

opinion. NMFS will determine whether the effects of the proposed activity are consistent with the findings of that biological opinion, and, accordingly, NMFS will decide whether an Incidental Take Statement under section 7 of the ESA will be issued prior to making a final determination of issuing the IHA.

National Environmental Policy Act (NEPA)

On February 5, 1999 (64 FR 5789), the Environmental Protection Agency (EPA) noted the availability of a Final Environmental Impact Statement (Final EIS) prepared by the U.S. Army Corps of Engineers under NEPA on Beaufort Sea oil and gas development at Northstar. NMFS was a cooperating agency on the preparation of the Draft and Final EISs, and subsequently, on May 18, 2000, adopted the Corps' Final EIS as its own document. That Final EIS described impacts to marine mammals from Northstar construction activities, which included vessel traffic similar to the currently proposed action by FEX. Because the barging activity discussed in the Final EIS is not substantially different from the proposed action by FEX, and because no significant new scientific information or analyses have been developed in the past several years significant enough to warrant new NEPA documentation, no additional NEPA analysis is required.

Preliminary Conclusions

NMFS has preliminarily determined that the short-term impact of conducting a barging operation between West Dock, Prudhoe Bay and either Cape Simpson or Point Lonely, in the U.S. Beaufort and associated activities will result, at worst, in a temporary modification in behavior by certain species of whales and pinnipeds. While behavioral modifications may be made by these species to avoid the resultant noise or visual cues from the barging operation, this behavioral change is expected to have a negligible impact on the survival and recruitment of marine mammal stocks.

While the number of potential incidental harassment takes will depend on the year-to-year distribution and abundance of marine mammals in the area of operations, due to the distribution and abundance of marine mammals during the projected period of activity and the location of the proposed activity, the number of potential harassment takings is estimated to be small. In addition, no take by injury and/or death is anticipated, and there is no potential for temporary or permanent hearing impairment as a result of the

activities. No rookeries, mating grounds, areas of concentrated feeding, or other areas of special significance for marine mammals occur within or near the barge transit route.

The principal measures undertaken to ensure that the barging operation will not have an adverse impact on subsistence activities are a CAA between FEX, the AEWC and the Whaling Captains Association; a Plan of Cooperation; and an operation schedule that avoids barging operations during the traditional bowhead whaling season as much as possible.

Proposed Authorization

NMFS proposes to issue an IHA for the harassment of marine mammals incidental to FEX conducting a barging operation from West Dock Causeway, Prudhoe Bay Alaska, through the U.S. Beaufort Sea to either Cape Simpson or Point Lonely. This proposed IHA is contingent upon incorporation of the previously mentioned mitigation, monitoring, and reporting requirements. NMFS has preliminarily determined that the proposed activity would result in the harassment of small numbers of bowhead whales, beluga whales, ringed seals, bearded seals and spotted seals; would have no more than a negligible impact on these marine mammal stocks; and would not have an unmitigable adverse impact on the availability of marine mammal stocks for subsistence uses.

Information Solicited

NMFS requests interested persons to submit comments and information concerning this proposed IHA and the application for regulations request (see **ADDRESSES**).

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene one public meeting of the Ad Hoc Shrimp Effort Working Group (SEWG).

DATES: The SEWG meeting will convene at 9 a.m. on Wednesday June 28, 2006 and conclude no later than 3 p.m. on Thursday, June 29, 2006.

ADDRESSES: The meeting will be held at the National Marine Fisheries Service Galveston Laboratory, Building 216, 4700 Avenue U, Galveston, TX; telephone: (409) 766-3500.

Council address: Gulf of Mexico Fishery Management Council, 2203 North Lois Avenue, Suite 1100, Tampa, FL 33607.

