
make a decision concerning the  
collection of information between 30  
and 60 days after publication of this  
document in the **Federal Register**.  
Therefore, a comment is best assured of  
having its full effect if OMB receives it  
within 30 days of publication. Written  
comments and recommendations for the  
proposed information collection should  
be sent directly to the following: Office

#### Proposed Information Collection Activity; Comment Request

##### Proposed Projects

*Title:* Evaluation of the Head Start  
Region III I am Moving, I am Learning  
(IM/IL) Program.

*OMB No.:* New Collection.

*Description:* The purpose of this  
evaluation is to examine the  
implementation of the Head Start  
project *I am Moving, I am Learning* (IM/

IL) as a preventive intervention targeting  
obesity in children. IM/IL was designed  
to fit within the Head Start Performance  
Standards and the Head Start Child  
Outcomes Framework through  
enhancements to current teaching and  
family support practices by providing  
more focused guidance on quality  
movement, gross and fine motor  
development, and child nutrition.

This data collection will be conducted  
among programs implementing IM/IL in  
Region III and will gain information  
about each site's program context and  
service components, including level of  
adoption of IM/IL enhancements,  
intensity of implementation, and  
sustainability of enhancements.  
Outcomes and goals of the IM/IL  
program that can be measured will also  
be assessed.

*Respondents:* Head Start directors,  
management teams, teachers, and staff  
in Region III that received IM/IL  
training; parents or guardians of  
children who attend Head Start
