

and surf zone and amphibious vehicle and weapon testing/training activities would be submitted to the NMFS Southeast Regional Office (SERO) and the Office of Protected Resources by January 31 of each year.

(4) If any marine mammal or sea turtle is observed or detected to be deceased prior to testing, or injured or killed during live fire, a report must be made to the NMFS by the following business day.

(5) Any unauthorized takes of marine mammals (i.e., serious injury or mortality) must be immediately reported to the NMFS representative and to the respective stranding network representative.

ESA

Consultation under section 7 of the ESA on Eglin AFB activities was completed on December 17, 1998. On March 18, 2005, NMFS Southeast Regional Office received a letter from the U.S. Air Force (USAF), Eglin AFB, requesting initiation of formal consultation on all potential environmental impacts to ESA-listed species from all Eglin AFB mission activities on SRI and within the surf zone near SRI. These missions include the surf zone detonation and amphibious vehicle and weapon testing/training. A NMFS Biological Opinion issued on October 12, 2005, concluded that the surf zone and amphibious vehicle and weapon testing/training are unlikely to jeopardize the continued existence of species listed under the ESA that are within the jurisdiction of NMFS or destroy or adversely modify critical habitat. The proposed IHA to Eglin is a federal action; accordingly, prior to issuance of an IHA, NMFS will determine whether additional consultation is necessary.

NEPA

In March, 2005, the USAF prepared the *Santa Rosa Island Mission Utilization Plan Programmatic Environmental Assessment* (SRI Mission PEA). NMFS is reviewing this PEA and will either adopt it or prepare its own NEPA document before making a determination on the issuance of an IHA and rulemaking. A copy of Eglin's PEA for this activity is available upon written request (see **ADDRESSES**).

Preliminary Conclusions

NMFS has preliminarily determined that the surf zone and amphibious vehicle and weapon testing/training that are proposed by Eglin AFB off the coast of SRI, is unlikely to result in the mortality or serious injury of marine mammals (see Tables 2 and 3) and,

would result in, at worst, a temporary modification in behavior by marine mammals. While behavioral modifications may be made by these species as a result of these surf zone detonation and amphibious vehicle training activities, any behavioral change is expected to have a negligible impact on the affected species. Also, given the infrequency of these testing/training missions (maximum of once per year for surf zone detonation and maximum of twice per year for amphibious assault training involving live fire), there is no potential for long-term displacement or long-lasting behavioral impacts of marine mammals within the proposed action area. In addition, the potential for temporary hearing impairment is very low and would be mitigated to the lowest level practicable through the incorporation of the mitigation measures mentioned in this document.

Proposed Authorization

NMFS proposes to issue an IHA to Eglin AFB for conducting surf zone and amphibious vehicle and weapon testing/training off the coast of SRI in the northern GOM provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated. NMFS has preliminarily determined that the proposed activity is unlikely to result in serious injury or mortality to marine mammals; would have no more than a negligible impact on the affected marine mammal stocks; and would not have an unmitigable adverse impact on the availability of stocks for subsistence uses.

Information Solicited

NMFS requests interested persons to submit comments and information concerning this proposed IHA and Eglin's application for incidental take regulations (see **ADDRESSES**). NMFS requests interested persons to submit comments, information, and suggestions concerning both the request and the structure and content of future regulations to allow this taking. NMFS will consider this information in developing proposed regulations to authorize the taking.

Dated: June 16, 2006.

James H. Lecky,

*Director, Office of Protected Resources,
National Marine Fisheries Service.*

CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Requirements for Electrically Operated Toys and Children's Articles

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the **Federal Register** of April 4, 2006 (71 FR 16766), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information required in the Requirements for Electrically Operated Toys or Other Electrically Operated Articles Intended for Use by Children (16 CFR Part 1505). No comments were received in response to that notice. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change for three years from the date of approval by OMB.

The regulations in Part 1505 establish performance and labeling requirements for electrically operated toys and children's articles to reduce unreasonable risks of injury to children from electric shock, electrical burns, and thermal burns associated with those products. Section 1505.4(a)(3) of the regulations requires manufacturers and importers of electrically operated toys and children's articles to maintain records for three years containing information about: (1) Material and production specifications; (2) the quality assurance program used; (3) results of all tests and inspections conducted; and (4) sales and distribution of electrically operated toys and children's articles.