FOR FURTHER INFORMATION CONTACT:

Assane Diagne, Economist, telephone: (813) 348-1630.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico Fishery Management Council (Council) will convene meetings of the Ad Hoc Shrimp Effort Working Group (SEWG) to begin evaluating shrimp effort in the Exclusive Economic Zone (EEZ) of the Gulf of Mexico. The working group, appointed by the Council during its March 2006, regular meeting, is charged with providing the Council with alternatives for determining the appropriate level of effort in the shrimp fishery in the EEZ. The group also will discuss the level of effort necessary to achieve optimum yield in the shrimp fishery and what level of effort would derive the maximum benefits of that fishery. The SEWG includes fishery biologists, economists and others knowledgeable about shrimp effort in the Gulf of Mexico.

Although other non-emergency issues not on the agenda may come before the SEWG for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during these meetings. Actions of the SEWG will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Copies of the agenda can be obtained by calling (813) 348-1630.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Tina Trezza at the Council (see **ADDRESSES**) at

least 5 working days prior to the meeting.

Dated: June 8, 2006.

Advisory Committee to the U.S. Section of the International Commission for the Conservation of Atlantic Tunas (ICCAT); Summer Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of meeting; correction.

SUMMARY: In preparation for the 2006 ICCAT meeting, the Advisory Committee to the U.S. Section to the International Commission for the Conservation of Atlantic Tunas (ICCAT) will have a summer meeting. There will be an open session the morning of Monday June 26, 2006, beginning at 9 am. The remainder of the meeting will be closed to the public.

DATES: The meeting will be held June 26-27, 2006.

ADDRESSES: The meeting will be held at the Hilton Hotel, 8727 Colesville Road, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Kelly Denit, Office of International Affairs, 301-713-2276.

SUPPLEMENTARY INFORMATION: The Advisory Committee to the U.S. Section to ICCAT will meet in an open session to consider information on stock status of highly migratory species. In a previous Federal Register Notice (71 FR 32526, June 6, 2006), NMFS indicated that the entire meeting would be in closed session. This notice announces that there will be an open session. After the open session the Advisory Committee to the U.S. Section to ICCAT will meet in a closed session to discuss sensitive information relating to upcoming international negotiations.

Special Accommodations

The meeting locations are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kelly Denit at

SUPPLEMENTARY INFORMATION

I. Abstract

Under the Inventors' Rights Act of 1999, as found in 35 U.S.C. 297 and implemented by 37 CFR part 4, the United States Patent and Trademark Office (USPTO) is required to provide a forum for the publication of complaints concerning invention promoters and responses from the invention promoters to these complaints. An individual may

submit a complaint concerning an invention promoter to the USPTO, which will forward the complaint to the invention promoter for response. The complaints and responses will be published and made available to the public on the USPTO Web site. The USPTO does not investigate these complaints or participate in any legal proceedings against invention promoters or promotion firms.

Complaints submitted to the USPTO must identify the name and address of the complainant and the invention promoter or promotion firm, explain the basis for the complaint, and include the signature of the complainant. The identifying information is necessary so that the USPTO can forward the complaint to the invention promoter or promotion firm and also notify the complainant that the complaint has been forwarded. Complainants should understand that the complaints will be forwarded to the invention promoter for response and that the complaint and response will be made available to the public as required by the Inventors' Rights Act. If the USPTO does not receive a response from the invention promoter, the complaint will still be published without the response. The USPTO does not accept complaints under this program if the complainant requests confidentiality.

This information collection includes one form, Complaint Regarding Invention Promoter (PTO/SB/2048), which is used by the public to submit a complaint under this program. This form is available for download from the USPTO Web site. Use of this form is not mandatory as long as the complaint includes the necessary information and is clearly marked as a complaint filed under the Inventors' Rights Act. There is no associated form for submitting responses to the complaints.

II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO.

III. Data

OMB Number: 0651-0044.

Form Number(s): PTO/SB/2048.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 100 responses per year.

Estimated Time Per Response: The USPTO estimates that it will take the public approximately 15 minutes (0.25 hours) to gather the necessary information, prepare the form, and submit the complaint to the USPTO and
