SUPPLEMENTARY INFORMATION: Title:
Volunteers-In-Parks Program
Assessment.

Bureau Form Number: None.

OMB Number: 1024-xxxx.

Expiration Date: To be requested.

Type of Request: Request for new clearance.

Description of Need: This survey is needed to survey NPS volunteers to assess the Volunteers-In-Parks (VIP) program effectiveness. The NPS VIP program is authorized by the Volunteers in the Parks Act of 1969 as originally enacted was Public Law 91-357. Volunteering is an American tradition that over the years has made an immeasurable contribution to communities, organizations, and individuals throughout the country. Volunteers are vital to the success of the National Park Service. The Volunteers-In-Parks program can accept and use voluntary help and services from the public, in a way that is mutually beneficial to the NPS and the volunteer. In FY2005, 137,000 volunteers donated 5.2 million hours of service to their national parks at a value of \$91.2 million. VIPs come from every state and many different countries to help preserve and protect America's natural and cultural heritage for the enjoyment of this and future generations. Over the past 35 years, this program has consistently grown to become one of the government's largest, most successful volunteer programs. Between FY2003 and 2004, the program experienced its biggest increase in history. The number of VIPs increased by 14% and the number of hours by 11%. In order to effectively manage the increasing trend of volunteerism in the National Park Service, it is imperative that the organization assesses its strengths and weaknesses and determines methods for improved efficiency. A servicewide volunteer program assessment has not been conducted to date. Both paid staff and volunteers will be surveyed during this process to collect information about the current status and needs of the program. Recommendations for improvements will be made based on the findings. This process will not only aid in creating a improved, streamlined program, but may also serve as a model for other Federal agencies.

AGENCY: U.S. International Trade Commission.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on February 13, 2003, based on a complaint filed by Deere & Company ("Deere") of Moline, Illinois. 68 FR 7388 (February 13, 2003). The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, sale for importation, and sale within the United States after importation of certain agricultural vehicles and components thereof by reason of infringement and dilution of U.S. Registered Trademarks Nos. 1,254,339; 1,502,103; 1,503,576; and 91,860.

On August 27, 2003, the Commission issued notice that it had determined not to review Order No. 14, granting complainant's motion to amend the complaint and notice of investigation to add U.S. Trademark Registration No. 2,729,766.

On November 14, 2003, the Commission issued notice that it had determined not to review Order No. 29, granting complainant's motion for summary determination that complainant had met the technical prong of the domestic industry requirement.

Twenty-four respondents were named in the Commission's notice of investigation. Several of these were terminated from the investigation on the basis of consent orders. Several other respondents were found to be in default.

On January 13, 2004, ALJ issued his final initial determination ("ID") finding a violation of section 337. He also recommended the issuance of remedial orders. Two groups of respondents petitioned for review of the ID. Complainant and the Commission investigative attorney ("IA") filed oppositions to those petitions.

On March 30, 2004, the Commission issued notice that it had decided not to

review the ID and set a schedule for written submissions on remedy, the public interest, and bonding. Complainant, respondents, and the IA timely filed such submissions.

After consideration of the relevant portions of the record in this investigation, including the ALJ's recommended determination, the written submissions on remedy, public interest, and bonding, and the replies thereto, the Commission determined to issue (1) a general exclusion order prohibiting the unlicensed entry for consumption of European version self-propelled forage harvesters manufactured by or under the authority of Deere & Co. which infringe any of the asserted trademarks, (2) a limited exclusion order prohibiting the unlicensed entry for consumption of European version telehandlers manufactured by or under the authority of Deere & Co. which infringe any of the asserted trademarks, (3) a limited exclusion order prohibiting the unlicensed entry for consumption of agricultural tractors which infringe one or more of U.S. Registered Trademarks Nos. 1,254,339; 1,502,103; and 1,503,576, (4) cease and desist orders to respondents Davey-Joans Tractor & Chopper Supermarket, Bourdeau Bros., Co-Ag LLC, J & T Farms, OK Enterprises, and Stanley Farms, prohibiting activities concerning the importation and sale of European version self-propelled forage harvesters manufactured by or under the authority of Deere & Co. which would constitute infringement of any of the asserted trademarks, and (5) cease and desist orders to respondents SamTrac Tractor & Equipment, Pacific Avenue Equipment, Task Master Equipment LLC/Tractors Etc., China America Imports, and Lenar Equipment, LLC prohibiting activities concerning the importation and sale of agricultural tractors which would constitute infringement of one or more of U.S. Registered Trademarks Nos. 1,254,339; 1,502,103; and 1,503,576.

The Commission also determined that the public interest factors enumerated in section 337(d) did not preclude the issuance of the aforementioned remedial orders and that the bond during the Presidential review period should be 90 percent of the entered value of the articles in question.

On September 14, 2004, certain respondents, including Bourdeau Bros., Sunova Implement Co., and OK Enterprises appealed the Commission's final determination to the U.S. Court of Appeals for the Federal Circuit ("Federal Circuit"). On March 30, 2006, the Federal Circuit issued its decision in