The records of testing and other information required by the regulations allow the Commission to determine if electrically operated toys and children's articles comply with the requirements of the regulations in Part 1505. If the Commission determines that products fail to comply with the regulations, this information also enables the Commission and the firm to: (i) Identify specific lots or production lines of products which fail to comply with applicable requirements; and (ii) notify distributors and retailers in the event those products are subject to recall.

Additional Information About the Request for Extension of Approval of a Collection of Information

Agency address: Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814.

Title of information collection: Requirements for Electrically Operated Toys or Other Electrically Operated Articles Intended for Use by Children, 16 CFR Part 1505.

Type of request: Extension of approval without change.

General description of respondents: Manufacturers and importers of electrically operated toys and children's articles.

Estimated number of respondents: 40.

Estimated average number of hours per respondent: 200 per year.

Estimated number of hours for all respondents: 8,000 per year.

Estimated cost of collection for all respondents: \$343,000.

Comments: Comments on this request for extension of approval of information collection requirements should be submitted by July 24, 2006 to (1) the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for CPSC, Office of Management and Budget, Washington, DC 20503; telephone: (202) 395-7340, and (2) the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814 by e-mail at cpsc-os@cpsc.gov, or by mail or by facsimile at (301) 504-0127.

Copies of this request for extension of the information collection requirements and supporting documentation are available from Linda Glatz, management and program analyst, Office of Planning and Evaluation, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone: (301) 504-7671.

Dated: June 19, 2006.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Safety Standard for Walk-Behind Power Lawn Mowers

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the *Federal Register* of March 28, 2006 (71 FR 15388), the Consumer Product Safety Commission

published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information required in the Safety Standard for Walk-Behind Power Lawn Mowers (16 CFR part 1205). No comments were received in response to this notice. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change for a period of three years from the date of approval by OMB.

The Safety Standard for Walk-Behind Power Lawn Mowers establishes performance and labeling requirements for mowers to reduce unreasonable risks of injury resulting from accidental contact with the moving blades of mowers. Certification regulations implementing the standard require manufacturers, importers and private labelers of mowers subject to the standard to test mowers for compliance with the standard, and to maintain records of that testing.

The records of testing and other information required by the certification regulations allow the Commission to determine that walk-behind power mowers subject to the standard comply with its requirements. This information also enables the Commission to obtain corrective actions if mowers fail to comply with the standard in a manner that creates a substantial risk of injury to the public.

Additional Information About the Request for Extension of Approval of a Collection of Information

Agency address: Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814.

Title of information collection: Safety Standard for Walk-Behind Power Lawn Mowers, 16 CFR Part 1205.

Type of request: Extension of approval without change.

General description of respondents: Manufacturers, importers, and private labelers of walk-behind power lawn mowers.

Estimated number of respondents: 20.

Estimated average number of hours per respondent: 390 per year.

Estimated number of hours for all respondents: 7,800 per year.

Estimated cost of collection for all respondents: \$334,000.

Comments: Comments on this request for extension of approval of information collection requirements should be submitted by July 24, 2006 to (1) the Office of Information and Regulatory

Affairs, Attn: OMB Desk Officer for CPSC, Office of Management and Budget, Washington DC 20503; telephone: (202) 395-7340, and (2) the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, by e-mail at cpsc-os@cpsc.gov, or by mail or by facsimile at (301) 504-0127.

Copies of this request for extension of the information collection requirements and supporting documentation are available from Linda Glatz, management and program analyst, Office of Planning and Evaluation, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone: (301) 504-7671.

Dated: June 19, 2006.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[IC06-500-001, FERC 500]

Commission Information Collection Activities, Proposed Collection; Comment Request; Extension

June 16, 2006.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice.

SUMMARY: In compliance with the requirements of section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507, the Federal Energy Regulatory Commission (Commission) has submitted the information collection described below to the Office of Management and Budget (OMB) for review and extension of this information collection requirement. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. The Commission received no comments in response to an earlier *Federal Register* notice of March 30, 2006 (71 FR 16132-16133) and has made this notation in its submission to OMB.

DATES: Comments on the collection of information are due by July 28, 2006.

ADDRESSES: Address comments on the collection of information to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Federal Energy Regulatory Commission Desk Officer. Comments to
